### COLLEGE OF MEDICINE AND SCHOOL OF NURSING
#### CALENDAR

**1950-51**

**FIRST SEMESTER**

- **September 5**, Tuesday—Registration, Freshmen, Seniors
- **September 6**, Wednesday—Registration, Juniors; Senior classes begin
- **September 6-9**, Wednesday to Saturday—Orientation, Freshmen and Juniors, Medical Examinations
- **September 7**, Friday—Registration, Sophomores
- **September 11**, Monday—Freshmen, Sophomores, Juniors classes begin
- **September 14-21**, Thursday to Thursday—Registration, Graduate students
- **November 4**, Saturday—Last day of first eight weeks
- **November 18**, Saturday—Last day of first period senior classes
- **November 20 and 21**, Monday and Tuesday—Examinations, Seniors
- **November 21**, Tuesday—End of first period, Seniors
- **November 22-27**, 8 a.m. Wednesday to 8 a.m. Monday—Thanksgiving Vacation
- **November 27**, Monday—Second period begins, Seniors
- **December 21—January 3, 1951**, 8 a.m. Thursday to 8 a.m. Wednesday—Christmas Vacation
- **January 20**, Saturday—First semester classes end for Freshmen, Sophomores and Juniors
- **January 22-25**, Monday thru Thursday—Final Examinations for Freshmen, Sophomores and Juniors
COLLEGE OF MEDICINE
AND SCHOOL OF NURSING
CALENDAR

SECOND SEMESTER

January 26, Friday—Registration, Freshmen, Sophomores and Juniors
January 29, Monday—Freshmen, Sophomores and Juniors classes begin
January 29-February 3, Monday to Saturday—Registration, Graduate students
February 27, Tuesday—Second senior period ends
February 28, Wednesday—Third senior period begins
March 23, Friday—End of first eight weeks
March 23-28, 8 a.m. Friday to 8 a.m. Wednesday—Spring Vacation
April 28, Saturday—Premedic Day
May 22, Tuesday—Last day of third period senior classes
May 23 and 24, Wednesday and Thursday—Examinations, Seniors
May 24, Thursday—End of third period, seniors
May 26, Saturday—COMMENCEMENT, Last day of classes for Sophomores, Freshmen and Juniors
May 28–June 2, Monday thru Saturday—Final Examinations
ADMINISTRATION

The Board of Regents

Term Expires

Stanley D. Long, Grand Island ........................................... January 1951
Frank M. Johnson, Lexington ............................................. January 1951
George Liggett, Utica ...................................................... January 1953
Charles Y. Thompson, West Point ....................................... January 1953
Robert W. Devoe, Lincoln, President .................................. January 1955
James Leroy Welsh, Omaha ................................................ January 1955
John Kent Selleck, Lincoln, Corporation Secretary

The University

Reuben Gilbert Gustavson, Ph.D., D.Sc., L.H.D., Chancellor of the University.
Carl Williams Borgmann, B.Sc. (Ch.E.), Ph.D., Dean of the Faculties.
Harold Charles Lueth, Ph.D., M.D., Dean of the College of Medicine and
Superintendent of the University Hospital.
Charles William McCorkle Poynter, B.Sc., M.D., Dean of the College of
Medicine, Emeritus.
Charles Henry Oldfather, Ph.D., LL.D., Dean of the College of Arts and
Sciences.
George Walter Rosenlof, Ph.D., LL.D., Registrar, University Examiner, and
Director of Admissions. (Secretary of the Faculties.)
Theos Jefferson Thompson, Ph.D., LL.D., Dean of Student Affairs.
Marjorie Willard Johnston, M.A., Dean of Women.

School of Nursing

Officers of Administration and Instruction

Irma Maurine Kyle, R.N., B.S., S.M., Director of School and Professor of Nursing.
Hilda L. Helmke, R.N., B.S., Assistant to the Director, Assistant Professor of Nursing
and Instructor in Nursing Arts.
Myra Tucker, R.N., Assistant Director and Professor of Nursing, Emeritus.
Mercedes Marie Breen, R.N., B.Sc., Assistant Professor of Nursing.
Lucille Canwell, R.N., B.A., M.A., Assistant Professor of Nursing, Instructor in Pediat-
rics.
Helen Mae Danielson, R.N., Associate in Surgical Nursing.
Helen Erickson, R.N., Associate in Nursing and Superintendent of Dispensary.
Kathryn Grace Koons, R.N., Associate in Obstetrical and Gynecological Nursing.
Vera Frances Warner, R.N., B.Sc., M.A., Assistant Professor of Nursing.
Lola Ethel Williams, R.N., B.Sc., Assistant Professor of Nursing.
Carol Lois Bornemeier, R.N., Instructor in Clinical Pediatric Nursing.
Edna P. Braun, R.N., Instructor in Public Health Nursing and Supervisor in Prenatal
and Infant Clinics.
Emma Mathilda Brock, R.N., Instructor in Clinical Nursing and Afternoon Supervisor
of Nursing Service.
Adelino Rebecca Cornelius, R.N., Instructor in Clinical Nursing, Assistant Superin-
tendent of Dispensary.
Leila Fraser, R.N., Instructor in Psychiatric Nursing.
Elizabeth Kentopp, R.N., B.Sc., Instructor in Clinical Obstetrical and Gynecological
Nursing.
Bernita Lewis, R.N., Assistant Instructor in Clinical Nursing and Assistant Evening
Supervisor.
Velma Mason, R.N., Instructor in Clinical Surgical Nursing.
Ardith Reese, R.N., Assistant Night Supervisor.
Dorothy Shannon, R.N., B.S., Instructor in Clinical Nursing.
Avis Scholder, R.N., B.S., Assistant Professor of Psychiatric Nursing.
Audrey Smith, R.N., Assistant Instructor in Clinical Nursing.
OFFICERS OF ADMINISTRATION AND INSTRUCTION

Marjorie Uren, R.N., Instructor in Clinical Surgical Nursing, Operating Rooms.
Marion Vuylsteek, R.N., Assistant Instructor in Clinical Surgical Nursing.
Mary Opal Wolanin, R.N., Assistant Instructor in Nursing Arts.
Carolyn Woods, R.N., B.Sc., Instructor in Clinical Medical Nursing.
Elaine Zidko, R.N., Instructor in Clinical Medical Nursing.

Assistant in Administration

Mary Converse, B.A., Medical Record Librarian.
Harriet Carter, Secretary to the Director of School of Nursing.
Edith C. Fowler, Director of Nurses Residence.
Edna Harvey, Assistant Director of Nurses Residence.
Bernice M. Hetzner, B.A., M.A., Librarian, College of Medicine.
Jane A. Morrow, Chief Secretary to the Director of School of Nursing.

Standing Committees

Administrative Committee
Subcommittees:
Committee on Records.
Committee on Counseling.

Clinical Instruction and Ward Teaching

Members of Other Faculties Who Give Instruction in the School

Payson Stone Adams, B.Sc. in Med., M.D., Assistant Professor of Urology.
John A. Altam, Ph.D., M.D., Assistant Professor of Neurology and Psychiatry.
Leland Clayton Albertson, A.B., M.D., Clinical Assistant in Internal Medicine.
Pliny Arunah Allen, B.Sc., M.D., Assistant Professor of Bacteriology and Pathology.
George Thomas Alliband, B.Sc., M.D., Instructor in Ophthalmology.
Maine C. Andersen, M.D., Assistant Professor of Internal Medicine.
Harley Eric Anderson, B.Sc. in Med., M.D., Assistant Professor of Obstetrics and Gynecology.
Lawrence Lloyd Anderson, A.B., M.D., Instructor in Surgery.
Stanley Monrad Bach, A.B., M.D., B.Sc. in Med., Instructor in Anatomy and Orthopedic Surgery.
Clarence Frederick Bantin, B.Sc., M.D., Instructor in Pediatrics.
Elmer William Bantin, B.Sc., M.D., Assistant Professor of Pediatrics.
Meyer Beber, B.Sc., Ph.D., M.D., Assistant Professor of Internal Medicine.
Arthur Lawrence Bennett, A.B., Ph.D., M.D., Professor of Physiology and Pharmacology.
Gordon Newall Best, B.Sc., M.D., Assistant Professor of Internal Medicine.
Rolland Russell Best, B.Sc., M.D., Assistant Professor of Anatomy and Professor of Surgery.
James Dewey Bisgard, A.B., M.D., Professor of Surgery.
Eugene Woodrow Black, B.Sc. in Med., M.D., Instructor in Pediatrics.
Robert Weston Boal, M.D., Professor of Military Science and Tactics.
John Grierson Brazer, A.B., M.D., Associate in Internal Medicine.
Herman Henry Brinkman, M.D., Clinical Assistant in Surgery.
Donald John Bucholz, A.B., M.A., M.D., Associate in Internal Medicine.
Olin James Cameron, M.S., M.D., Assistant Professor of Dermatology and Syphilology.
Louis Scott Campbell, B.Sc., M.D., Instructor in Orthopedic Surgery.
Oscar Caro, B.Sc., M.D., Clinical Assistant in Otorhinolaryngology.
Waldron Alvin Cassidy, A.B., M.D., Assistant Professor of Otorhinolaryngology and Consultant for Bronchoscopy.
George Leonard Clark, B.Sc., M.D., Assistant Professor of Pediatrics.
Augustus David Cloyd, A.B., M.D., Associate in Internal Medicine.
Robert Morris Cochran, B.Sc., M.D., Instructor in Surgery.
Robert Marshall Collins, B.Sc. in Med., M.D., Assistant Professor of Obstetrics and Gynecology.
Michael Crofoot, A.B., M.D., Instructor in Pediatrics.
SCHOOL OF NURSING

Edwin Davis, A.B., M.D., Professor of Urology. (Chairman of Department.)

Herbert Haywood Davis, A.B., M.D., Professor of Surgery. (Chairman of Department.)

James Allan Davis, B.Sc., M.D., Clinical Assistant in Urology.

John Calvin Davis, Jr., M.D., Associate Professor of Otorhinolaryngology. (Chairman of Department.)

Arthur L. Dunn, Assistant Professor of Research in Physiology and Pharmacology.

Frank Lowell Dunn, B.Sc., A.M., M.D., Professor of Internal Medicine and Associate Professor of Clinical Physiology.

Frank Lewis Eagle, M.D., Clinical Assistant in Ophthalmology.

Alfred George Ellick, Instructor in Medical Jurisprudence.

David Pressley Findley, M.D., Assistant Professor of Obstetrics and Gynecology.

Alister Ian Finlayson, M.A., M.D., Associate in Neurological Surgery.

Max Fleishman, M.D., Instructor in Internal Medicine.

Milo E. Foster, A.B., B.Sc., M.D., Assistant Professor of Pathology and Bacteriology.

Charles Frandsen, B.Sc., M.D., Associate in Internal Medicine.

Muriel Naomi Frank, A.B., M.D., Clinical Assistant in Anesthesiology.

Samuel Isaiah Fuenning, B.Sc., M.Sc., M.D., Clinical Assistant in Internal Medicine.

John Leo Gedgoud, B.Sc., M.D., Associate Professor of Pediatrics.

Harold Gifford, Jr., B.Sc. in Med., M.D., Associate Professor of Ophthalmology.

Arthur Morton Greene, M.Sc., M.D., Associate in Medicine.

Manuel Grodinsky, B.Sc., M.D., Associate Professor of Anatomy and Surgery.

Mildred Williams Henderson, Ph.D., Professor of Pathology and Bacteriology.

Lynn Thompson Hall, B.Sc., M.D., Professor of Clinical Medicine.

William Rudolph Hamsa, M.D., Assistant Professor of Orthopedics.

Ernest Wilberforce Hancock, A.B., M.D., Instructor in Pediatrics.

Charles Robert Hanks, A.B., M.D., Instructor in Internal Medicine.

Lyman Howard Heine, A.B., M.D., Instructor in Otorhinolaryngology.

Joseph Aloysius Hershey, B.Sc., M.D., Professor of Pediatrics.

Lloyd Vanier Hoffman, M.D., Associate in Surgery.

Edward Augustus Holyoke, Ph.D., M.D., Professor of Anatomy.

Wayne McKinley Hull, M.Sc., M.D., Associate in Internal Medicine.

Fred L. Humoller, B.Sc., Ph.D., Associate Research Professor in Chemical Physiology and Pharmacology.

Howard Beeman Hunt, A.M., M.D., Professor of Radiology and Physical Medicine. (Chairman of Department.)

Charles Gregory Ingham, M.D., Clinical Assistant in Neurology and Psychiatry.

Herbert Paul Jacob, Ph.D., A.B., M.Sc., Assistant Professor of Biochemistry.

Herman Millon Jahr, B.Sc., M.D., Professor of Pediatrics. (Chairman of Department.)

Herman Frank Johnson, M.D., Associate Professor of Orthopedics and Associate Professor of Surgery in Charge of Division of Fractures.

John Hewitt Judd, B.Sc., M.D., Professor of Ophthalmology. (Chairman of Department.)

J. Jay Keegan, A.M., M.D., Professor of Neurological Surgery.

John Charles Kennedy, M.A., M.D., Instructor in Surgery and Instructor in Anatomy.

Easley Joseph Kirk, A.M., M.D., Associate Professor of Internal Medicine.

Frank Joseph Klabenest, B.Sc. in Med., M.D., Instructor in Otorhinolaryngology.

James Robert Kouarik, M.D., Clinical Assistant in Obstetrics and Gynecology.

John Stephens Latia, Ph.D., Professor of Anatomy. (Chairman of Department.)

LeRoy William Lee, B.Sc. in Med., M.Sc., M.D., Assistant Professor of Urology.

Henry John Lehnhoff, Jr., A.B., M.D., Associate in Internal Medicine.

Robert Stanley Long, B.Sc., M.D., Instructor in Internal Medicine.

Robert Ellsworth Lougren, B.Sc., M.D., Clinical Assistant in Otorhinolaryngology.

Harold Charles Luehr, Ph.D., M.D., Professor of Medicine, Dean of the College of Medicine and Superintendent of University Hospital.

James Sylvester McAvoy, Ph.D., M.G., Associate in Radiology and Physical Medicine.

Joseph Daniel McCarthy, M.D., Associate Professor of Internal Medicine.

Henry Webber Fadden, A.B., M.D., Instructor in Pathology and Bacteriology.

Millard Blair McGee, A.B., B.Sc., M.D., Clinical Assistant in Neurology and Psychiatry.

Leon Steiner McGooan, A.B., M.D., Associate Professor of Obstetrics and Gynecology. (Secretary of Department.)

Archibald Ross Mcintyre, Ph.D., M.D., Professor of Physiology and Pharmacology. (Chairman of Department.)
Charles William McLaughlin, Jr., B.Sc. in Med., M.D., Associate Professor of Surgery.
Ernest Lynn MacQuiddy, A.B., M.D., Associate Professor of Medicine.
Morris Margolin, A.B., M.D., Assistant Professor of Internal Medicine.
Willson Bridges Moody, A.B., M.D., Associate Professor of Medicine.
Charles Franklin Moon, M.D., Assistant Professor of Obstetrics and Gynecology.
John Clyde Moore, Jr., A.B., B.Sc., M.D., Professor of Pediatrics.

Reuben Allyn Moser, A.B., M.D., Associate Professor of Internal Medicine, Director of Medical Clinic at the Dispensary, and Assistant Superintendent of University Hospital.

Floyd Joshua Murray, B.Sc., M.D., Associate in Surgery.
Oliver Clarke Nickum, A.B., M.D., Instructor in Medicine.
Frederick Wilhelm Niehaus, B.Sc., M.D., Professor of Medicine.
John Frederick Nilsson, M.D., Instructor in Surgery and Anatomy.
Charles Austin Owens, B.Sc., M.D., Associate Professor of Urology.

Robert Houston Rasgorshek, M.D., Assistant Professor of Ophthalmology.
John Philbrick Redwick, B.Sc., M.D., Assistant Professor in Obstetrics and Gynecology.

George Edwin Robertson, B.Sc. in Med., M.D., Associate Professor of Pediatrics.
Earl Akin Rogers, B.Sc., M.D., Instructor in Preventive Medicine.
Abraham Srol Rubnitz, A.B., M.D., Assistant Professor of Pathology.

Gilbert Lee Sandrlitz, M.D., Associate in Neurology and Psychiatry.
John Rudolph Schenken, B.Sc., M.D., Professor of Pathology and Bacteriology.
Rudolph Frederick Sievers, Ph.D., M.D., Instructor in Physiology and Pharmacology.
Eugene Earl Simmons, B.Sc., M.D., Assistant Professor of Internal Medicine.

Robert James Stearns, M.D., Clinical Assistant in Neurology and Obstetrics.
Walter David Sied, M.D., Clinical Assistant in Neurology and Psychiatry.

Richard Harte Young, M.S., M.D., Professor of Neurology and Psychiatry. (Chairman of Department.)

Charles Archibald Tompkins, B.Sc. in Med., M.D., Instructor in Pediatrics.
Donald Clay Vroman, B.Sc. in Med., M.D., Instructor in Obstetrics and Gynecology.

Chester Hill Waters, Jr., A.B., M.D., Assistant Professor of Orthopedics.

Robert Spencer Wigton, M.A., M.D., Associate Professor of Neurology and Psychiatry.
Violet Myrtle Wilder, A.B., M.A., Ph.D., Assistant Professor of Biochemistry.

Geoffrey Tipton, B.Sc. in Med., M.D., Clinical Assistant in Orthopedic Surgery.

James Perry Toilman, B.Sc. in Med., M.D., Professor of Clinical Pathology and Director of the School and Medical Technologists. (Chairman of Department of Pathology and Bacteriology.)

Charles Archibald Tompkins, B.Sc. in Med., M.D., Instructor in Pediatrics.
Donald Clay Vroman, B.Sc. in Med., M.D., Instructor in Obstetrics and Gynecology.

Chester Hill Waters, Jr., A.B., M.D., Assistant Professor of Orthopedics.

Robert Spencer Wigton, M.A., M.D., Associate Professor of Neurology and Psychiatry.
Violet Myrtle Wilder, A.B., M.A., Ph.D., Assistant Professor of Biochemistry.

Donald Jasper Wilson, A.B., B.Sc., M.D., Assistant Professor of Dermatology and Syphilology.

Willis Dean Wright, B.Sc., M.D., Associate in Medicine.
Raymond Joseph Wyrens, A.B., M.D., Associate in Medicine in Charge of Tropical Medicine.

George Alexander Young, Jr., M.D., Instructor in Internal Medicine.
Richard Harte Young, M.S., M.D., Professor of Neurology and Psychiatry, (Chairman of Department.)
SCHOOL OF NURSING

The University of Nebraska School of Nursing was established in October, 1917, by The Board of Regents of the University of Nebraska as a part of the College of Medicine. The immediate administration of the School of Nursing is provided through The Director and the faculty.

The objectives of the School of Nursing are:
1. To provide a professional program of instruction and experience which will prepare the individual nurse to give skillful, sympathetic, and intelligent nursing care;
2. To educate nurses who will have an appreciation of their responsibility to community health needs and an understanding of the social factors affecting health;
3. To develop in the individual nurse a desire for personal and professional growth and a feeling of professional responsibility.

Facilities for Instruction and Practice in Nursing

The facilities for instruction and practice in nursing include the classrooms and the laboratories of the School of Nursing and the College of Medicine; the library of the College of Medicine; the wards of the University Hospital; the clinics of the University Dispensary; the Douglas County Hospital for contagious diseases for nursing experience; and the Nebraska Psychiatric Unit for psychiatric experience in nursing.

Instruction in the various subjects outlined in the School of Nursing Curriculum is given by members of the School of Nursing faculty and the faculty of the College of Medicine.

The University Hospital.—The University Hospital, where the clinical experience of the students is obtained, is located on the campus of the College of Medicine. The faculty of the College of Medicine constitutes the staff of the hospital, with the result that the clinical instruction in each department is under the direction of specialists. It has a capacity of 209 beds, is general in character, and accommodates an active service in all of its departments. The service includes facilities for clinical instruction and ward practice in medicine, surgery, obstetrics, gynecology, orthopedics, pediatrics, psychiatry and neurology, pathology, radiology, urology, and in eye, ear, nose, and throat conditions.

The operating-room service, which averages about 200 operations a month, provides a valuable experience for the students in surgical technic. The admitting rooms and diet kitchens are also utilized for the instruction and experience of the students.

The University Dispensary.—The University Dispensary is used for the care of ambulatory patients. It offers varied clinical experience in all branches of medicine and surgery, in pediatrics, obstetrics, and psychiatry. There are also separate clinics for well babies, and classes for mothers. There is an out-call service which provides for general medical treatment, for the delivery of patients in the home, and in its problems, cooperates with the Visiting Nurse Association and other welfare agencies of the city. The School is utilizing more and more the clinical opportunities of this department as it increasingly emphasizes the social and economic aspects of disease and of health education.

Library.—The library of the College of Medicine, located in a wing of the hospital, contains more than 56,000 bound volumes and more than
25,000 pamphlets and reprints devoted to the subjects of medicine and nursing, and more than 460 standard medical and nursing periodicals. Provision is made for the addition to the library of important books, pamphlets, and periodicals, devoted not only to subjects of special interest in nursing, but to allied subjects, such as the social sciences, psychology, and education.

Books may be withdrawn at any time upon demand from the University Library at Lincoln, containing 400,000 volumes, and the Omaha Public Library.

Residence

Conkling Hall, is the residence of the students of the School of Nursing and is located on the medical college campus. It is equipped with class and demonstration rooms, a kitchenette, laundry, and sewing rooms for the use of the students, and well-appointed reception rooms. A large gymnasium provides a place for indoor athletics and recreation. Tennis courts afford an opportunity for outdoor activity.

The social and recreational programs are planned and directed by the Social Activities Committee. These activities include picnics, informal teas, dances, class and all-school parties, literary programs, a choral club, and gymnastic activities. The Alumnae Association and members of the Woman's Faculty Club also assist in making the social and home life attractive.

Alumnae Association

The University of Nebraska School of Nursing Alumnae Association was organized at the first annual banquet held on May 21, 1921, by the graduates of the classes of 1920 and 1921. The present membership numbers 350.

A Student Loan Fund was established in 1927. This fund is available, upon application to the Committee on Student Loans, to worthy junior and senior students in the School of Nursing. Individual applications are considered up to one hundred dollars. In 1939 the use of the Loan Fund was extended to graduates who may apply for aid up to two hundred dollars.

The Myra Tucker Library was established in 1946 to honor Miss Tucker who had resigned as Assistant Director of the School of Nursing following twenty-nine years' service. The Tucker Library is located on the first floor of Conkling Hall where it is easily accessible, both from the foyer and the dormitory proper. The purpose of this library is to provide reading material for student nurses, chiefly for recreation and relaxation. Current periodicals and books are added to the collection at regular intervals.

In 1947 the Charlotte Burgess Graduate Scholarship was established as a fitting tribute to Miss Burgess, founder and director of the School of Nursing for twenty-nine years. This scholarship of one hundred dollars, awarded at the annual banquet and homecoming of the Alumnae Association, is given to a graduate who is outstanding in professional interest and scholarship, in social and professional activities, and in her promise of professional growth. The first award of this scholarship was made on May 24, 1947.

The Nurse Reporter, official publication of the Alumnae Association, is issued quarterly to all active members. Other activities of the Alumnae Association include an Endowed Bed established in 1932; the selection of the school cape in 1933; the furnishing of a room in the Children's Hospital to honor Miss Josephine Chamberlin in 1946; the establishment and the maintenance of the Graduate Lounge located in Conkling Hall.
Student and Personnel Health Service

The Student and Personnel Health Service maintained by the College of Medicine, has supervision of the students' health. The Health Service is available for medical treatment of minor illnesses, medical advice, and health conferences. Students more seriously ill are cared for at the University Hospital except in instances where an illness requires hospitalization beyond thirty days. In such instances the student may be required to share expenses. In the event of continued illness, her nursing education may be temporarily or permanently terminated. The hospital is not responsible for any pathological conditions contracted by the student while serving in the various departments.

Dental work (with the exception of orthodontics, or third molar extraction) is included in the Student Health Service fee, however, students are expected to pay for the cost of their materials.

All entering students are required to pass satisfactorily a physical examination, are given a yearly examination thereafter, and a final examination before leaving the school. Students are immunized for Smallpox, Typhoid Fever, Diphtheria-Tetanus (and Scarlet Fever) after admission to the school. Tuberculosis tests are given on admission and thereafter as indicated.

Requirements for Admission

General.—Application blanks for admission may be obtained by writing to the Director of the School of Nursing, University Hospital, Omaha 5, Nebraska. Classes are admitted once a year, at the beginning of the Fall Semester of the University of Nebraska.

Applications and transcripts of record should be on file in the office of the Director of the School of Nursing at least one month before the opening of the semester for which admission is desired. Upon receipt of all forms and transcripts required for admission to the School of Nursing, the Committee on Admissions will consider the credentials of each applicant before final acceptance. Pre-entrance tests are required of each applicant before the Committee on Admissions decides concerning the acceptability of individual applicants.

Applicants for admission to the School of Nursing must give evidence of sound physical and mental health, and good character. They must be at least 18 and not more than 30 years of age.

Registration with the Department of Public Instruction is required of all students entering schools of nursing in Nebraska in order that they may be eligible for examination and licensure on the completion of their courses. Blanks for this purpose will be supplied to applicants.

Students are not accepted as transfers from other schools of nursing.

Students are admitted to the School of Nursing (a) as candidates for the degree of Graduate Nurse, (b) as candidates for the degrees of Bachelor of Science in Nursing and Graduate Nurse.

Five-Year Program.—The five-year combined curriculum in arts and sciences and nursing is planned to give the student an introduction to the general cultural subjects which are considered fundamental in any college course—English, history, foreign languages, a good foundation in the sciences, and, accordingly, to provide a broader background for the increasingly exacting demands on the nursing profession.

Students who register for the combined nursing and arts and sciences course must present the same entrance requirements as are required by the College of Arts and Sciences. (See Requirements for Admission.)
Two years of this program, preferably the first two, are taken in the College of Arts and Sciences, during which the student is required to complete a minimum program of 68 semester hours. The remaining three years are spent in the School of Nursing and are devoted to courses of theory and practice as outlined in the three-year nursing program. Elective and special courses in theory and practice may be arranged for students in the senior year.

Bachelor of Science in Nursing

Students offering two years’ work from an accredited college according to the following schedule, upon satisfactory completion of the work in the School of Nursing, may become candidates for the degree of Bachelor of Science in Nursing. This two-year academic program may precede or follow the three-year professional program.

Third, Fourth, and Fifth Years

Professional Courses

1. Students not eligible for Eng 3 must complete the six hours in composition with the sequence of Eng B, 1 and 2.
2. Courses 1 and 2 or 9 and 10 are recommended.
3. This requirement may be met by fulfilling the usual language requirement (group A) for graduation.
4. Recommended electives: English literature, sociology, psychology, economics, art, chemistry.
5. Zoöl 6 or Bio 1 and 2 may be substituted.
6. Physical Education requirement equivalent to two years or four semesters.
7. Zoöl 6 or Bio 1 and 2 may be substituted.
Three-Year Program.—Applicants for admission to the School of Nursing must meet the entrance requirements of the College of Arts and Sciences.

Graduates of accredited high schools may have full admission to freshman standing with 12 properly selected entrance units completed in the senior high school (grades 10, 11, 12) or with 15 entrance units on the four-year high school basis.

Six units from the senior high school shall be in the fields of English, foreign language, mathematics, natural sciences, and the social studies, with a minimum of two units in English, two in mathematics (one each of algebra and geometry or an equivalent combination of general mathematics, algebra and geometry), and two in a foreign language. One unit of foreign language and one unit of mathematics completed below grade 10, while not counting toward the six units in the five fields mentioned above, may be used in fulfilling the specific requirements in these fields.

Ideally, it is recommended that applicants present the following units of credit, a sequence of courses to include: 4 units of English, 2 units of a foreign language, 1 unit of algebra, 1 unit of geometry, 1 to 2 units of chemistry, physics or biology, and 2 units of social science.

An entrance unit indicates the work of five recitations a week, of 40 to 50 minutes each, for at least 36 weeks. In laboratory courses an entrance unit indicates three recitations and two double periods of laboratory work each week for at least 36 weeks. In laboratory courses without recitation, an entrance unit is the equivalent of 15 single periods each week.

Preference is given to applicants who ranked in the upper fourth of their high school classes and who present credentials for at least one year of acceptable college work.

Psychological Tests.—The Bureau of Instructional Research, University of Nebraska, gives a battery of tests to all entering students during registration week. Scores are used for guidance purposes throughout the course. The battery includes the following: (1) scholastic aptitude test, (2) English classification test, (3) reading test, (4) general mathematics, (5) study skills, (6) Strong's Vocational Interest.

Professional Program.—The professional curriculum covers a period of 36 months. It is divided into a preclinical period of 18 weeks, and a clinical period of 29 months, exclusive of vacations. The program is so planned as to give the student a good understanding of the basic sciences and of the principles and technics underlying good nursing care.

During the preclinical term the student spends the major portion of her time in the classrooms and laboratories of the College of Medicine and of the School of Nursing, where she receives instruction in the basic sciences and in the theory and practice of nursing. The program is designed to provide such instruction as will give the student skill in nursing technics and some of the fundamental principles upon which nursing depends, before she is given the care of patients.

The clinical period is devoted to instruction and experience in relation to nursing in medicine, surgery, pediatrics, nursery school methods, orthopedics, gynecology, obstetrics, psychiatry and neurology, urology, and in eye, ear, nose, and throat conditions. Experience is also given in the diet kitchens, operating rooms, admitting and out-patient departments. Practice assignments in the hospital include experience in each of the related clinics of the out-patient department.

The student spends a total of 8 to 9 weeks at different stages of her experience in the out-patient department studying the problems of health
service to the ambulatory patient and the prevention of illness in the home and in the community. In the senior year the experience includes observation and assistance, under supervision, in the out-patient prenatal, postnatal and infant welfare clinics, and in the related field work which includes home deliveries.

The application of the principles of nursing is made in the various hospital wards and in the out-patient department, through classwork, supervised practice, informal discussions, clinics, conferences, and written case reports. Throughout the course, emphasis is placed on the prevention of disease by means of effective health teaching.

High school students who successfully complete this three-year program may matriculate in the two-year academic program of the five-year course and on its completion receive the Bachelor of Science degree.

The curriculum has an estimated credit of 57 academic semester hours. One credit hour is granted for each 18 hours of lecture and for each 36 hours of laboratory.

### Grades and Continuation in the School

Successful completion of each semester's program is determined by the quality of the student's daily work, and by examinations given at the end of each course. Passing grade in the School of Nursing is 4 (70). A grade of "I" is given when work is of passing grade, but, for good reason, has not been com-
completed on time. An "I" must be removed within 3 months unless special extension of time is granted. A grade of "F" in any subject may be removed only by repeating the course.

Because of the complicated schedules of theory and clinical experience, irregular class schedules for students can be arranged only by special permission of the faculty. Before a student is allowed to advance from one semester to the next, subjects which are prerequisites to the following semester's work must be satisfactorily completed.

The faculty of the School of Nursing reserves the right to recommend, at any time, the withdrawal of a student whose personality, health, conduct, or scholastic standing make it inadvisable for her to remain in the School of Nursing.

Expenses

Tuition: A single blanket fee of $52.00 per semester is charged each student, resident or nonresident. This fee includes matriculation, registration, medical service, laboratory, library, diploma and course fees. The single blanket fee does not include the cost of uniforms, books nor the miscellaneous fees listed below:

Miscellaneous Fees: (Additional to single blanket fee of $52.00)

</tr>
</tbody>
</table>

The Board of Regents has recently authorized a $50.00 uniform allowance to each regularly registered student nurse while in her first semester at the School of Nursing. Additional costs of uniforms must be paid by the student nurse.

Checks on personal accounts will be received only when written for the exact amount of the fees. Remittance by mail should be by draft, money order, or cashier's check. Do not send coin or money except by registered mail. It is impossible to trace money lost in the mail, and University officials cannot be held responsible for such loss.

Special Regulations

Marriage.—Applicants to the School of Nursing will be limited to unmarried women. Student nurses who marry before the completion of their training will be asked to withdraw from the School of Nursing, except those women who are married within the last three months prior to their graduation and who have previously secured the written consent to marry from their parents or guardian and the Director of the School of Nursing.

Uniforms.—Student nurse uniforms are distinctive articles of dress prescribed by the Director of the School of Nursing, and are the property of the School of Nursing. The uniform will be worn in the manner prescribed and under the conditions specified by the Director of the School of Nursing. If a student leaves the School of Nursing before the uniforms are received from the manufacturer, she shall be entitled to a refund that equals three-fourths of the rental money paid for the use of the uniform.
Student nurses who leave the School of Nursing at the end of the pre-clinical period or at the time when she has worn the uniform for several months shall be entitled to a refund that equals one-half of the rental sum paid upon return of the uniform. No refunds will be allowed after students have begun clinical training. In all cases the uniforms will remain the property of the School of Nursing.

**Vacation and Absence.**—Ten weeks’ vacation is granted during the three years. Vacations are given during the months of June, July, and August. A few additional days are given preclinical students during the Thanksgiving and Christmas holidays. Absent days are made up. Twenty-one (21) days sick leave is allowed during the three years.

**Requirements for Graduation**

**Five-Year Students.**—The degree of Bachelor of Science and the degree of Graduate Nurse will be granted by The Board of Regents of the University of Nebraska to students who have completed satisfactorily the requirements as outlined in the Five-Year Combined Academic and Professional Program.

**Three-Year Students.**—The degree of Graduate Nurse will be granted by The Board of Regents of the University of Nebraska to students who have completed satisfactorily the requirements as outlined in the Three-Year Professional Program.

**State Registration**

The School is registered in the State of Nebraska. Upon the successful completion of the course, graduates of the School will be eligible to take the examinations for registration in Nebraska. As registered nurses, they are eligible for registration in any state with which Nebraska has reciprocity, are eligible for membership in the Alumnae Association, district, state, and national organizations, and in the American Red Cross Nursing Service.
COURSES OF INSTRUCTION

Course numbers in parentheses following the sub-title indicate numbers under which courses were offered in 1948-1949.

Biological and Physical Sciences

1. Anatomy (54 hrs) Dr. Latta, Staff
   Lectures, laboratory, autopsy demonstrations, microscopic slides, models, and museum specimens are used in the study.
   This course is designed to give students a fundamental knowledge of the structure of the human body.

2. Physiology (54 hrs) Dr. McIntyre, Staff
   Lectures and demonstrations
   A study of the functions of the normal human body.

3. Microbiology (54 hrs) Dr. Gunderson
   Lectures, demonstrations, laboratory
   Deals with the fundamental principles of microbiology, with special emphasis on the common pathogenic organisms, the sources and modes of infection, and methods of prevention of the common infectious diseases. Laboratory work includes bacteriological technic, with emphasis on practical problems of asepsis, disinfection, and isolation.

4. Chemistry (72 hrs) Dr. Morgulis, Dr. Wilder, Staff
   Lectures, laboratory
   A study of the fundamental principles of inorganic and organic chemistry and the application of these principles to physiology, nutrition, pharmacology, and the clinical subjects in nursing.

Medical Science

1. Pharmacology I (36 hrs) Miss Breen
   Lectures, demonstrations, and laboratory
   A course designed to familiarize the student with the terms, symbols, systems and methods used in weighing and measuring drugs; the methods of preparing solutions and of calculating and preparing dosages; the principles of handling and administering medications.

2. Pharmacology II (36 hrs) Dr. McIntyre, Staff
   Lectures
   This course is designed to continue the study of drugs with emphasis on the nature, action, therapeutic uses, toxicology, precautions in administration, and the effects to be desired.

3. Introduction to Medical Science (30 hrs) Dr. Tollman
   Lectures, demonstrations
   A general survey of the field of medical science planned to interpret the changes occurring in organs and tissues during the transition from health to illness; to describe the scientific methods used in attacking the problems of disease; to emphasize the importance of preventive medicine; and to stress the role of the nurse as a health teacher. This course precedes or parallels the study of specific medical and surgical diseases.

Social Sciences

1. Social Psychology (36 hrs) Miss Williams
   Lectures
   Lectures and class discussions dealing with the underlying principles of human conduct, and with the application of the laws and principles of psychology to nursing problems.

2. Applied Sociology (36 hrs)
   Lectures, discussions, and field trips
   This course is designed to give students an understanding of the major social problems of the community and means of their control with practical application to nursing. The environmental background of the patient and the conditions under which he lives and works are considered in relation to social and health care. Field trips under supervision give the student contact with the community agencies, their activities and methods.
3. Professional Adjustments I (18 hrs) Miss Kyle
   Lectures
   This course is designed to aid the student in becoming oriented to the profession of nursing. Emphasis is given to personal and group relationships in nursing and to the problems of adjustment the student has in regard to the hospital environment.

51. Professional Adjustments II (24 hrs) Miss Kyle, Special Lecturers
   A course for the advanced student to acquaint her with the main branches of nursing and the opportunities available in the profession; a discussion of the professional organizations and their significance; trends in nursing.

57. History of Nursing (36 hrs) Miss Warner
   Lectures and discussions
   A study of nursing from ancient times through its different stages of development to its present status.

Public Health

1. Personal and Community Health (30 hrs)
   Lectures
   Lectures, conferences, which emphasize the laws of hygiene and health ideals, the opportunities and obligations of the nurse as a teacher of health.

Nutrition

1. Nutrition, Foods and Cookery (54 hrs) Mrs. Ralston, Staff
   Lectures, laboratory
   Designed to give the student a fundamental understanding of foods, their composition, preparation, digestion, and metabolism in relation to satisfying the nutritional requirements of normal individuals at various ages.

2. Diet Therapy (30 hrs) Mrs Ralston, Staff
   A course concerned with the application of the principles of nutrition to therapy. Experience is given in the preparation of selected food items required in modification of the normal diet to meet therapeutic needs.

Nursing Arts

1. Nursing Arts I (124 hrs) Miss Helmke, Staff
   Lectures, demonstrations, conferences and supervised practice are used to acquaint the students with the necessary attitudes and skills involved.
   An introduction to nursing to help the student develop attitudes and skills basic to all nursing; to understand the scientific reasons for performing procedures; to guide the student in understanding the patient as an individual and to assist in developing awareness of the nurses’ role in health teaching and conservation.

2. Nursing Arts II (58 hrs) Miss Helmke, Staff
   Presentation of the more advanced techniques and skills.

Medicine

2. Medical Nursing I (60 hrs) Dr. Greene, Dr. MacQuiddy, Dr. Margolin, and Miss Breen
   A course of lectures, discussions, clinics and demonstration presenting specific medical diseases including their etiology, clinical manifestations, therapeutic procedures and preventive measures. Consideration is given to the individual, physical, and emotional needs of the patients and to the social and economic aspects of health and disease. Guidance is given in the development of understanding attitudes and skills which serve as the foundation of the care of the medical patient, including the geriatric patient.

52. Medical Nursing II (64 hrs) Dr. E. Bantin, Dr. Cameron, and Miss Breen, Miss Hillier
   A course developed to study the highly communicable diseases, venereal disease, tuberculosis and dermatological conditions. Emphasis is placed on the etiology, symptoms, possible complications and sequelae, mode of transmission and treatment, prevention and early recognition of the diseases. The importance of nursing care is stressed and special consideration is given to the public health aspects involved in the care of patients with these conditions. The course is supplemented with classes, clinics, and demonstrations at the Douglas County Hospital where students affiliate for clinical experience in communicable disease nursing.
58. Medical Nursing III (18 hrs) Dr. Richard Young, Jr., Miss Breen, and Staff
Lectures, demonstrations, clinics
Symptoms, causes, and preventive aspects of neurological conditions. The principles of nursing care of the neurological patient are emphasized.

Practice of Nursing in Medicine Staff
Supervised practice on the medical wards, with emphasis upon types of patients that require the more skilled nursing care. Clinics, ward conferences, case studies, and experience records. First and second years.

2. Surgery

2. Surgical Nursing I (72 hrs) Dr. Herbert Davis, Dr. Finlayson, Miss Warner
Lectures, clinics, and demonstrations designed to give the student an understanding of the etiology, symptoms and treatment of common surgical conditions and those involving the genito-urinary tract and the central nervous system. Instruction is also given which will assist the student in acquiring the knowledge necessary for intelligent and skilled nursing care to surgical patients.

3. Surgical Nursing II (18 hrs) Miss Danielson, and assistants
Lectures and demonstrations
Operating procedures and the principles of surgical asepsis.

59. Emergency Nursing and First Aid (20 hrs) Miss Breen
Classes, demonstrations, and practice
The Standard Red Cross First Aid course.

Practice of Nursing in Surgery
Bedside clinics, conferences, case studies, and discussions to correlate principles and practice in the nursing care of surgical patients. First and second years.

Practice of Nursing in Surgical Specialties
Clinics, demonstrations, excursions, and lectures by specialists are used in aiding the student in the application of fundamentals of surgical nursing as related to specific surgical conditions and diseases. Study of such private and public organizations and institutions as those furthering the care of the orthopedic, the blind, and the deaf child serves to broaden the student's understanding of community health problems.

Obstetrics and Gynecology

51. Gynecology (Obstetrics 53 and Gynecology 51) (18 hrs) Dr. McGoogan, Miss Koons
Lectures and clinics, ward conferences, case studies
Anatomy and physiology of the pelvic organs; pathology of the pelvis; symptoms and treatment of gynecological conditions, infections, tumors, obstetrical injuries, and functional disorders; care of patients before and after operations.

52. Obstetrics (18 hrs) Staff
Lectures and clinics dealing with the anatomy and physiology of the pelvis; physiology of pregnancy, of labor, and of the puerperium; management of labor; obstetric emergencies and complications; care of the newborn; social aspects of obstetrical work.

53. Principles of Nursing in Obstetrics (42 hrs) Miss Koons
Classes, clinics, case reports with demonstrations of obstetric procedures adapted to the home as well as to the hospital including prenatal, labor, delivery and postpartum care in normal, operative and complicated labors. Principles of the care of full-term and premature infants. Nursing care of patients with gynecological conditions is also given.

Practice of Nursing in Obstetrics
Practical experience in the care of patients during prenatal, labor and postpartum periods and the care of the newborn baby. Supervised practice in the delivery rooms, nursery and wards. Experience in the prenatal and postnatal clinics of the out-patient department. Home visits and home deliveries.

Practice of Nursing in Gynecology
Experience in assisting with gynecological examinations and in the practice of techniques specific to the nursing of gynecological patients. Emphasis on psychological and adjustment aspects of gynecological conditions.
Out-Patient Department
Experience in prenatal, postnatal, and infant welfare clinics; assisting in prenatal and gynecological examinations; home visits in prenatal, postnatal, and infant welfare work; assisting under supervision with home deliveries. Clinics, case studies, and conferences.

Pediatrics

51. Pediatrics (36 hrs) Dr. Jahr, Miss Caswell, and Staff
Lectures and clinics dealing with the development and care of the normal child; principles of child hygiene; disease of infancy and childhood; principles of feeding in health and disease.

53. Principles of Nursing in Pediatrics (36 hrs) Miss Caswell
Classes, demonstrations, clinics, case studies, and conferences dealing with the nursing care of infants and older children. Laboratory demonstrations and practice in the preparation of formulae and children’s diet. A study of the means of maintaining and improving child health through understanding children and their emotional, social, mental, and physical development. Emphasis is placed on the public health aspects, technics of child management.

Practice of Nursing in Pediatrics
Practical experience in the nursing care of infants and children, including practice in the formula room, nursery, and dispensary clinics. Practice, clinics, conferences, case studies, and experience records.

Psychiatry

101. Psychiatry (40 hrs) Dr. Richard Young, Jr., Dr. Wigton, and Staff
Lectures, demonstrations and clinics dealing with the various types of mental and nervous disorders.

103. Principles of Nursing in Psychiatry (50 hrs) Mrs. Scholder and Staff
Classes, clinics, case reports, and conferences dealing with the nursing care of mentally ill patients and the means of prevention.

Practice of Nursing in Psychiatry
Practical application of the principles of nursing in relation to mental conditions in the Nebraska Psychiatric Unit of the University of Nebraska.
