REPRINT OF THE BULLETIN

1945--1946
General Information

ANNOUNCEMENT 1945–1946

PUBLISHED BY THE UNIVERSITY AT LINCOLN

Issued monthly in January and September; semimonthly in February, March, July and August; three times a month in April, May and June. Entered at the Postoffice at Lincoln 1, Nebraska, as second-class matter under act of Congress, August 24, 1912.
THE UNIVERSITY OF NEBRASKA

The University of Nebraska was chartered by an act of the state legislature on February 15, 1869. It is the state's major institution of higher learning. Its "general government" is vested by the Constitution of Nebraska in an elected board of six regents, each serving for a six-year term and each representing one of what were formerly the six congressional districts (now generally referred to as regential districts).

The University now consists of a Junior Division; ten colleges—Agriculture, Arts and Sciences, Business Administration, Dentistry, Engineering, Graduate, Law, Medicine, Pharmacy, and Teachers; four schools—Fine Arts, Social Work (graduate), Journalism, and Nursing; and the two Divisions of Conservation and Survey and University Extension. A Summer School is maintained each summer.

Nebraska like other states enjoys the privileges of close cooperation with the federal government. The University is recognized under provisions of the Land Grant Act of 1862 and numerous subsequent acts related thereto. Funds made available by these acts supplement state funds authorized by the Nebraska Legislature for the support of the University, and are under the supervision of the Board of Regents.

The University has attained an enviable position among the nation's most highly recognized institutions of higher learning. It holds full membership in the Association of American Universities of which there are but 34 member institutions. It is also privileged to claim membership in the Association of Land Grant Colleges, the National Association of State Universities, the Association of American Colleges, the Association of American Universities, and the North Central Association of Colleges and Secondary Schools while its various subdivisions have been equally well recognized. Students and graduates of the University are admitted to all collegiate institutions and their credits are accepted without question.

Students from no less than 36 states and some 6 foreign countries were matriculated in the University during the past year. With approximately 3,400 students of collegiate rank in full-time attendance and approximately 12,000 enrolled in all classifications, and a faculty of more than 330, the University of Nebraska ranks thirtieth in size in the United States and thirteenth among state universities.
ACADEMIC CALENDAR

CALENDAR 1945–1946

1945 Summer School
May 26, Saturday, 9 a.m.—Guidance and counseling examinations, all new students
May 28, Monday—Registration, all students
May 28, Monday, to July 7, Saturday—Short Session
May 29, Tuesday—Classes begin
May 28, Monday, to July 27, Friday—Long Session
May 30, Wednesday—Decoration Day holiday

First Semester 1945–1946
Sept. 5–15, Wednesday to Saturday—Medical examinations
Sept. 13, Thursday, 9 a.m.—Convocation, entering students
Sept. 13, 14, 15, Thursday, Friday, Saturday—Guidance and counseling examinations, new students
Sept. 14, Friday—Chancellor’s reception to students
Sept. 17, 18, 19, Monday, Tuesday, Wednesday—General registration
Sept. 20–29, Thursday to Saturday noon—Registration, Graduate College
Sept. 20, Thursday—First semester classes begin
Sept. 20, Thursday, 4 p.m.—Freshman convocation
Oct. 27, Saturday—First scholastic reports
Nov. 22, Thursday—Thanksgiving Day holiday
Dec. 1, Saturday—Second scholastic reports
Dec. 9, Sunday—Christmas Oratorio
Dec. 22–Jan. 7, 1946, Saturday noon to Monday, 8 a.m.—Christmas vacation

</table>
The College of Medicine and School of Nursing are situated at the University Hospital, in Omaha, at 42nd Street and Dewey Avenue. All the buildings are modern, the oldest, North Laboratory, having been erected in 1912.
LINCOLN, with a population of approximately 82,000, is the capital city of Nebraska and the county seat of Lancaster county. It is a trading and marketing center situated at the junction of U. S. highways 6, 34, and 77, 55 miles southwest of Omaha. Bus lines, five railroads, and three airports provide transportation.

The city campus, with its main entrance at 12th and R streets, occupies an area of more than 75 acres adjoining the business district of Lincoln. The location is convenient to stores and a residential section largely devoted to fraternities, sororities, and rooming houses for students.
BETWEEN CLASSES ON THE AGRICULTURAL CAMPUS
The agricultural college campus, of 320 acres, lies 2½ miles northeast of the city campus, 15 minutes away by bus. The buildings are laid out principally around a quadrangle, beautifully flowered until late fall. The agronomy farm, of 1,400 acres, lies 3 miles east of this campus.

THE UNIVERSITY OF NEBRASKA

History

THE University of Nebraska (state university) was founded by an act of the state legislature approved February 15, 1869—commonly known as the Charter. The subsequent State Constitution of 1875 for the first time gave the University and its governing board a place in the fundamental law of the state and preserved in force the preceding statute, so far as applicable. That constitution vested the “general government” of the University in a board of six regents elected from the state at large (instead of appointive, as theretofore) and gave perpetuity to the body by providing for the election of successors from time to time. It also required the legislature to prescribe by law the powers and duties of the board. The new constitution of 1920–21 retains all of these provisions, but requires the election of regents to be by districts instead of at large. In redistricting the state for congressional purposes under the 1930 census the six districts remain as heretofore for regential purposes and the regents are elected from and by these districts. The act of the legislature of 1869 was revised in 1877 making it conform to the constitution of 1875. It has since been amended in conformity with the new constitution of 1920–21 and the changed conditions of state growth. The present statute declares The Board of Regents to be a body corporate to be known as “The Board of Regents of the University of Nebraska” and as such it may sue and be sued, acquire property for use of the University, use a common seal, and make rules and regulations for conducting the institution under its control. It appoints its own officers and all members of the teaching and business staffs and directors of experimentation projects. Like an ordinary business corporation it speaks by its record and the authorized acts of its officers attested by its corporate seal accompanying the signature of the corporation secretary, but, unlike the private corporation, its members cannot be financially interested in the business it controls. The board members vote as representatives of the state electorate—trustees for control of a public state supported institution. The supreme court of the state has defined the board as a “quasi public corporation.” The business of the institution under the name “University of Nebraska” is declared by statute to be “to afford to the inhabitants of this state the means of acquiring a thorough knowledge of the various branches of literature, science and arts.” The college is the unit of University organization. From the beginning, the statute of the state has provided that “the immediate government of each college shall be by its own faculty, which shall consist of the professors therein, but no course of study shall be adopted or series of textbooks used without the approval of The Board of Regents.” Like all state-supported and managed institutions the University and The Board of Regents are subject to biennial legislative direction. The legislature of 1921 abolished the former university tax, whereby the greater part of resources must now come from legislative appropriation from the state general fund. Moneys from fees, sales and special University activities, donations and sources other than taxation are available for use without specific action of the legislature appropriating them; the supreme court of the state having held these to be in the nature of trust moneys.

Nebraska in common with other states has certain educational relations with the federal government in accordance with state acceptance of acts
of Congress. The Land Grant Act of 1862 (known as the Morrill Act) and subsequent amendments thereto (including the Nelson Act) provides endowment and current aid to colleges of agriculture and the mechanic arts (now agriculture and engineering) in the several states: very broad in permissive scope it requires specifically that the English language and military science and tactics be taught. The details of leasing and selling endowment lands and permanent investment of sale proceeds is under the management of a separate state board, known as the “Board of Commissioners for Educational Lands and Funds”: lease rentals and interest on sales contracts are paid to the state treasury for University use. The Congressional Act of 1887 (Hatch Act) with later amendments (Adams, Purnell, and Bankhead-Jones) established United States agricultural experiment stations in the several states and attached them to the College of Agriculture; annual aid is provided therefor, paid in cash to the state. The “Smith-Lever,” “Capper-Ketcham,” “Cooperative Federal” and “Bankhead-Jones” acts (1890 and later) also provide further aid to the agricultural college and expand that college to include agricultural extension and preparation of teachers in agricultural and home economics subjects (Smith-Hughes). All of these activities, associated with the University, are under supervision of The Board of Regents: the federal aid for them is included in the “state trust” moneys referred to in the closing sentence of the preceding paragraph.

Government

The Chancellor, chosen by The Board of Regents, is the chief executive officer of the University; subject to the rules and orders of the board he has both educational and business supervision over the University as a whole, over the various colleges, and over all the affairs and interests of the University. For each of the colleges within the University The Board of Regents elects a dean, to be the presiding officer of the faculty of his college and to perform such other duties as the board or the faculty of his college may require. The faculty of each college, subject to the Chancellor and the board, determines upon all matters relative to the internal affairs of its college. A University Senate, corresponding to the “general faculty” of other universities, and subject to the Chancellor and board, determines questions which concern more than one college or the University as a whole. The Chancellor, Secretary of the Senate, deans, chairmen and acting chairman of departments, professors, associate professors, and such other members of staff as the regents may name are voting members of the senate.

Rank of the University

National recognition of the University of Nebraska is shown by its membership in the North Central Association of Colleges and Secondary Schools, the Association of Land Grant Colleges, the National Association of State Universities, the Association of American Colleges, and the Association of American Universities. The various subdivisions are also highly recognized.

With approximately 6,000 to 7,000 students of collegiate rank in full-time attendance under peace-time conditions and more than 15,000 enrolled in all classifications, and a faculty of more than 330, the University of Nebraska ranks exceedingly high, its credits being accepted by all colleges and universities everywhere.
Physical Plant

The grounds and buildings of the University are distributed as follows:

1. The original campus, situated in the capital city of Lincoln, with its main entrance at Twelfth and R Streets (four blocks of ground, 14 acres, set aside by the “New Capital Location Commission” in 1867), expanded since 1914 to include practically twenty-three blocks of ground to the east mainly and to the north an area known as the “Campus Extension” tract—in all approximately 75 acres. On this enlarged campus are 27 buildings devoted to academic and professional instruction. Also, Administration Hall, Ellen Smith Hall, Carrie Belle Raymond Hall, and the Student Union which together with minor buildings make a total of 40 buildings on what is termed the City Campus.

2. The Agricultural College Campus of 320 acres, two and one-half miles northeast of the original campus, on which are 16 buildings devoted to instruction in agriculture and home economics, having also 18 minor buildings used for various purposes.

3. The College of Medicine campus in Omaha at 42nd and Dewey Avenue with four instructional buildings, Conkling Hall (nurses' home), a service building, laundry, heating plant, and greenhouse. Adjacent to that campus and on land belonging to the state is the Child Saving Institute, the clinical facilities of which are under the control of The Board of Regents of the University.

4. The School of Agriculture at Curtis, located on a tract of land approximately 400 acres.

5. The Agronomy Farm of 432 acres 3 miles east of the original Agricultural College Campus.

6. The Fruit Farm of 80 acres at Union.

7. The agricultural substations at North Platte, 1920 acres; Scottsbluff, 1120 acres; and Valentine, 1133 acres.

The legislature of 1929 authorized the establishment of an agricultural experiment farm in Box Butte County, Nebraska, and made a small appropriation for equipment. The lands and buildings belong to Box Butte County but are set aside for the Experiment Station where extension research activities are carried on. The various libraries, laboratories, museums, and collections of the University, available for use by its students, are described in those portions of the catalog devoted to the colleges or schools with whose work they are chiefly connected. The physical plant value is conservatively estimated at $15,000,000 as of June 30, 1944.

Special Services

Several bureaus and clinics are maintained by the University which support its educational, research, and public service programs.

Bureau of Instructional Research.—This bureau was organized in 1939 as a service agency to faculty and administrative offices in projecting and conducting studies in instructional research. Furthermore the bureau is charged with the administration and evaluation of preregistration guidance examinations which are given to all entering students.

The bureau is equipped with a test scoring machine for the use of the University faculty and with tabulating equipment for the use of the administrative offices.

Psychological Services.—The psychological clinic in the Department of Psychology serves as a training school for clinical psychologists and is
also equipped to render a service to public agencies as well as to indi­
viduals in the form of mental testing, vocational counseling and the
Diagnosis of behavior problems. Examinations are by appointment.

The educational psychological clinic in the Department of Educational
Psychology and Measurements serves the dual function of providing
training for qualified students and of making thorough clinical studies
available to individuals, public schools and other agencies which deal
with problems of behavior. The clinic is prepared to render service in
mental testing, educational problems, minor emotional maladjustments
and speech disorders. Special provision is also made for educational and
vocational guidance. Examinations are made by appointment.

Speech Clinic.—The Departments of Speech and Educational Psychology
jointly maintain a Speech Clinic in which individuals with speech difficul­
ties may receive diagnostic and remedial aid. A limited number of Uni­
versity students and public school children can be handled as laboratory
subjects without fees other than cost of materials. Others will be charged
according to service rendered.

Visual Education Service.—This service is a University agency that
provides visual aids to instruction both on and off the campus. It is
governed by the University Board of Visual Education, instituted in April
1940, which encourages the systematic and effective use of visual aids on
the campus and in schools and communities throughout the state.

Conservation and Survey Division.—The Departments of the Conserva­
tion and Survey Division located in Nebraska Hall perform many im­
portant functions for the state. The Division, as defined by law, consists
of the geological, water, soil, biological, conservation and industrial sur­
veys and an information bureau. The various surveys are engaged in re­
search work in their separate fields for use in the development of the
stat’s resources. They work in cooperation with other state and federal
agencies on special problems of mutual interest.

The geological survey is engaged in a study of the surface and sub­
surface materials of the state in order to make available basic information
for use in many other fields and is responsible, in large part, for the
present development of our rock, sand and gravel, mineral fuel, and other
natural resources. The water survey studies the surface and ground
waters and has contributed greatly to the present water use in the state.
There are now more than 5,000 irrigation wells in Nebraska and over
300,000 acres of land under pump irrigation. Soil surveys have been made
of almost all of the counties in the state and the soil survey is now en­
gaged in resurveys of certain counties. Information from the soil survey
reports is widely and advantageously used by farmers, insurance com­
panies, and other agencies and is an invaluable guide in the development
of proper land use and soil conservation practices. The biological survey
has made studies of grassland, woodland, lake and river vegetation and
has published reports on the state’s plant and animal resources. At the
present time a study of the plant life and its relation to fish propagation
is being made in cooperation with the state Game, Forestation, and Parks
Commission. The conservation survey has made extensive studies of land
use and conservation practices and cooperates closely with the Federal
Soil Conservation Service. Special studies of many important industries in
the state have been made and reported upon for use in further develop­
ment. The information bureau answers requests from all parts of the
state for specific information in the fields covered by the surveys and
offers valuable technical assistance in various fields. Special short courses are given to state groups and organizations interested in the development of the state resources.

The results of the research work of the division are published in three series, i.e., Conservation Bulletins, Geological Survey Bulletins, and Geological Survey Papers. Most of the soil and groundwater surveys, made in cooperation with federal surveys, are published by the federal government. All of these reports have wide local and national distribution.

Further information concerning the services of this division are obtainable from the Chief of the Division and State Geologist, George E. Condra, Nebraska Hall.

Department of Educational Service.—This department serves all students who are now or have been matriculated in the University of Nebraska by assisting them to find suitable employment in the field of teaching. It assists school executives and school boards in securing the most thoroughly trained teachers, principals, and superintendents to serve their schools in these capacities. It furnishes information and advises students on general trends in specific fields of teaching.

The Summer School

The Summer School of the University of Nebraska offers unusual opportunities to students who desire to shorten their collegiate courses leading to the baccalaureate and advanced degrees. The regular summer term consists of two sessions running concurrently, six and nine weeks in length. In addition to undergraduate courses, special attention is given to courses on the graduate level leading to the M.A. and Ph.D. degrees. During the summer, the Teachers College High School offers opportunity for practice teaching and for students to satisfy deficiencies for University entrance requirements.

Libraries

The University Libraries.—The new Love Memorial Library will be open for the use of faculty and students in September, 1945. The general library collection is housed in this building which is the gift of Mr. Don L. Love. There is to be a large reading room for each of four major divisions of knowledge, where collections of carefully selected books, periodicals, and reference works will be available on open shelves. The Humanities Reading Room and the Social Studies Reading Room will be open in 1945. The divisional plan of organization will be completed with the opening of the reading rooms in science and technology and education in 1946. Each reading room is administered by a librarian who is a subject specialist in that field. The government publications which the library receives are available in the Documents Room. A Reserve Book Room is maintained for the convenience of students preparing class assignments so that books in great demand will be obtainable at all times. When the building is completed and fully equipped, there will be an auditorium and student lounge on the ground floor. An attractive Browsing Room will contain a popular collection of recent books. Faculty studies will occupy the fourth floor.

Students in the University may withdraw books for varying periods of time, depending upon the type of material. The usual loan period for books which are not reserved for reference or class use is two weeks.
As a state library, the University collections are available within the building for the use of anyone, whether connected with the University or not.

College and departmental libraries are located in the following buildings:

- Agriculture: Agricultural Hall
- Animal Pathology: Animal Pathology and Hygiene Laboratory
- Architecture: Temple
- Astronomy: Observatory
- Biology (Zoology, Botany, and Bacteriology): Bessey Hall
- Chemistry: Avery Laboratory of Chemistry
- Classics: Andrews Hall
- Dentistry: Andrews Hall
- Engineering and Mathematics: Mechanic Arts Hall
- Entomology: Plant Industry Hall
- Fine Arts: Morrill Hall
- Geology and Museum: Morrill Hall
- German: Andrews Hall
- Howard Reference Library: Social Science Building
- Journalism: University Hall
- Langworthy Taylor: Social Science Building
- Law: Law Building
- Medicine: University Hospital, Omaha
- Pharmacy: Pharmacy Building
- Physics: Brace Laboratory
- Teachers College High School: Teachers College

Further centralization of library resources is planned with the occupancy of the new building so that more effective library service may be rendered.

The University Libraries of 420,000 volumes are supplemented by other libraries in Lincoln. The State Library of 117,000 volumes, the Lincoln City Library with 160,000 volumes, and the Nebraska Historical Society Library of 50,000 volumes bring the total book resources of Lincoln to three quarters of a million volumes.

**University Publications**

All administrative publications are prepared by the several colleges and schools in cooperation with the Registrar as secretary of faculties and edited and published by the Department of University Publications which is headed by the University Editor. These are issued as bulletins of the University and appear periodically throughout the year. The bulletins may be obtained by application to the Registrar.

The Department of University Publications is also concerned with the publication of the *Nebraska Law Review*, issued jointly by the College of Law and the State Bar Association; the *University of Nebraska Publications* series, devoted to various academic, business or educational subjects, issued bi-monthly; a weekly University of Nebraska *News Letter*, published by the University Extension Division. The Alumni Association is publishing independently an illustrated monthly magazine, *The Nebraska Alumnus*.

Other publications are those titled: *University Studies*: Studies in the Humanities, Studies in Science and Technology, and Studies in Social
Sciences. These are media for the reporting of scholarly works of faculty members which have been accepted by the appropriate Senate Committee on University Publications. These, like all the aforementioned, are published by the Department of University Publications.

In addition to the above there has been set up and established a University Press. It is a non-incorporated agency of The Board of Regents and officially designated as University of Nebraska Press. Its responsibility is the publication of books representing a genuine contribution to scholarship intended to give fitting recognition to the many fine achievements of the state and its citizens. It will receive and approve for publication the manuscripts of all persons, including those not resident to the state, whose leadership in their respective fields of learning and areas of activity is recognized and whose work would bring distinction to the University Press. The Press also supervises the publication of the Prairie Schooner, a distinguished literary magazine representative of modern writing.

Bulletins, research bulletins, and circulars of the College of Agriculture and of the experiment station, the annual report and progress reports of the station, and circulars, leaflets, and news letters of the extension service cover all University work in agriculture and home economics, both from the standpoint of investigations and recommended practices. The Conservation and Survey Division of the University publishes research papers in three series: geological bulletins, geological papers, and conservation bulletins; its soil and water surveys are regularly published in series of the federal government. Geological and paleontological investigations are also reported in the Bulletin of the Nebraska State Museum, which is a unit of the University. Studies from the Zoological Laboratory appear in various journals, and the new series of the Botanical Survey of Nebraska is published partly in University series and partly outside. Devotion of a good share of Teachers College activity to the program of the rural and community school, which is especially typical of Nebraska, has resulted in publication of The Small School in Action series, produced in cooperation with the University of Nebraska Press. Several series of pamphlets for various types of instruction contribute technical help and subject matter from Teachers College to the Nebraska field.

All official publications of the University of Nebraska are subject to the approval of the Board of University Publications.

The University Extension Division

The function of the University Extension Division is to cooperate with the several colleges, schools, and organizations of the University of Nebraska in helping them extend their services to all the people of the state who are unable to avail themselves of the privileges of resident study. In order to accomplish this purpose, eleven types of service are provided.

1. Evening and Saturday Classes.—Classes are organized on the University campus each semester. Instruction is offered in all departments in which the enrollment is sufficiently large. Both credit and non-credit courses are available.

2. Correspondence Study.—College courses are given by mail in the fields of agriculture, botany, business organization and management, chemistry, the Classics, commercial arts, economics, education, engineering, English, fine arts, geography, history, journalism, mathematics and
astronomy, music, philosophy, physical education, physiology, political science, psychology, sociology, and zoology.

3. Supervised Correspondence Study.—High school courses are available to students in high schools unable to offer such courses locally, or to individual pupils who for any reason are unable to attend a regularly organized high school. Courses on the elementary school level are also available for isolated or physically handicapped boys and girls.

4. Citizenship Education.—Any non-citizen wishing to prepare himself for full citizenship may enroll for a correspondence course that will give him a basic understanding of our democracy. The course material and text are supplied by the Immigration and Naturalization Service through the Extension Division.

5. Off-campus Classes.—Classes are organized for off-campus work whenever the enrollment will justify it. These classes usually meet in the evening or on Saturday, and are thus of particular value to employed persons and teachers in the field.

6. Audio-Visual Aids.—A film library is maintained in the University Extension Division. Films and other audio-visual aids materials are made available to individuals or organizations.

7. School Building Advisory Service.—Assistance in planning for the construction of new buildings or the remodeling of old buildings may be secured by superintendents or boards of education.

8. Traveling Art Galleries.—Three collections of pictures are available for loan to schools and other organizations. The Senior Exhibit has thirty-two pictures, the Junior Exhibit has twelve, and the Rural Traveling Gallery has eight. Other exhibits may be obtained from the Department of Art by special arrangement.

9. Publications.—The University Extension Division publishes and distributes books and other instructional materials for elementary and secondary school pupils and serves as the distributing agency for the University of Nebraska Press and Board of University Publications.

10. Community Program Service.—Many members of the University of Nebraska faculty are available for lectures and discussions dealing with topics related to their special fields as well as to other subjects of current interest.

11. Institutes.—Institutes are usually from one to three days in length and they are conducted by some national, state, or local group in cooperation with the University of Nebraska. Institutes provide intensive and specialized training for leaders in various professions and vocations.

The University Extension Division also maintains a dramatic loan library and makes arrangements for surveys, testing and guidance clinics, lecture series, and other services.

**Military Science and Tactics**

Military Science was established at the University of Nebraska, March 23, 1877, under the provisions of the Morrill Act of 1862. In accordance with an Act of Congress approved June 3, 1916, and upon application of the University authorities there was established by the Secretary of War on January 8, 1917, an Infantry Unit of the Reserve Officers Training Corps. In 1935 a senior field artillery unit and a senior engineer unit were established. The courses in military science and tactics not only provide technical military training but serve also to develop civic responsibility upon the part of all men enrolled.
The Department of Military Science and Tactics is under the direction of the Professor of Military Science and Tactics, who is responsible to the United States War Department and the University authorities. Additional officers are detailed by the War Department for duty as assistant professors of military science and tactics. Enlisted men of the regular army are similarly detailed as instructors. Cadet officers and non-commissioned officers of the cadet units are appointed by the Professor of Military Science and Tactics on the basis of scholastic standings in the various colleges as well as their standing in the military department. As such they are directly responsible to him in the discharge of their duties.

The aim of the department is coordinated discipline of mind and body and the development of character, initiative, and all the vital elements of executive leadership. Students completing ROTC courses, basic and advanced, are qualified for and eligible to receive reserve commissions in the military forces of the United States.

The activities of the organizations of the military department have been very definitely curtailed for the duration of the war. These include Pershing Rifles, Scabbard & Blade, Red Guidon, Phalanx and Society of American Military Engineers.

Sponsors.—A long-established custom of the University has been to have women sponsors, one to represent each of the various units of the cadet corps, from company to regiment. These sponsors are selected by the senior cadet officer of the unit they are to represent. The Honorary Colonel who is elected in the fall of the year by the military student body is ex officio the directing head of the sponsors. The sponsors are present at parades of the cadet corps and attend all social functions given by the several units. Before and during "Compet" they encourage their units in their activities and serve as hostesses during the competition.

Rifle Club.—The Rifle Club is open to any student of the University in good standing. As a member of the National Rifle Association, the ROTC Rifle Club enjoys all the privileges and takes part in all competitions under such sponsorship. It sponsors the rifle teams. The freshman and varsity rifle teams are chosen from the club membership as a result of various tryouts during the year. Two sections, one for men and one for women, are maintained. The first tryout is the Gardner Trophy Match held early in November. First, second, third, and fourth place medals are awarded by the Rifle Club for the high aggregate scores and first and second place medals for the four individual positions.

Awards.—Every year General Pershing bestows a medal upon one junior or senior, a member of the Pershing Rifles, who is selected for his excellence in the military department along with general proficiency in all the subjects which he shall have pursued in any of the colleges of the University. To obtain this medal is a much-coveted honor. The degree of efficiency required to win the honor marks the recipient as having qualities which would without doubt insure his success in future life.

The Daughters of the American Revolution give a prize of $10 to the advanced course student having the highest military and scholastic standing. The American Legion Auxiliary of the state of Nebraska gives a prize of $15 to the best basic course student. In addition, more than 60 awards are made to individuals on the basis of general scholastic standing, excellence in military science, or both. All awards are presented at the annual competitive drill.
Organization. — The cadet corps is organized as follows: (a) staffs, (b) one regiment of infantry, of 12 companies, (c) one regiment of field artillery, of six batteries, (d) one battalion of engineers, of four companies, (e) one battalion of first-year advanced course students, of four companies, in which these cadets command all units, and (f) ROTC bands.

Subjects. — Scope of instruction in each unit follows:

Infantry. — National defense and the ROTC; citizenship; discipline; courtesies and customs of the service; sanitation and first aid; military organization; map and aerial photograph reading; leadership; rifle marksmanship; infantry weapons; techniques of fire; scouting and patrolling; combat training and principles of all infantry units to include the company; administration and supply; field fortifications; military law; tanks and mechanizations; motor transport; combat intelligence; signal communications.

Engineers. — (Open only to students registered in the following departments of the College of Engineering: Civil, Electrical, Mechanical, Chemical, Architectural, and Agricultural.) National defense and ROTC; military organization; leadership; rifle marksmanship; military history; citizenship, first aid and sanitation; weapons; technique of fire; courtesies and customs of the service; map and aerial photograph reading; sketching and map making; rigging; scouting and patrolling; combat principles; military roads and bridging; explosives and demolitions; field fortifications; equipment and operations of the combat platoon and company; organization of the ground for defense; military law; administration and supply.

Field Artillery. — National defense act and the ROTC; citizenship; sanitation and first aid; map and aerial photograph reading; leadership; discipline; courtesies and customs of the service; gunnery; duties of cannoners; fire control instruments; wire and radio communication; motor transport; reconnaissance and occupation of position; military law; administration; tactics and combat principles.

Basic Course. — This course is a requirement for all undergraduate, physically fit, male students save War Veterans who have had at least three months of service in the Armed Forces. One of three units may be chosen, viz., infantry, engineers, field artillery. The government furnishes uniforms for which each student must deposit $10 in advance all but $1 of which per semester is refunded if the uniform is returned in good condition.

Advanced Course. — To be considered eligible to apply for the advanced course, a student must have completed successfully, without abridgment, the basic course. Some credit is given to students for ROTC training received at other institutions prior to coming to this University. The amount of credit is determined in each case, depending upon reports received from the other institutions.

The number of advanced course students allowable to the University being limited by the War Department, all students who have completed the full basic course necessarily cannot be selected to take it. Selection is based on the applicant’s scholastic standing in the University, his record in the military department, and recommendations made by his

1 During the present emergency the ROTC Cadet Corps does not maintain a regimental organization. Cadets are organized in companies and battalions in accordance with enrollment.

2 The advanced course instruction has been discontinued for the duration of the war but the identity of the three units will be maintained in the basic courses.
military instructors. No student is selected who is registered for less than 12 hours. He must continue this minimum registration requirement. This results in the advanced courses being highly selective.

Uniforms are furnished at no cost to the student (see Basic Course, above, for deposit). The course includes attendance at an ROTC camp for six weeks during the summer at government expense.

**Opportunities Open to Graduates.**—Upon satisfactory completion of the entire course, a commission as second lieutenant in the Reserve Corps of the Army of the United States is offered.

As a second lieutenant, a recent graduate may be recommended for a one-year tour of active duty with the regular army with a view toward competing for a commission in the regular army. (Thomason Act.)

If designated as an "honor graduate," and he possesses scholastic excellence, he may be considered for appointment as an officer directly into the regular army, or regular marine corps.

In addition to the above, graduates, and even members of the advanced course, have frequent opportunities to become affiliated with the following services: Coast Guard Academy; U. S. Marine Corps Reserve; Supply Corps, U. S. Naval Reserves; and aviation training as flying cadets of the several components of the national defense system. Detailed information may be secured by applying to the Department of Military Science and Tactics.

**ROTC Band.**—All freshmen must have completed one semester of basic military training before taking band work, but if they so desire and secure authority they may take both band and military training at the same time, both during and after the first semester. Only a limited number of students are allowed to substitute military band for military science after having had one semester of basic (military) training. Students are relieved from basic military training to work in the band only on permission of the Professor of Military Science and Tactics.

Any student taking band as a substitute for military science will be ineligible to take the advanced course (military science). To receive ROTC Band credit students must be physically fit. Students who are not physically fit who participate in ROTC Band activities will receive only University credit and not ROTC credit for such work. Four hours military band beyond the basic military science requirement may be taken in addition to a maximum of 4 hours in chorus, University Singers, orchestra, instrumental ensemble or glee club. Band classes are held in the Temple Building.

During the fall of 1945 construction of Military and Naval Science Building, to be located just east of the Coliseum, will commence. This building will be used jointly by Army and Navy ROTC.

Under such regulations as the Secretary of War may prescribe, any student now or hereafter enrolled in the senior division of the Reserve Officers' Training Corps may receive credit toward completion of the two academic years of service in that division required for admission to the advanced course and for entitlement to commutation of subsistence, as provided above, for military training which he has received while on active duty in the Army, Navy, Marine Corps, or Coast Guard, or while pursuing a course of instruction in the Naval Reserve Officers' Training Corps, when such military training is substantially equivalent to that prescribed by regulations for admission to the advanced course.
Division of Student Physical Welfare

By regential action a Division of Student Physical Welfare has been established which includes a Department of Student Health and Hospitalization, a Department of Physical Education for Men, a Department of Physical Education for Women and a Department of Intramural Athletics.

Student Health Service.—A department of student health is maintained with offices in the College of Pharmacy building. Physicians are always in attendance to give students needed advice and treatment. The College of Pharmacy maintains a pharmaceutical dispensary in the same building where drugs and medical supplies are furnished students at cost. For the convenience of students in the College of Agriculture a branch office is maintained in the College Activities Hall on the Agricultural College campus. Students who need hospitalization will be cared for at a reduced cost to the student in one of the local hospitals of the city. Provision is made whereby every student shall have the benefit of medical care in case of sickness. As all of this service is maintained solely for the benefit of the students, the University cannot assume responsibility for unforeseen or unexpected results.

Physical Education

A. Men

Physical education is required of all freshman men in the College of Agriculture and of all men excused from military science save War Veterans who have seen three months of service in the Armed Forces. It is an elective to all men who are physically qualified and to those who desire to fit themselves as physical education instructors or as coaches of athletics or intramural sports.

All of the indoor physical education activities for men on the city campus are housed in the University Coliseum. Indoor physical activities for men in the College of Agriculture are housed in the College Activities Building on the College of Agriculture campus. These buildings provide adequate facilities for the various indoor physical activities. Tennis courts and space for other recreative activities are provided for the general student body on the city and Agricultural College campuses.

Instruction is offered in 12 kinds of practical physical education, recreational and competitive athletics. Students may register and receive University credit for these courses. No student except physical education majors and minors may earn more than 1 hour of University credit per semester in practical physical education courses and no student is allowed more than four hours credit in any one practical physical education activity.

B. Women

Physical education is also required of all women during their first two years of residence, except (a) students over 25 years of age at the time of first matriculation in the University, (b) those entering with 15, 30, 45 or 60 semester hours of credit who are excused from one, two, three or four semesters of work respectively, and (c) students carrying no more than 6 semester hours of credit. The division provides special individual gymnastics for those who are physically unfit to carry the regular course work. In a few instances deferment of registration for
physical education to the junior or senior years is permitted. The pro-
gram of physical education is very extensive and provides for every type
of interest and activity. It includes both team and individual sports,
swimming, dancing in its various forms, fundamentals of body mechanics,
and, for the students not physically able to carry on the regular activities,
restricted and individual work according to their personal needs. Grant
Memorial Hall with its large gymnasium floor, dance studio, individual
gymnastics room, table-tennis room, golf practice room, archery range,
dressing rooms, and showers, is maintained for the exclusive use of the
women students. In addition to these facilities the swimming pool in the
Coliseum is reserved for the women a number of hours each week, and, 
during the winter, bowling alleys near the campus are reserved certain
days in the week for exclusive use. For the Agricultural College women
the fine modern gymnasium known as the College Activities Hall is shared
with the men. For the outdoor seasons there are tennis courts and playing
fields on the city campus and equivalent facilities on the College of Agri-
culture campus.

Athletics

Athletics for Men.—The Division of Athletics controls intercollegiate
athletics under the supervision of the Board of Intercollegiate Athletics.
The Department aims to provide an incentive and opportunity for each
student to secure physical recreation and development to balance the
sedentary demands of university life. It establishes and maintains high
ideals of sportsmanship.

One of the finest stadiums in the country, the Nebraska Memorial
Stadium, erected in memory of the men who gave their lives in World
War I, rises at the northwest corner of the campus. It has a seating
capacity of 30,000 and has been entirely paid for from voluntary con-
tributions by students, alumni and faculty members together with sub-
stantial payments by the Division of Intercollegiate Athletics from its
football receipts. The stadium comprises a sod playing field, a practice
field for football and complete facilities for track, together with playing
space for outdoor sports. Underneath the stadium there are provisions
for conducting winter sports and an indoor track. The new Field House
at the north end of the Nebraska Memorial Stadium includes locker
rooms, showers, training quarters, and equipment rooms. Next to the
Memorial Stadium there is an outdoor practice and play field for inter-
collegiate as well as intramural athletics. Extending over 14 acres and
covered with sod, it provides for an excellent baseball diamond with
bleacher seating capacity for 5,000 persons and ample room for four
softball fields. This land, too, was purchased and paid for by the Division
of Intercollegiate Athletics out of football receipts.

Twenty-one tennis courts, four of them located on the campus of the
College of Agriculture, are open for the use of any registered student
at the University.

The University Coliseum, seating 10,000 people, has been built on the
city campus by the Board of Intercollegiate Athletics. This building is
financed in the main from funds derived from gate receipts of intercol-
legiate athletics. The main floor, 125 by 210 feet, is sufficiently large to
accommodate three full-size basketball courts with a fourth court on
the stage.
On the ground floor (half basement) of the Coliseum are locker rooms for the intercollegiate teams, men's physical education classes, and for participants in men's intramural athletics. Classrooms and recreational facilities are also part of the ground floor plan, including in part handball and squash tennis courts, boxing and wrestling rings, and an indoor golf driving net. There has been built in the north half of the basement, under the stage, a beautiful swimming pool, serving both the men and women of the University. The pool itself measures 35 by 75 feet and around the pool is seating space for 1,200 spectators. The ceiling is of sufficient height to permit high board diving. Locker room facilities for the women students of the University are adjacent to the pool on the east end. The pool is used for credit classes for both men and women as well as for intramurals for both groups and for intercollegiate athletics. Separate hours are also reserved for faculty men and faculty women.

The athletic office and men's physical education office are housed in this building as well as all men's physical education practice courses.

All students who comply with the scholastic eligibility requirements set by the University are encouraged to enter competitive athletics. All members of an athletic team must undergo a physical examination at the beginning of the college year or at the beginning of their training, and only if determined physically fit are they permitted to participate in competitive games.

The University is a member of the Missouri Valley Intercollegiate Athletic Association (Big Six) and maintains representative teams in all intercollegiate sports. For the duration of the war and until further notice, the following eligibility requirements have been adopted: no student may be a member of an intercollegiate team unless he is an amateur athlete and is a regular bona fide matriculant. He must be enrolled regularly in 12 semester hours in academic courses. In order to compete during a second semester, he shall have completed 12 hours the previous semester. To compete thereafter, he shall have completed 24 hours in the two preceding semesters.

All regular coaches are members of the University faculty.

**Athletics for Women.**—All University women are given opportunity to participate in athletics through the auspices of the Women's Athletic Association, which, with the aid of the Division of Physical Education for Women, sponsors competitive sports through an intramural program and recreational sports through a variety of sports clubs. The Women's Athletic Association is a member of the Athletic Federation of College Women. Its intramural program covers the following: archery, badminton, baseball, basketball, bowling, golf, table-tennis, rifle firing; soccer, soccer baseball, swimming, ten-quoits, tennis, and volleyball. Its sports clubs cover archery, golf, hiking, horseback riding, modern dance, rifle marksmanship, swimming, and tennis. It maintains an outing cabin on Stevens Creek, 9 miles from the campus.

**Accredited High Schools**

Under the laws of the State of Nebraska the Board of Regents of the University is authorized to prescribe conditions of admission for all persons desiring to enter upon course work in the University. It is also provided by law that there shall be set up a list of accredited high schools, the graduates of which may be admitted without submitting to examinations for admission.
In conformity therewith, the University maintains a list of accredited high schools and admits the graduates of these high schools who have been properly certified as having completed the necessary course or courses of study within the high school. Graduates of nonaccredited high schools who seek admission must be prepared to take an examination in those subjects in which entrance credits are desired, provided that graduates of non-accredited four-year high schools may be excused from taking academic examinations by passing appropriate intelligence or college aptitude tests with a standing that shows ability to do the work of a college freshman.

Accredited schools are such as are found to meet the criteria set up and approved by the University Committee on Accredited Schools.

There is one list of schools fully accredited to the University of Nebraska. This list is in two divisions: (a) Two-Teacher Accredited Schools, (b) Three-Teacher (or more) Accredited Schools.

The graduates of a high school in either group are admitted to the University of Nebraska on the same bases.

There must be at least two instructors giving full time to the high school. Instructors of academic subjects in two-teacher high schools shall meet Criterion 4, below, in at least two of the fields in which they teach. All instructors new to an accredited school, including the superintendent, shall meet Criterion 3.

**CRITERIA FOR ACCREDITED SCHOOLS**

1. Not less than 12 units required for graduation from a senior high school (tenth, eleventh, and twelfth grades), or not less than 16 units for graduation from a four-year high school.

2. At least three teachers, including the superintendent, giving full time to instruction in the high school, provided that in schools having junior-senior organization, at least two teachers, including the superintendent, shall give full time to instruction in the senior high school, grades 10–12 inclusive. Schools desiring to organize on other than the 8-4 or the 6-3-3 plan shall submit in advance such details of organization as will clearly indicate the local needs and the attendant reasons for the change. Such schools will be considered special cases, and will be subject to accreditation on their merits.

3. The minimum preparation of all teachers in accredited high schools to be a baccalaureate degree. All instructors in secondary school grades must hold legal certificates qualifying them for teaching in a secondary school.

4. All teachers during the first year of employment in a school to instruct in the field of their major or minor preparation. In interpreting this criterion 15 semester hours in a field will be recognized as adequate preparation provided it includes college preparation in the specific subject taught. Adequate preparation in the specific subject taught is interpreted to mean not less than three semester hours of college preparation in a subject taught for a single semester and not less than five semester hours in a subject taught for not less than a single year. Any departure from this criterion is to be reported in writing at the time the Annual Joint Reports are submitted. Deductions from the 15 college-hour requirement may be allowed to the extent of two semester hours for each unit carried in high school in the two subjects of mathematics.
and language, such deductions not to exceed a total of six semester hours in either subject.

The following special fields require 12 hours, with deductions for approved high school work as above.

(a) Commercial arts should include at least two college courses in each subject taught, one of which may be a course in special methods of teaching commercial subjects. The minimum preparation in typewriting is 4 semester hours; in shorthand, 8 semester hours; in bookkeeping, 4 semester hours; in social business (business law, economic geography, general business) 6 semester hours.

(b) Industrial arts should include bench woodwork and wood finishing, operation and care of woodworking machines, wood turning, architectural drafting or mechanical drawing, and home mechanics or any of the commonly taught industrial arts subjects.

(c) Representative art should include representation, decorative art, art appreciation, and art history.

(d) Music should include music methods, voice, harmony, and orchestra or band.

(e) Agriculture should include agriculture and methods in agriculture and may include 6 hours of natural science.

(f) Home economics should include food and nutrition, textiles and clothing (all with some laboratory experience), home management, child development and family relationships, basic design and home furnishings, and methods of teaching homemaking education.

(g) Physical education and athletics should include general physical education, methods in teaching physical education, theory and practice of competitive sports and playgrounds, hygiene, and the organization and administration of physical education and athletics.

(h) Argumentation, dramatics, journalism, and speech to have appropriate college courses in the respective subjects. English credit may be used in completing the 12 hours.

(i) A teacher of a single special subject shall meet the minimum requirement in that subject, without necessarily having 12 hours in the field.

5. Students entering accredited schools from nonaccredited or non-approved schools to be required to pass a written examination in all high school subjects carried by them which they do not continue, the papers to remain on file for review by supervisors or inspecting authorities. Accredited schools are expected to accept without examination, credits earned in other accredited or in approved schools.

6. Laboratory and library facilities adequate to the needs of instruction in the subjects taught.

7. The location and construction of the buildings, the lighting, heating, and ventilation of the rooms, the nature of the lavatories, corridors, closets, water supply, school furniture, apparatus, and methods of cleaning to be such as to insure hygienic conditions for both pupils and teachers.

8. Efficiency of instruction, acquired habits of thought and study, and the general intellectual and moral tone of the school such as to justify confidence in the work of the school.
9. Variations from the criteria of accreditation to meet local conditions may be permitted as may seem proper to the committee. All criteria will be considered and must be met to a reasonable degree.

The University of Nebraska does not maintain an inspector of accredited schools. By arrangement with the State Department of Public Instruction the University Committee on Accredited Schools receives reports of inspection made by officials of that Department in lieu of reports by University inspectors. Application for accreditation should be made to the University Examiner, 103 Administration Hall, University of Nebraska, Lincoln. All applications must be filed prior to October first of the year for which application is made.

NORTH CENTRAL ASSOCIATION ACCREDITMENT

In accordance with procedures of the North Central Association, the University, through the Office of the University Examiner, has been for many years responsible for cooperation in setting up a list of schools approved by that Association. The University Examiner, serves as State Chairman for Nebraska.

As already indicated, those schools listed as accredited by the University and also approved for membership in the North Central Association have been marked with an asterisk (*).

The North Central Association is a voluntary educational organization, the aims of which have been stated in these words:

“The aims of the North Central Association of Colleges and Secondary Schools are, first, to bring about a better acquaintance, a keener sympathy and a heartier cooperation between the colleges and secondary schools of this territory; second, to consider common educational problems and to devise the best ways and means of solving them; and third, to promote the physical, intellectual and moral well-being of students by urging proper sanitary conditions of school buildings, adequate library and laboratory facilities, and higher standards of scholarship.

The Association aims to approve only those schools which possess organization, teaching force, standards of scholarship, equipment, and esprit de corps, of such character as will unhesitatingly commend them to any educator, college or university in the territory of the North Central Association. The Association believes, furthermore, that the policies and regulations adopted and the criteria used as bases for the approval of secondary schools should be evaluative in character and should serve to encourage a maximum of growth and development on the part of its member schools.”

Founded 48 years ago by a little group of foresighted men representing but a small number of the institutions situated in a number of states in the middle west the Association today includes in its territory 20 states and in its membership approximately 300 institutions of higher education and 3,000 institutions of secondary rank.

It is a distinct honor for any institution to hold membership in this organization. The Association’s official recognition gives prestige to a school.

* Also accredited to the North Central Association of Colleges and Secondary Schools.
among educated men and women everywhere. Its recorded approval is a letter of introduction to all colleges, universities, and professional schools in the land and guarantees efficiency and high standing to these institutions. Moreover, membership in the Association aids boards of education to secure better prepared teachers, to erect barriers against untrained teachers, and in general to raise educational standards in their communities.

The regulations and standards for accrediting secondary schools to this association will be sent on application to Dr. G. W. Rosenlof, University Examiner, 103 Administration Hall, University of Nebraska, Lincoln, Nebraska.

General Requirements for Admission to the University

Junior Division.—New students on the undergraduate level are admitted to the University through the Junior Division. This Division recognizes five groups of students: Group A, those who have made a definite choice of the college they wish to enter and are fully prepared to do so; Group B, those who have chosen their college but who do not meet all the entrance requirements; Group C, those who choose to take up a terminal curriculum without reference to a degree; Group D, all persons discharged from the armed services (and other delayed students) who are not high school graduates but who present satisfactory evidence of ability to do college work; and Group E, those who have made no decision as to college or course of study to be followed.

Students in Group A have dual registration as freshmen in the University Junior Division and as freshmen in their respective colleges. Those in other groups are registered only in the Junior Division. Those in Group B have opportunity to remove any deficiencies they may have as well as to carry regular college programs along the lines of their desires and qualifications. Students in Group C carry their terminal course programs under the auspices of the several colleges and under the guidance of special Junior Division advisers. Group E is designated as unclassified with respect to college, and includes those who prefer to follow general programs for a semester or a year before decision as to choice of college is made.

Facilities are provided in the Junior Division for personal counseling with all entering students as to programs to be followed, and as to choice of college to meet particular needs, ambitions, and aptitudes. A special counselor and a staff of advisers serve to aid unclassified students (Group E) in the selection of courses adapted to their desires and qualifications. All students remain registered in the Junior Division until they have removed any entrance deficiencies and have attained sophomore standing in the college of their choice. Each college has set up specific requirements which must be met. For all students eligible for sophomore standing a minimum of 27 credits with satisfactory grades must have been earned.

Admission Procedure

Each student seeking admission to the University is required to make formal application on regular blanks provided by the Director of Admissions. These blanks should be on file in his office at least two months before the beginning of the semester for which the student wishes to enroll. Early filing of admission blanks will insure proper recording of all
information and more satisfactory personal advisement and counseling. When accepted, the credentials are filed in the office of admissions and become the permanent property of the University.

Admission is gained through matriculation in the Junior Division or in one of the 10 colleges (the Graduate School of Social Work and the Schools of Fine Arts, Journalism, and Nursing are included in the colleges), either to freshman standing, advanced standing, or as an adult special student. Requirements for admission to the various colleges vary but slightly, except in the Colleges of Law, Medicine, and Dentistry.

A student may be admitted to the University of Nebraska as a member of
(I) the Junior Division, or
(II) the Junior Division and an undergraduate college jointly, or
(III) an undergraduate college, or
(IV) the Graduate College, or a professional college.

(I) Admission to the Junior Division is granted to
(a) graduates of Nebraska high schools accredited by the University who present as many as 12 units from senior high schools (grades 10, 11, and 12) or 15 units from four-year high schools (conditional admission may be allowed with 11 units completed in the senior high school or 14 units from a four-year high school).

Students admitted conditionally must remove the conditions at the earliest possible opportunity. Degrees will not be granted until such conditions are removed.

An entrance unit indicates the work of five recitations a week, of 40 to 50 minutes each, for at least 36 weeks. In laboratory courses an entrance unit indicates three recitations and two double periods of laboratory work each week for at least 39 weeks. In laboratory courses without recitation, an entrance unit is the equivalent of 15 single periods each week.

(b) graduates of out-of-state high schools accredited by the North Central or other regional accrediting associations who
(1) present high school units as in (a) above and
(2) rank in the upper three-quarters of their graduating class and
(3) present recommendations from their high school principals.

(c) high school graduates other than those described above who have
(1) made creditable scores on entrance examinations and
(2) presented recommendations from their high school principals (if from out-of-state high schools).

(d) All persons discharged from the armed services (and other delayed students) who are not high school graduates but who present satisfactory evidence of ability to do college work, including records of military and/or naval experience, results of General Educational Development Tests and other tests now taken by all civilian students, as well as the record of all high school work showing specific courses completed.

(II) Admission to the Junior Division and to a college jointly is granted to persons who
(a) have been admitted to the Junior Division under options (a), (b), and (c) above, and
(b) have met specific college entrance requirements, including engineering students who lack only chemistry, and
(c) attain requisite rating for ability and achievement in preregistration guidance examinations.

In all cases where direct admission to the Junior Division and to a college jointly cannot be granted under these provisions, admission is granted to the Junior Division only.

(III) Admission to undergraduate colleges is granted to students who have pursued one or more years of college work in other college institutions and who
(a) submit evidence of creditable college work, and
(b) have had accepted by the University a minimum of 27 credit hours of college work, and
(c) present full admission to the specific college chosen, or
(d) submit evidence of creditable college work, and have had accepted by the University a minimum of 53 credit hours of college work (64 for the College of Engineering), even though full admission to the specific college chosen is not presented.
If direct admission to a college cannot be granted to a student under these provisions, admission is granted to the Junior Division only.

(IV) Admission to the Graduate College or to professional colleges (other than Pharmacy and Nursing) is in accordance with regulations printed in the announcements of the colleges and elsewhere in the general catalog.

(V) Persons at least 21 years of age, desiring to pursue undergraduate course work without reference to a degree may be admitted to the University as Adult Specials. Such persons must present to the Director of Admissions evidence of proper preparation qualifying them for the desired courses. All such students if not previously matriculated must matriculate in the University. Credit earned as an Adult Special is not applicable to a degree without approval of the Committee on Advanced Standing.

Applicants who are not graduates but wish to enter from secondary schools accredited to the University must present at least 11 entrance units completed in the senior high school (grades 10, 11, 12) and a recommendation from the superintendent or the principal of the high school that the applicant be admitted before graduation. They must also file with the Director of Admissions a certified record showing the length of time of attendance, the length of each course in weeks, the number of recitations each week, the length of recitations, and the grade secured.

Admission by Examination.—Applicants with at least 11 entrance units from nonaccredited high schools are required to pass, during the period of registration, either the entrance examinations given by the University Examiner or a satisfactory psychological test.

Entrance Subjects.—Students seeking admission to the Junior Division and to a college jointly must present a record of their high school work showing the specific courses completed. These courses are shown in Form B as submitted from the high school from which graduated. While, as already noted, requirements are somewhat similar for all undergraduate colleges, there are some specific subject matter requirements that must be met. These are shown in the following table.

* One unit of mathematics and one unit of foreign language completed below grade 10, while not counting toward the total units in the five fields, may be used in fulfilling the specific requirements in these fields.
† In the five-year and three-year architectural groups the two units of physical science may give place to two units of Latin, French, or social sciences.
‡ Four-year high school basis.
§ Two units from each of two fields required.

Deficiencies in Entrance Requirements.—Any deficiencies in entrance subjects for any specified college must be cleared before admission to sophomore standing in a college can be realized.

The waiving of any requirements as indicated is the responsibility of the University Committee on Freshman and Advanced Standing of which the Director of Admissions is chairman. All requests for the waiv-
ing of requirements must be made through the chairman of this com-
mittee.

Deficiencies in many of the required entrance subjects may be cleared
by carrying college work in those subjects. Such credits may be applied
on the hours for graduation as free electives but may not be used to meet
group requirements or other prescribed courses. Students in the College
of Engineering may apply credit in Physics A and B for entrance only.
Similarly students in this college who must carry the 10-hour course in
beginning chemistry may apply but 6 hours thereof for graduation pur-
poses.

Students who are not high school graduates, or who are graduates of
nonaccredited high schools, may not apply credits toward graduation
which have been earned to meet deficiencies in subject matter entrance
requirements.

Students deficient in algebra or geometry may remove such deficiency
by registering for the required courses in the Teachers College High
School or in the Extension Division.

**Deficiencies Made Evident by the Guidance Examinations.**—Inasmuch
as the ability to use the mother tongue correctly is recognized as essential
to success in college, carefully prepared tests in English usage are ad-
ministered as an integral part of the preregistration guidance program.
On the basis of results of these tests students are assigned to such classes
in English Composition as seem best adapted to their specific needs and
levels of attainment. Most high school graduates qualify for the regular
college classes, namely, English 1 or 3. However, provision is made for
those who fail to qualify for English 1 whereby the deficiency may be
promptly rectified. Such students are registered for English A, a course
designed to meet the needs of those whose preparation in English is
faulty. Although English A is listed as a course which carries no credit,
students whose work is of high quality in this course may receive three
hours credit in English 1.

Although differing in details, somewhat similar arrangements are pro-
vided whereby deficiencies in other lines, particularly mathematics, may
be overcome.

**Admission to Advanced Standing**

Each applicant for admission coming from other universities and col-
leges must file in the office of the Director of Admissions an officially
certified transcript of work already completed, showing the student to be
in good standing and entitled to an honorable dismissal. He must also file
a detailed statement of all high school work completed giving evidence
that it satisfies the admission requirements of the college to which en-
trance is sought.

Credit for course work completed at other institutions than the Univer-
sity of Nebraska is subject to acceptance or adjustment on the basis of
the academic character and standing of the institution from which trans-
ferred. At least 30 of the last 36 hours required for a bachelor’s degree
must be registered for and carried in the college in which matriculated
and by which the degree is to be granted. (Note exceptions under
Requirements for Graduation page 110.)

The transcript of record of a nonresident college student seeking ad-
mission to any of the schools or colleges of the University except Dentistry,
Law, Medicine, and Pharmacy (where additional professional require-
ADMISSION TO SOPHOMORE STANDING

Students must have met all admission requirements and must have attained Group A classification in the Junior Division. They must have satisfactorily completed the program of studies for which registered in

ments obtain), must give evidence that the student has maintained a college or school record not less than 10 per cent above the lowest passing grade in the schools or colleges attended. Where records are not kept on a numerical basis the equivalency shall be determined upon as equitable a basis as possible, provided, however, that when the passing grades are divided into four literal grades such as A, B, C, and D, with D as the lowest passing grade, the average necessary for admission shall be C; when the division is represented by three literal grades, the average shall be halfway between B and C; and when the passing grades are divided into five literal representations and the lowest passing grade is E, a grade halfway between D and C shall be required.

Admission of a resident migrant student of legal residence in this state from accredited collegiate institutions shall be as indicated in the preceding paragraph, provided however, that such migrant student may apply for admission by examination if and when his scholastic record as indicated above does not warrant his unqualified admission. The time, place, and nature of said examination or examinations shall be determined by the Committee on Advanced Standing.

College credit is given for work done in a secondary school only upon examination and when not needed for entrance. A maximum of nine hours credit is allowed, selected from among applied music, chemistry, Greek, mechanical drawing, solid geometry, trigonometry, third and fourth-year German, French, and Latin, and fourth-year English. This must count as elective credit except that applied music is allowed to count on the major or minor requirement. To receive college credit for such work, application must be made to the University Examiner at the time of first registration in the University and the examination must be taken by the end of the first semester.

Advanced Standing by Examination.—Any registered student may apply for permission to receive credit in a course by examination provided that such credit shall not apply to courses in the colleges of Dentistry, Law, Medicine, Pharmacy or the Graduate College. Upon the approval of the chairman of the department and of the dean of the college the student shall apply at the office of the Registrar for the examination. The candidate shall pay an examination fee of $2.50 for each credit hour desired. There shall be a comprehensive written examination which shall be prepared, given, and graded by the department and filed with the University Committee on Advanced Standing with its recommendation of credit allowance. It may be supplemented by oral examination, by a project in the field, or by demonstration of ability to handle laboratory equipment.

Credit shall be expressed and recorded in terms of specific courses offered in the departments concerned, based upon fair equivalents.

The examination must be taken before any course is carried in advance of the one upon which the examination is to be taken. The term "carried" would not prevent students from registering for an advanced course, but it must not be carried long enough to affect the course upon which an examination is to be given.

Admission to Sophomore Standing

Students must have met all admission requirements and must have attained Group A classification in the Junior Division. They must have satisfactorily completed the program of studies for which registered in
their first year of college attendance. Included in the sequence of subjects of this first year are certain courses prescribed by the college in which one chooses to continue in his second year. Each college prescribes the maintenance of certain standards of academic scholarship. These requirements for sophomore standing in each of the several colleges are as follows.

**College of Agriculture**

The completion of a minimum of 27 semester hours of credit with a cumulative grade average of 72 per cent in all courses for which registered. (For students who have an entrance deficiency this requirement will be 30 or 33 hours.)

**College of Arts and Sciences**

The completion of a minimum of 27 semester hours of credit, including 6 hours of English composition, with a cumulative grade average of 72 per cent based on all courses except those marked "A." Students who entered the University without two units in one language may be admitted to sophomore standing provided they have completed two semesters of course work in one language during their first year.

**College of Business Administration**

The completion of a minimum of 27 semester hours of credit at least 18 of which must be in courses prescribed for graduation, and a minimum grade average of 72 per cent based upon all courses taken.

**College of Engineering**

The completion of two semesters totaling 27 semester hours of credit under guidance of the College of Engineering advisers with a weighted grade average of 70 per cent. Students deficient in chemistry entrance requirement may be admitted to sophomore standing upon completion of a one-semester course in chemistry. Other Junior Division students who wish admission to the college shall make application to the Admission Committee of the Engineering College.

**College of Pharmacy**

The completion of a minimum of 27 semester hours of credit with a cumulative grade average of 70 per cent for all work done. Transfer students who enter with credit hours sufficient to entitle them to junior standing shall be admitted directly to the college even though they may not have met all freshman requirements, provided they are able to meet the entrance requirements of the College of Pharmacy. Transfer students failing to meet entrance requirements for this college shall be retained in the Junior Division until such deficiencies are removed.

Candidates for sophomore standing shall be required to include in the minimum of 27 credit hours the following required subjects:

FEES AND DEPOSITS

TEACHERS COLLEGE

The completion of 27 semester hours of credit with a cumulative grade average of 72 per cent. A low percentile rank in the psychological examination required for admission to Group A in the Junior Division and the Teachers College jointly shall be considered removed by evidence of satisfactory scholarship as defined above.

If a condition shall appear during the first year of residence of any student in Group A which will apparently make it highly improbable that he may be able to secure a teaching position, the student will be advised to enter another Junior Division Group. Especial attention in this connection will be given to written and spoken English.

Admission to Professional Colleges

The following requirements must be met by all persons seeking admission to a professional college:

A. DENTISTRY

The successful completion of two years of work (60 semester hours) in an approved college of liberal arts, including one year's work in each of English, biology, physics, and inorganic chemistry and one half year's work in organic chemistry.

B. LAW

The successful completion of three years of college work (93 semester hours) with a scholastic average on all such work at least equal to the average required for graduation from the college from which credits are presented.

C. MEDICINE

The successful completion of three years of college work (90 semester hours) in an approved college of liberal arts, including twelve semester hours of chemistry (four of which shall be organic), eight semester hours in each of biology and physics and six semester hours of English. Note: During the present war emergency admission may be granted on basis of two years of college work (65 semester hours) this to include specific courses just mentioned.

Registration Fees and Deposits

All fees must be paid to the Comptroller at the time of registration. No person may enroll in or attend classes or take any examination until his fees are paid. Students are urged to retain all receipts issued by University officials. The following schedule of fees will remain in force for the year unless changed by The Board of Regents prior to registration.

Personal Necessities

Clothes .................................................. 22 50
Students generally bring a supply from home
Recreation .................................................. 9 26
Sundries (laundry, haircuts, toilet articles) ............ 20 35

Total .................................................... $470 $640

* Laboratory deposit and fees for applied music constitute additional charges. Students registered for military science pay an additional $10 deposit, $1 per semester of which is not returnable.
† Fifteen hours per semester.
‡ Seventeen hours per semester.
§ For 1942-43 the cost in women's residence halls: $330.00 a year, in cooperative houses $188.00. Board, room and dues in a fraternity average $42.00, and in a sorority $47.00 a month per person.

General Fees
Matriculation (payable on entering Junior Division and/or a college) not refundable ........................................ $ 5.00
Payable each semester:
Registration ................................................ 1.00
Medical Service ............................................ 2.50
College of Medicine ........................................ 3.00
Student Union Building Fund, Lincoln campuses ....... 3.00
The Nebraskan (except students registered in the Graduate College and the College of Medicine) ........... .50

Incidental Fees
Reregistration or any change in registration ............ $ 1.00
Late registration, minimum ................................ 3.00
For each additional week after classes have begun .... 1.00
Late registration, graduate students and Lincoln city teachers after September 29, 1945 (noon), first semester; February 2, 1946 (noon) second semester .......... 3.00
For each additional week thereafter ..................... 1.00
Transcript (one copy furnished free) ..................... 1.00
Each additional original copy ........................... 1.25

Nonresident Minimum, each semester (see page 103) ...... $ 25.00

Course Fees
Course fees, per credit hour ................................ $ 2.50
Exceptions: 
In professional colleges this fee varies from $3.00 to $7.00 per credit hour
Correspondence courses, per credit hour ................ 5.00
(Consult Extension Division)
Off-campus and field courses, per credit hour ........ 6.00
Physiology and Pharmacology 153, 156, 174, 213, 214, 232, 235, 236, 301, 302, 304, 321, per credit hour ........... 3.00
Social Work 201, 341, 342, 343, 344, 347, 348, 379, 380, per credit hour ........... 4.00
Zoology 105, 106, 107, 108, per credit hour ........... 3.00

Special Students
Students carrying a single course and not in excess of 6 hours in any one semester will pay only the matriculation and regular course fees.

Auditor
Students carrying 16 or more credit hours, or 12 or more hours in College of Law or the Graduate College, per course .................. 1.00
Students carrying less than 16 credit hours, or less than 12 hours in College of Law or the Graduate College, the regular course fee ... 1.00
Students not carrying other courses, registration ........ $ 1.00
In addition, the regular course fee.

Refunds.—Fees will not be refunded.

Laboratory Deposits, Breakage and Rentals
In certain departments, special fees are required in addition to the regular tuition fees. These include deposits, laboratory deposits and breakage (unused portions of which are returned at the end of the semester), rental, and private lesson fees. All these fees are collected at the office of the Comptroller, Room 102 Administration Hall.
**Fees and Deposits**

**Bacteriology laboratory deposit and breakage**
- Bact. 101, 103, 199, 201A, 201E, 201G, 301, 350, 351, per credit hour: $2.00
- Bact. 106 (Microscope deposit): $1.00

**Biology laboratory deposit and breakage**
- Biol. 1, 2, per course: $5.00

**Botany laboratory deposit and breakage**
- Bot. 1, 2, per course: $5.00

**Chemistry and Chemical Engineering laboratory deposit and breakage**
- Chem. and Chem. E. 1, 2, 3, 4, 5, 106, 107, 128, 170, per course: $5.00
- Chem. and Chem. E. 199, 233, 234, 239, 343, 382, 384, 385, 386, 387, 388, 394, 396, 398, per course: $15.00

**English**
- 239, 240: $15.00

**Military band instrument, uniform**
- Military band instrument: $5.00
- Military band uniform: $10.00

**Military Science deposit for uniform**
- ($1.00 per semester is retained as service fee): $10.00

**Music**
- Mus. 105, rental of instruments (twice each semester): $2.00
- Private lessons for all students working toward the degree of Bachelor of Music or Bachelor of Music in Education, per semester: $70.00
  - (This entitles the student to three private lessons per week and use of practice room)
- Additional private lessons per week, per credit hour, per semester: $10.00
- Private lessons for all other credit, noncredit, and adult special students, per semester: $22.50 to $72.00
- Rent of piano or practice room, per semester: $10.80 to $32.40
- Rent of pipe organ, per hour: $0.25
- Rent of pipe organ for 6 hours or more per week, per hour, rental for entire semester payable in advance at this rate: $0.20
- Physical Education locker deposit (35c per semester is retained as lock rental)
  - Phys.Ed. 3s, 17s, 41, 42, 43, 44, 51, 52, 53, 54, 70s, 155, 156, 163, 164, 165, 166: $1.00
  - Physiol. and Pharmacol. 101, 102, 118, 155, 191, 192, 213, 214, 232, 234, 237, 301, 302, 304, 321, per course: $5.00

**Speech laboratory deposit**
- Speech 9, 10, 55, 56, 75, 76, 109, 110, 127, 128, per course: $1.00

**Zoology laboratory deposit and breakage**
- Zool. 1, 2, 6, 101, 102, 103, 105, 106, 107, 108, 109, 112, 151, 213, 230, 232, 243, 245, 255, 256, 261, per course: $5.00

**Special Examination**
- Each course, general colleges: $1.00
- Each subject, Law College: $2.00
- Each subject, Medical College: $5.00
- Advanced standing, Law College: $10.00
- Advanced standing by examination, per credit hour: $2.50

**Graduation**
- Baccalaureate degree or Associate degree: $5.00
- Advanced degrees: $10.00
- In absentia or medical cum laude, additional: $10.00
- Certificate: $1.00

1 One class lesson may be substituted for one private lesson.

**Thesis Binding Fee (master's and doctor's degrees)**: $3.00

**Abstract Fee (Doctor of Philosophy degree)**: $25.00

**Professional Colleges**

**Dentistry**
- Registration, each semester: $1.00
- Medical Service, each semester: $2.50
- Student Union Building Fund, each semester: $3.00
- Nonresident, minimum, each semester: $25.00
- The Nebraskan, each semester: $0.50
- Tuition, including academic tuition, each semester: $110.00

---

**Bacteriology laboratory deposit and breakage**
- Bact. 101, 103, 199, 201A, 201E, 201G, 301, 350, 351, per credit hour: $2.00
- Bact. 106 (Microscope deposit): $1.00

**Biology laboratory deposit and breakage**
- Biol. 1, 2, per course: $5.00

**Botany laboratory deposit and breakage**
- Bot. 1, 2, per course: $5.00

**Chemistry and Chemical Engineering laboratory deposit and breakage**
- Chem. and Chem. E. 1, 2, 3, 4, 5, 106, 107, 128, 170, per course: $5.00
- Chem. and Chem. E. 199, 233, 234, 239, 343, 382, 384, 385, 386, 387, 388, 394, 396, 398, per course: $15.00

**English**
- 239, 240: $15.00

**Military band instrument, uniform**
- Military band instrument: $5.00
- Military band uniform: $10.00

**Military Science deposit for uniform**

<td>A breakage fee of $10 per year is charged, the unused portion of which will be returned at the end of the year. Microscopes may be rented at the rate of $15 each per year. For elective courses requiring laboratory space, apparatus, and material, an extra fee is charged. This fee is by agreement between the student and the chairman of the department, and is based on the amount of material required. No student in the College of Medicine may be excused from tuition payments because of the fact that he holds an appointive position or is doing instructional work for any department. Special course fees or the fees of students taking part-time work is prorated on the basis of the number of hours of work. In no case is the fee more than 20 cents for each hour of work. The minimum fee, however, is $10. Breakage in the laboratory and damage to the College property is charged to the individual or class responsible. In case the responsibility for the damage cannot be placed it is charged to the class pro rata.</td>

Summer School

See Announcement of the Summer School

Form of Payment.—To avoid misapprehension as to the amount charged for fees, checks on personal accounts will be received only when written for the exact amount of the fees. Parents or guardians should write checks for fees and for other expenses separately; if this is not done, students should deposit funds in a local bank and give personal checks for the amount of the fees.

Remittance by mail should be by draft, money order, or cashier's check. Do not send coin or money except by registered mail. It is impossible to trace money lost in the mail and University officials cannot be held responsible for such loss.

Matriculation.—Each student entering the University and registered in the Junior Division shall pay a fee of $5. During the period of his registration in the Junior Division he may take work in any of the undergraduate colleges not requiring more than high school graduation for admission and he may indicate a choice as to the college in which he intends to matriculate. At the completion of his work in the Junior Division and upon the indication of his final choice of college, the fee he has paid will be applied as a matriculation fee for such college. After completion of work in the Junior Division, no change of college made will be allowed without the payment of an additional matriculation fee.

Nonresident Students.—All students not resident of Nebraska must pay a nonresident fee, the fee charged being not less “than the fee charged to residents of Nebraska for a similar course of study in a corresponding institution by the state in which such a nonresident has his home.” This fee will not be less than $25 a semester. The exact amount will be determined when application is made for entrance to the University.

The following rules have been adopted by the Board of Regents:

1. In accordance with statutory provisions, all students not domiciled in Nebraska are required to pay the nonresident fees. Those entering the state to attend a state school, or within one year prior to matriculation, are presumed to be nonresidents and the burden of overcoming this statutory presumption is upon them. Ordinarily this will not be satisfied by a mere declaration, while attending school, of intent to reside in Nebraska.

2. One desiring exemption shall make a verified application therefor upon a blank to be secured from the Comptroller's office and approved
by the committee on exemptions. All information called for by the form shall be given in full. When duly verified, the application shall be filed in the Comptroller's office.

3. Students who are charged the nonresident fee by the Registrar, and who claim exemption, must file their application for exemption in the Comptroller's office on or before the end of the ninth week of the semester for which the fee is charged; in the case of summer sessions, before the end of the third week of the term for which the fee is charged. For failure after due notice to file such application on said date, the fee becomes automatically assessed to the student.

4. In all cases the burden is upon the applicant to make a showing sufficient to justify the requested exemption. While personal hearings will not be granted as of right, the committee will summon the applicant for a personal interview in all cases where it is of the opinion that such an interview will aid the proper disposition of the case.

It should be noted that no provision is made for exempting students from this fee on account of financial need or of scholarship. Students coming from outside the state therefore should be prepared to pay the fee throughout their University career.

Refunds.—The matriculation fee will be refunded only when charged through an error of a University official. Registration fee, medical service fee, Student Union Building fund fee, The Nebraskan fee, auditor fees, and all fees in the School of Nursing will not be refunded but tuition and nonresident fees may be refunded on withdrawal in good standing from the University as follows:

<table>

<td>1</td>
<td>2</td>
<td>3</td>
<td>4</td>
<td>5-6 weeks</td>
</tr>
</tbody>
</table>

Expenses.—The cost of the student's education is determined by the amount of fixed expenditures for fees, books, and instruments for his course together with personal expenditures for board and room, laundry, transportation, clothing, amusements, and sundries. Fixed expenditures are comparatively small. Personal expenditures may be large or small depending upon the standard of living the student sets for himself. Board and room may vary from $6 to $12 a week.

Books.—The Regents' Bookstore, maintained by the University, handles both new and used books. This store is operated on a cost basis thus enabling students to purchase books at a considerable saving to themselves.

Employment.—About 50 per cent of the men and 36 per cent of the women attending the University earn a part or all of their expenses while going to school. Information concerning part-time employment for men may be secured from the office of the Dean of Student Affairs and for the women at the office of the Dean of Women.

Student Loan Funds

Loan funds for the benefit of students in the University are maintained by the University and by private organizations. The University of Nebraska Student Loan Fund is in the custody of The Board of Regents, but is not regarded as a part of the University's resources.
Loan funds are administered in accordance with the wishes of the several donors and in accordance with the rules and regulations adopted by the Student Loan Committee and approved by The Board of Regents. Not all of the principal is loanable.

In making the loans the committee takes into account the moral character, habits of temperance and industry, and assiduity and success in his studies of the applicant. No distinction is made among students on account of sex or course of study other than those prescribed by the donors. The committee before making any loan must be convinced of the student’s real need for assistance. Applicants belonging to the upper classes are given preference and no loan is made to a student who has not been matriculated for one year. Likewise preference is given to those who have not formed expensive habits or do not belong to expensive societies or organizations.

The amount loaned to any applicant is limited to his actual needs, and except in extraordinary cases is limited to $100 a semester. For each loan a note is taken, drawn for the full amount of the loan and with interest at 5 per cent, payable as specified in the note. The University will participate in the student loan program provided by the Federal Government to assist students participating in accelerated programs “in engineering, physics, chemistry, medicine (including veterinary), dentistry and pharmacy.”

Detailed information on student loans may be secured at the office of the Comptroller.

### Auditing Courses

Provision has been made whereby any student, upon the payment of the proper fee, may audit a course in which it is presumed credit is not desired or needed. To obtain this privilege the student must secure from the office of the Registrar an application card which must be properly filled out and signed by the instructor of the course in which auditing privileges are desired, countersigned by the dean of the college in which the student is registered, and returned to the Registrar’s office. Credit will not be granted for any audited course unless the auditor shall have registered for and repeated the course as a bona fide student. Auditors have no other privileges than that of hearers and observers.

### Scholarships and Awards

Prizes and awards for high scholarship are offered by organizations and individuals interested in furthering scholarship in their particular fields. In addition, a number of cash prizes and scholarships are administered by the University itself. Detailed information on these follows:

**Regents Scholarships.**—The Regents of the University of Nebraska have provided 250 scholarships for freshmen graduating from Nebraska high schools and entering the University.

Each accredited Nebraska high school may enter any students in the upper fourth of the graduating class. Each school is allowed at least two contestants even though this number may constitute more than the upper fourth of the graduating class in small schools. They must be certified by the superintendent or principal as having graduated at midyear or as eligible for graduation at the end of the school year or by September 1.

All high school seniors approved for entry in the competition will be
required to take certain examinations. Included in this battery of tests will be materials revealing ability in English usage, general vocabulary, and certain basic information in mathematics, sciences, and social studies. These tests attempt to measure general concepts within these several areas of knowledge. In addition to these general concepts, the tests will reveal certain mental abilities and evidences of aptitude to do college work successfully.

All senior students in Nebraska high schools, meeting specific requirements as noted above, are eligible to participate in Regents' Scholarship examinations. Students of parents who reside outside the state of Nebraska may receive awards provided that said students pay the non-resident fees in accordance with the state law.

The scholarships are good for the freshman year only, and exempt the winners from payment of all fees except matriculation, registration, medical, Student Union, The Nebraskan, applied music fees and the Special Fee in the School of Nursing. They will be renewed for the second semester if the student's work justifies their continuance. The awards are worth $35 to $45 a semester.

Announcements of awards will be made in time for use at the graduation exercises in the home high school, provided that the school holds these exercises after May 1. At this time the student will receive a scholarship. These scholarships must be formally accepted by the student before July 15, or the award will be given to the next ranking alternate, regardless of school.

**Tuition Scholarships for Graduates of Nebraska Junior Colleges.**—The University of Nebraska awards each year one scholarship to each accredited independent junior college in the state that is organized specifically as a junior college and does not award the bachelor's degree. The scholarship goes to the graduate of each junior college who has the highest scholastic record of his class or to an alternate to be selected by the president or chief administrative officer of the junior college, provided the alternate is in the highest 10 per cent of the graduating class. The value of the scholarship will not exceed $80 for the academic year; is to be applied on tuition fees only; and is to be available only in the first and second semesters of the academic year beginning the September immediately following graduation from junior college.

**General University Scholarship Awards.**—Through the generosity of alumni and friends of the institution, the University of Nebraska has available for annual award several scholarships. Except as otherwise indicated, sophomore standing is prerequisite to candidacy for a scholarship. Candidates should have demonstrated high scholarship, industry and perseverance, as well as reasonable promise for the future. At the same time, in accordance with the wishes of the donors of the scholarships, no student who is able financially to pay his own way at the University can be considered an applicant.

A special bulletin setting forth detailed information, entitled "Fellowships, Scholarships and Student Loan Funds" may be secured through the office of the Director of Admissions.

**Honors Convocation**

This convocation is held annually for the purpose of giving recognition to students who excel in scholarship. The printed program of the ceremonies gives the names of the seniors who rank in the upper 3 per cent
of their class, the names of students who have been recognized four
times on the honor lists, and the names of the students who rank in the
upper 10 per cent of each of the four classes of each college of the Uni-
versity. It gives also the names of the undergraduate recipients of prizes
and awards for excellence in scholarship, and the names of those student
organizations which reach certain designated levels of scholastic attain-
ment.

**Honorary Societies**

**Alpha Lambda Delta**, national honorary fraternity, recognizes ex-
ceptionally high scholastic achievement among freshman women in each
college of the University, and stimulates high scholarship among its mem-
bers throughout their course. Any freshman woman of high character
enrolled in the University of Nebraska carrying 12 or more credit hours
and making an average of 90 or above during her first semester or year
is eligible for membership in this organization. Members are active
during their sophomore year, and become collegiate members during
their remaining two years.

Alpha Omega Alpha, honorary medical fraternity, was organized at
the University of Nebraska College of Medicine November 2, 1914.
Membership is based upon scholarship and moral qualifications. Elec-
tions are made from the students who have completed seven semes-
ters of the four-year medical curriculum and are by unanimous vote of the
active members of the chapter. Not more than one-sixth of any class
may be elected to membership.

**Alpha Rho Tau** is a local, honorary scholastic fraternity whose mem-
bers are chosen entirely upon the basis of scholarship from the three
departments of fine arts. To be eligible for election, a student must be
a candidate for graduation at the succeeding June Commencement, or
must have graduated at the preceding midyear or the preceding summer
school.

**Alpha Zeta** is a national society of agricultural students who have
completed at least three-eighths of a four-year collegiate course in agri-
culture with grades that place them in the upper two-fifths of their
classes. Moral character and leadership qualities are also considered.
Election requires the unanimous approval of the advisory council and of
faculty members of the society. The chief duties of members include
raising the general standards of members, commendation of their worthy
deeds, and censure of unworthy actions.

**Beta Gamma Sigma** is a national honorary scholastic fraternity com-
posed of a limited number of men and women selected from the upper
classes of the College of Business Administration.

**Delta Phi Delta** is a national honor art fraternity which elects students
to membership on the basis of the quality of their work and the promise
which they give of professional success in their chosen field of art. At
least once each month Delta Phi Delta sponsors social activities, art
lectures, or art exhibitions of particular interest to students.

**Delta Sigma Rho** (1906) is the national honorary forensic society to
which are elected certain of the Nebraska speakers in intercollegiate de-
bates.

**Gamma Sigma Delta** is a national agricultural society. Members are
chosen by members of the faculty from among (1) the graduate students,
(2) senior students within a semester of graduation, (3) faculty members of three years standing in agriculture or related science, and (4) alumni of five years standing who have rendered signal service to agriculture. Senior elections are restricted to those who combine a scholarship standing in the upper one-fourth of the class with personal qualities that give promise of leadership in agricultural teaching or research. Not more than 15 per cent of the students in any class may be elected to membership.

Omicron Kappa Upsilon, honorary dental fraternity, granted Alpha Alpha chapter its charter at the University of Nebraska College of Dentistry, in May 1929. In this honorary fraternity election occurs at the end of the fourth dental year and is based very largely upon the scholastic record of the four years of the dental course.

Omicron Nu.—A national home economics honor society. Omicron Nu, has a chapter at Nebraska which elects not more than one-fifth of the students who are within three semesters of graduation. They must have attained or exceeded a specified average grade but promise of leadership is also considered. Members are nominated by a committee which includes a member of the faculty. They are elected by a vote of the society in which the faculty votes have a weight of two-thirds of all votes cast.

Order of the Coif is the honorary law society to which not more than one-tenth of the senior class is elected yearly, solely upon the basis of scholarship as shown by grades attained.

Phi Beta Kappa, founded at the College of William and Mary in 1776, has for its object the promotion of scholarship among the students and graduates of American colleges. The Alpha of Nebraska chapter was founded in 1896 at the University. One hundred forty-one chapters now make up the national organization, with nearly 100,000 living members. Regular elections are made in the autumn and spring annually. The chapter elects from one-tenth to one-sixth of those eligible.

Phi Delta Kappa is a national professional fraternity of men in education, which was formed in 1910. Nebraska's Omicron chapter was organized in 1914. The purpose of the organization is to foster research, to prepare for leadership, and to render service in public education. Active membership is limited to graduate students in education or undergraduates of at least upper-junior rank who have attained high academic recognition and who give promise of professional leadership. Members of the faculty are eligible to membership and to participation in the activities of the organization.

Phi Lambda Upsilon, founded at the University of Illinois in 1899, is a national honorary chemistry fraternity whose object is the promotion of high scholarship and original investigation in pure and applied chemistry. Members are selected from graduate students and qualified juniors and seniors on the basis of scholarship and character. The Nebraska chapter, one of 39 active chapters, was established in 1922.

Phi Sigma Iota is a national honorary Romance language fraternity which has for its purpose the recognition of outstanding ability in the Romance languages and the stimulation of advanced work in this field. Members, chosen on the basis of general scholarship, are selected from graduate students and qualified juniors and seniors.

Phi Upsilon Omicron is a national professional fraternity for women in home economics. The purpose of the organization is to "establish and
strengthen bonds of friendship, promote the moral and intellectual development of its members, and to advance and uphold the standards of the home.” Membership is based upon scholarship, personality, and moral character.

**Pi Epsilon Delta** (national Collegiate Players) is an honorary dramatic fraternity, the purposes of which are (1) to affiliate closely the college groups working for the betterment of the drama in their own institutions, (2) to stand as a national unit in all nation-wide dramatic movements, and (3) to raise dramatic standards and achievements by encouraging the best individual and group efforts possible in playwriting, acting, directing, stage designing, and research in dramatic technique and literature.

**Pi Kappa Lambda**, national honorary music fraternity, has its Beta chapter in the University of Nebraska Department of Music. This honorary society provides an organization dedicated to the furtherance of musical education, membership in which shall be open to honor graduates. Members are chosen from the upper fourth of the senior class.

**Pi Lambda Theta**, an honorary educational fraternity for women, is organized to foster professional spirit, high standards of scholarship, and an abiding interest in educational affairs. The organization was founded in 1917 and now has 38 active and 23 alumnae chapters at leading universities. Women of junior, senior, and graduate rank in Teachers College, giving evidence of superior professional interest and ability, are considered for membership.

**Pi Mu Epsilon** is a national honorary mathematical fraternity. Students are recommended for membership by their instructors, on the basis of ability. A course in calculus is prerequisite. Meetings are held monthly.

**Pi Tau Sigma** (1938) is a national honorary society with membership limited to junior and senior mechanical engineering students who are selected on the basis of scholastic standing and personal characteristics as judged by faculty and fellow students. The object of this organization is to foster high ideals of the engineering profession, to stimulate interest in departmental activities, and to promote the professional welfare of its members.

**Psi Chi** is a national honorary psychological fraternity founded for the purpose of advancing the science of psychology and for encouraging, stimulating, and maintaining scholarship of its members, particularly in the field of psychology. Members are selected from graduate students and from capable juniors and seniors in psychology.

**Sigma Tau** is a national honorary engineering society founded at the University of Nebraska in 1904. Selection to membership is made from junior and senior students, on the basis of scholarship and the other general qualifications promising successful careers in engineering.

**Sigma Xi**, organized at Cornell University in 1886, endeavors to encourage original investigation in pure and applied science. Eighty-two chapters now make up the national organization. The Nebraska chapter was established in 1897. Elections are held during the second semester of each year.

---

**Senior Honor Societies**

**Mortar Board.**—A national honorary society for senior women, Mortar Board is represented on the University of Nebraska campus by the Black
Masque chapter. Membership in the organization is an honor greatly coveted by women students. Thirty proposed candidates are selected annually from junior women by a vote of all junior and senior women. From this group, the active members of Mortar Board elect their successors, usually 13 in number. Membership is determined on the basis of successors. Membership is determined on the basis of scholarship, leadership, and service to the University. Mortar Board sponsors many campus activities, including a Mortar Board party in the fall, a scholarship tea in the spring honoring University women of high scholastic standing, presentation of the May Queen, and other Ivy Day ceremonies.

Innocents.—A senior honorary society for men, Innocents is unaffiliated with any national organization. Each Ivy Day 13 juniors are tapped by the active members of the society as their successors. This selection is made from 35 proposed candidates chosen in the spring election by all junior and senior men. Similar to Mortar Board, membership is determined chiefly on the basis of scholarship, leadership, and service to the University. The members assist at football rallies and freshman convocations; they conduct the annual sale of freshman caps, sponsor the Homecoming decorations contest, and form a connecting link between the University administration, the faculty, and the student body. The Innocents society endeavors to strengthen and perpetuate Nebraska traditions and to promote and stimulate interest in new and worthy projects of benefit to the University.

Requirements for Graduation

To obtain a bachelor’s degree in any of the colleges of the University, except in Dentistry, Engineering, Law, and Medicine, the student must complete and have credit for a minimum of 125 credit hours. Students transferring to the University from other collegiate institutions and having junior standing or above must complete in residence not less than 30 of the last 36 hours required for the degree. A student who has satisfactorily completed not less than 90 hours of credit in the University may, upon the approval of the faculty of the college in which matriculated, attend another institution during his fourth or last year. Credit for approved courses satisfactorily completed in that institution will be acceptable for transfer and applicable to the degree for which the student is a candidate in the University. At least 80 per cent of the student’s work carried in this University must be of a grade of 70 or more to count toward graduation. A student expecting to receive a diploma or certificate must file with the Registrar an application to be admitted to candidacy for graduation. Blank forms for this purpose may be obtained from the office of the Registrar in Administration Hall, Room 7. No student is recommended for a degree who has not been reported as within 18 hours of this requirement at the beginning of his last semester. Other rules apply to the Colleges of Dentistry, Law, and Medicine.

A credit hour represents the completion of a total of three hours work per week for one semester, consisting of lectures, recitations, preparation, or laboratory. A semester covers a period of approximately 16 weeks, including registration and examinations.

The maximum amount of credit that may be earned by a student during any semester does not generally exceed 18 hours.

Credit may not be received for work carried in the Extension Division at the same time a student is registered for resident work, if the combined
number of hours is more than the maximum allowed. No credit earned by correspondence will be accepted toward an advanced degree. At no time may more credit hours for correspondence study be recorded in the office of the Registrar than the student has on record and earned in residence in the University of Nebraska or in another institution of college grade and accepted at the University of Nebraska.

All candidates are expected to appear in cap and gown at the commencement exercises.

Specific requirements for graduation peculiar to the several colleges and schools are set forth in the official announcements of these colleges and schools. All students should consult the official announcement of the college in which matriculated for further information.

Graduation With Distinction

The several colleges of the university recognize scholarship in an appropriate manner. Students who at the time of their graduation are shown to have maintained exemplary standards of scholarship and to have maintained the minimum standards as stipulated by the college in which matriculated may be formally recognized as graduates with "distinction," "high distinction," or "cum laude."

Further information concerning this matter is included in the announcements of the colleges of the University and should be consulted by all interested students.

Rules and Regulations Governing Students

Scholastic

Registration.—Each applicant for admission, having forwarded his entrance credentials to the Director of Admissions, will be informed of his standing and given definite instructions regarding the various steps in registering. Upon arriving at the University he should present himself either at the office of admissions, 103 Administration Hall, or elsewhere as directed.

Subject Load.—Freshmen and sophomores do not generally register for more than 16 or 17 semester hours of work. With the approval of his Dean, a student of marked ability, may, upon the recommendation of his adviser, be permitted to register for course work in excess of the usual amount. In all cases the adviser will take into account the extent of outside employment and the condition of the student’s health before registration for excess hours is approved. A regular student is one who has met the entrance requirements for freshman standing and is carrying not less than 12 hours. However, a student may, under special conditions, register for less than 12 credit hours by permission of his dean.

No student may attend classes nor receive credit for subjects in which he is not registered.

Late Registration.—A fee of $3 is charged each student who, unless excused by the Comptroller, fails to complete his registration or to pay his fees during the time set aside for those purposes. In addition, $1 will be charged for each week that has elapsed since classes began.

Changes in Registration.—To drop or add a subject a student must consult his adviser and secure his dean’s permission before filing the permit to change registration in the office of the Registrar. Any change in registration once made will require payment of the reregistration fee of $1. Written permission of the dean of each college concerned shall be
secured before a student may change from one group of studies to another or from one college to another. Students changing colleges shall pay a new matriculation fee of $5 when the change is made and shall meet the graduation requirements of the new college in force at that time.

Registrar's Record.—All details of registration and all records of students during their attendance at the University, together with interpretation and publication of all rules relating to registration, are under supervision of the Registrar.

Freshman Days.—Every freshman not previously registered in the University should be present for the convocation for all new students at 9 a.m. on Thursday, September 13, and for the tests to be given to new students on September 13, 14, and 15.

The plan for the University Junior Division requires that a series of tests be taken by all entering students in order to provide an adequate basis for advice and guidance. Registration in the University cannot take place until these tests have been completed. All new students should take them on the above dates and be ready for the registration period, September 17, 18, and 19.

Advisers.—After a student's application for admission to the University of Nebraska has been received the data will be tabulated for consideration by the counselors of the Junior Division and the several colleges of the University. Each applicant, on the basis of his record and expressed preferences regarding the college and courses to be chosen, will be assigned to an adviser who is fully informed as to the educational programs and registration details involved. Following the convocation for all new students, each student will receive his appointment card on which will be given the name of the adviser and the hours for any tests to be taken as well as the specific appointment with his adviser for the completion of his registration. The advisee is urged to discuss with his adviser all problems of registration and also to consult with him concerning improvement of study habits, choice of vocational or professional careers, and any other matters concerning which he may need or desire personal counsel.

Guidance and Counseling Examinations.—Guidance examinations are given as a part of an orientation week program for all new students in the undergraduate colleges. The examinations are required of all entering students, both freshmen and transfers. Following the opening convocation, four consecutive half-day periods are devoted to the examinations. Entering sophomores and freshmen are required to attend all four periods; entering juniors and seniors take only the proficiency examination in English which is given at the last period.

The purpose of the guidance examinations is not to impose any barrier to admission to the University but rather to discover with and for each student his points of strength and weakness in the academic fields of study. In the light of demonstrated interests and abilities, a program of courses can be arranged which will render more effective classroom instruction than that which results from a more casual selection of courses. The integration of vocational needs with cultural development points to more complete adjustment in a chosen field of endeavor.

Vocational and educational guidance beyond that which is based on the preregistration guidance examinations is provided through several agencies within the University. Prospective students should apply to the Director of Admissions, or to the Junior Division. Students registered
in the University should apply to their adviser, to the Dean of their college, or to the Office of Admissions.

Medical Examination.—Each new student will, at the time he first enters the University, submit to a medical examination by the University staff physicians. Arrangements for the examination will be made at the Office of Admissions and the examination must be taken before any fees may be paid or registration completed. There is no fee for this examination.

Military Science and Physical Education.—Each regularly enrolled undergraduate male student save War Veterans who have had at least three months of service in the Armed Forces is required to register for military science during four semesters. Women students must register for physical education during a like period. Unless excused or reprieved, this requirement must be met during the first two years.

Excuses from military training may also be granted on the grounds of conscientious objection, physical disability as determined by the student health department, or for other valid reasons, and that only upon written application to the Commandant of Cadets. An appeal may be taken to the Dean of Student Affairs.

Students excused from the courses in formal military training and tactics on grounds of conscientious objection or physical disability are required to do work in physical education equivalent in amount.

Students entering the University with 15 hours of advanced credit must carry three semesters of military science (men) or physical education (women). Those entering with 30 hours must carry two semesters; with 45 hours, must carry one semester; with 60 hours, are excused from both years. Students over 25 years of age at the time of first matriculation in the University and those taking not more than 6 hours are excused, as are those nonmatriculated students attending the short courses. Any student excused from this requirement must still, before graduation, obtain the full number of credit hours required of other candidates for the degree sought. Military science work taken elsewhere than at the University, when given under an army officer detailed as professor of military science and tactics, may be credited in the same manner as any other study pursued at another institution.

Class Attendance.—Students are expected to attend regularly all recitations, laboratories, and field work. Temporary leave of absence may be obtained from the dean of the college, the Dean of Women, or the Dean of Student Affairs. However, such leave does not excuse a student from meeting all course requirements.

Reports.—Each instructor is expected to make a weekly attendance report to the office of the Dean of Student Affairs on courses open to freshmen and sophomores. He shall also report excessive absences in all undergraduate courses. At the end of the sixth, twelfth, and eighteenth week respectively, each instructor is required to make a report to the office of the Dean of Student Affairs on all students making an unsatisfactory scholarship record. Reports on the standing of all students are made to the Registrar at the end of the semester, 60 being the passing grade.

Student Conduct.—The University expects its students to be ladies and gentlemen. Misconduct of a student may cause him to be refused registration, suspended, or expelled. A call from a University official or committee must not be neglected. Dishonesty in written work as well as in examinations should be reported to the Dean of Student Affairs.
Scholastic Standing.—The office of the Dean of Student Affairs is responsible for the enforcement of rules as to the maintenance of scholastic standing. These rules specify that whenever at the end of the sixth week, twelfth week, or at the end of any semester a student is making an unsatisfactory scholastic record in two-fifths or more of his hours of registration, he is subject to dismissal from the University. However, if there are unusual extenuating circumstances, he may petition the Scholarship Committee for permission to continue his University work on probation. At least 80 per cent of the student’s work must be of a grade of 70 or more in order that it may count toward graduation. Whenever a student has accumulated 25 credit hours with grades below 70 he may be placed on probation, may have the number of hours for which he may register stipulated, or have his participation in extracurricular activities curtailed. A student who is subject to such probation during a subsequent semester may be dismissed from the University.

A student who has been dropped from a college of this or any other university may not register in any college of this University without permission of both the Committee on Scholarship and the dean of the college which he wishes to enter.

Detached, self-contained professional colleges shall be subject to these rules at the discretion of their faculties.

Final Examinations.—Final examinations are held at the end of each semester. Other examinations may be held at the option of the instructor. Individual examinations are allowed only after the regular examinations have been completed and then only with the permission of the instructor and upon the payment of the special examination fee.

Honorable Dismissal.—Students not minors who are in good and honorable standing may secure honorable dismissal from the University at their own request, and minors at the request of parents or guardians, upon application to the Dean of Student Affairs or the Dean of Women. Students withdrawing in good standing may secure refunds of fees in accordance with the schedule printed on page 83.

Announcements.—Any announcement is binding upon all students when placed upon the official bulletin board, printed in The Nebraskan or announced at convocations. All signs, posters, and announcements to be posted on the bulletin boards must be approved by the Registrar and no private advertising will be approved. No announcements will be permitted on buildings or other University property without the permission of the Operating Superintendent and his permission is necessary before any handbills or cards may be given out at the entrance to the campus.

Extraordinary Meetings.—Extraordinary meetings may be held on the University campus upon call stating business of meeting, signed by at least three students, approved in the office of the Registrar, and posted on the University bulletin board, and shall be open and subject to adjournment by the Chancellor or Dean of Student Affairs.

Social

Social functions are under the supervision of the Faculty Committee on Student Organizations. These functions shall be held on Friday and Saturday evenings or the evening immediately preceding a holiday and shall close not later than 12 o’clock midnight. All organization parties, picnics, student migrations, and other functions where women are present shall
be registered in the office of the Dean of Women and shall be officially chaperoned.

Departmental clubs may hold one meeting a month which extends after 9 p.m. on midweek nights except in student residential buildings. Additional meetings must be held before 9 p.m. or on Friday or Saturday evenings.

Special permission must be secured from the Faculty Committee on Student Organizations for dances or other functions outside the University or its immediate vicinity, for subscription dances or parties, for out-of-town performances, and for out-of-state orchestras.

Exchange dinners, dinner dances, and hour dances may be held on week-end nights only.

Further regulations provide that (1) alumni organizations and mothers' clubs may hold social gatherings in organized houses on weekday afternoons, (2) dances, card parties, and organized functions may not be held on Sundays, (3) student organizations operate under sponsorship of a member of the faculty and with a budget supervised by the committee.

Student Activities

Eligibility.—For the duration of the war eligibility for any major student activity requires the carrying of 12 credit hours satisfactorily and the completion of 24 hours in the University of Nebraska during the last two semesters, and 12 hours during the last semester in residence. A semester of residence is any semester in which a student remains four weeks after classes have begun. Any freshman may participate provided (1) that he is a regular bona fide matriculant; (2) that he is regularly enrolled in 12 semester hours; (3) that in order to participate during a second semester he shall have completed 12 semester hours in academic courses the previous semester; (4) that in order to participate during a third semester he shall have completed 24 semester hours during his two preceding semesters, and thereafter he shall meet the present Conference eligibility requirements; (5) that no athlete (freshman or otherwise) shall be awarded a letter except as he shall have completed 12 hours in course work in the semester in which he participated.

Correspondence extension courses may not count toward these requirements except to remove an F, and then only upon the consent of the instructor. No subject added after four weeks of class work may count toward these requirements except to remove an F, and then only upon the consent of the instructor. No subject added after four weeks of class work may count toward eligibility for the student's current semester.

Associated Women Students has ruled that freshman women may not participate in minor activities until the end of the first six weeks period.

Organizations and Social Functions.—The Senate Committee on Student Organizations and Social Functions has supervision over all nonathletic organizations and social functions and audits all accounts of such organizations as come into financial relations with the public. Any new student organization must secure the approval of this committee.

Student Publications.—There are three all-University student publications—The Nebraskan, the Aungwan, monthly humor magazine, and the Cornhusker yearbook. They operate under supervision of the Student Publications Board composed of three elected student and four appointed faculty members and the Manager for Student Activities. Other publications by students include the monthly Cornhusker Countryman; a
newspaper issued once a year, called the Farm Op Spotlight; the Nebraska Blue Print, an engineering magazine issued eight times during the school year; and the semiannual Pershing Rifleman. (Of these last named publications, only the Blue Print was printed during the War Emergency.)

**Library Service**

**Library.**—Students in the University may withdraw for a period of two weeks books which are not reserved for reference or class use. Books on reserve may be withdrawn for overnight use only. All library accounts must be cleared before receiving a degree or before leaving for the summer vacation.

**Student Guidance**

The University provides guidance services along educational and vocational lines through several agencies.

Educational guidance regarding the selection of courses and organization of the student's course of study is provided by the various counselors and advisers representing the various colleges, schools, divisions, and departments in the University. Requests by freshmen or prospective freshmen for educational guidance should be made through the Dean of the Junior Division. Upperclassmen, whether regularly enrolled students or persons transferring into the University, may direct their requests for educational guidance to the office of admissions, or the office of the dean of the college, or chairman of the department in which they are interested.

Vocational and personal guidance, including the administration of vocational interest, aptitude, and achievement tests, is available to any prospective or regularly enrolled student in the University, free of charge. Freshmen may request this guidance service in the office of the Junior Division. Upperclassmen may request this service through the office of the dean of the college in which they have matriculated. Any member of the University staff may refer students to these offices for the guidance service.

**Student Union**

The Student Union building is the center of social and recreational life on the University campus. In return for their membership fees, students are privileged to use the Corn Crib (fountain room), the Campus-line (cafeteria), the lounges, ballroom, book nook, music room, game rooms, banquet rooms, and meeting rooms. The Union houses the University Alumni Association and the University Foundation as well as various student organizations and publications. A Union activity program, which is keyed to student interests and wants in their leisure time, is maintained by student committees.

**Agricultural College Cafeteria**

The Agricultural College Cafeteria, located in the Home Economics Building on the campus of the Agricultural College, serves as a laboratory for teaching courses in institution administration and is operated for the benefit of students, faculty and guests. Quarters for the cafeteria have been provided in the new Foods and Nutrition Building, which will be occupied when the necessary equipment is again available. All food service required on the campus is supplied through the cafeteria.
College Activities Building

The College Activities Building on the agricultural campus is a large hall well equipped for student gatherings, social events and indoor athletic contests. There is a large playing floor, a stage, and on the ground floor kitchen facilities and smaller courts.

Placement of Graduates

Clearinghouse for general University placement services is the Board of Occupational Placement, 104 Administration Hall. Effective placement service rendered by several colleges and departments is aided by this central body which guides requests from prospective employers to the proper faculty members and to seniors who register for the service, available without cost.

Student Mail

Student mail should be sent direct to the residence of the student. Students should keep the Lincoln post office informed of any change in residence. If residence of the student is unknown, correspondents may address mail in care of the Registrar of the University of Nebraska and every effort will be made to deliver it.

Women's Residence

Information on Regulations.—Women students not residing with parents, guardians, or adult relatives, or working for room and board in a private home, shall reside either in University Residence Halls, cooperative dormitories, sorority houses, boarding houses, or private homes approved by the office of the Dean of Women. All freshman women not living at home are required to live in the University Residence Halls.

Residence of men and women in the same lodging house is not approved. Women students may not reside in apartment houses unless living with parents or a mature member of the family.

Any exceptions to these regulations must be secured from the Dean of Women.

Residence Halls for Women.—Three attractive residences for undergraduate women are maintained by the University—Carrie Belle Raymond Hall, Julia L. Love Memorial Hall, and Northeast Hall. Located on North Sixteenth Street on the city campus, these reasonably priced, attractively furnished residences offer accommodations for 366 girls.

Facilities in the residence units include lounges and kitchenettes on each floor, a party room for social functions, attractive dining rooms, recreation rooms for indoor sports, specially equipped study room, laundry and shampoo rooms.

Each student room is equipped with a lavatory, double clothes closet, two single beds, two dressers, a double study desk and chairs, an occasional chair and a bookcase. Rugs and window draperies are furnished. Each student supplies her own bed linen, blankets, bed spread, dresser scarfs, towels, study lamps, and other personal accessories.

Raymond Annex, 425 University Terrace, has been added to accommodate 34 additional students. These residents enjoy all the privileges afforded those of the other halls.
The residence halls are under the supervision of a social director whose staff includes trained young women to promote a program of recreational, social, cultural and educational activities.

In addition, three cooperative houses are maintained on the city campus—Alice Frost Howard Hall, Emma Parks Wilson Hall, and Rosa Bouton Hall—where students are able to live in pleasant surroundings at a low cost. All of the housework, except the cooking, is done by the girls in the groups.

A similar residence, Alice Loomis Hall, is located on the Agricultural College campus. Of the same location is the new Love Memorial, also a cooperative, but featuring kitchenette dinettes which enable students to live at a minimum cost by planning, preparing, and serving their own meals.

A dormitory recently purchased available to women of all races furnishes wholesome living and interesting opportunities to its residents. This International House offers a carefully planned social and cultural program.

A bulletin of the residence halls for women and additional information concerning housing for women may be secured by writing to the office of the Dean of Women.

Legislative Bodies
The Student Council is a body of students popularly elected and representative of the various colleges and the school at large. Its purpose is to assist in the management and carrying on of student affairs. Associated Women Students is a women's self-governing body whose purpose is to reflect the interests and execute the will of the women students. It includes every woman student in its membership, assumes the responsibility of establishing and maintaining high ideals in the matter of personal conduct, and of uniting the women students in the promotion of scholarly as well as social purposes. The Panhellenic Association exists for the purpose of regulating the affairs of the sororities on the campus, while the Interfraternity Council discusses and regulates all matters pertaining to the fraternities.

Religious Groups
While the University cannot exercise any official supervision over the religious life and education of the students, it does, however, offer in the Departments of Philosophy, Sociology and Art, many courses in which the principles of morals and religion are discussed and the life teachings of the great religious teachers are considered and the history of great religious and ethical movements is traced.

There are, however, among the student activities voluntary religious organizations which offer advantages of education in morals and religion. Through the activities of the Young Men's and Young Women's Christian Associations students have an opportunity of expressing their religious interests in voluntary ways. Religious meetings are held at their headquarters in the Temple and Ellen Smith Hall, where social and reading rooms are maintained and general secretaries are in charge to direct the activities of these organizations.

The churches of the city without exception extend the privileges of worship and work to the students and faculty. Voluntary courses in the
study of religion and Christian missions are offered with special reference to the mind and need of the students. Some of the churches maintain University pastors who offer their services freely as counselors in matters touching the religious life and vocational interests of the students.

The Council of Religious Welfare was organized in the spring of 1930. The purpose of the Council is to promote the religious welfare of students and to cooperate in the attempt of the University to serve the state by maintaining spiritual and moral ideals. The Council is composed of three group: (1) a faculty committee appointed by the Chancellor; (2) University pastors, the secretaries of the University YMCA and YWCA, and executives of other organized religious groups, one representative from each group; (3) two student representatives of these same groups and one additional representative from each Lincoln church having an organized student group.

The Alumni Association

This association was organized in 1874, and is composed of former students of the University, including graduates and nongraduates. Two annual meetings are held at commencement time in the spring and on Homecoming Day in the fall. A secretary gives full time to the work of the association, which is incorporated. Executive offices are on the second floor of the Student Union.
Courses of Instruction

In the following courses a credit hour represents the completion of a total of three hours work per week for one semester, consisting of lectures, recitations, preparation, or laboratory. In undergraduate courses the number of recitation and credit hours is identical unless otherwise indicated.

In general, courses numbered under 100 are designed for freshmen and sophomores, those in the 100 and 200 series, for juniors and seniors. Undergraduate courses which may count for graduate credit are numbered in the 200 series. Courses in the 300 series carry graduate credit and are not open to undergraduates except by permission of the Dean of the Graduate College.

Courses bearing odd numbers are offered the first semester; even numbers the second semester, unless otherwise indicated, when the Roman I (first) or II (second) will be used. SS indicates summer school. Credit hours for each course are indicated: 3 cr. Course numbers in parentheses preceding the subtitle indicate numbers under which courses were offered in 1944-45. Course numbers in parentheses following the subtitle indicate that the course is offered in the two departments and credit may be received in either one, according to registration. Course numbers in brackets [ ] indicate courses offered through Extension; f indicates field courses, oc indicates regular campus courses given at off-campus study centers, x indicates correspondence courses.

In the College of Medicine, courses numbered 1a, b, c, etc., are given in the first medical year; courses numbered 2a, b, c, etc., in the second medical year; courses numbered 3a, b, c, etc., in the third medical year; courses numbered 4a, b, c, etc., in the fourth medical year.

259. Organization and Administration of Audio-Visual Aids. 2 or 3 cr.
[285f]. Educational Surveys. 2 or 3 cr.
358. School Administration and Educational Policies. 2 or 3 cr.
351. The School and Individual Needs. 3 or 4 cr.
353. Business Management of Schools. 3 or 4 cr.
354. Practicum in School Administration and Supervision. 3 or 4 cr.
356s. Practicum in School Administration and Supervision. 2 or 3 cr.
357. External Administration of the Public Schools. 2 or 3 cr.
358. School Plants and Their Equipment. 2 or 3 cr.
392. Research. 1 to 10 cr.
395–399. [395oc–396oc]. Seminar in School Administration. 2 or 3 cr.
397–398. Survey of Administrative Research. 2 cr.
399. Thesis Writing in School Administration. 1 to 10 cr.

Secondary Education
41–42. Physical Science. 3 cr.
121. Methods in Art in Secondary Schools. 2 cr.
121a. Methods in Geography. 2 cr.
121b. Methods in Latin (Classics 121). 2 cr.
121c. Method. 2 cr.
121d. Methods in Mathematics of the Senior High School. 2 cr.
121e. Mathematics of the Senior High School (Mathematics 160). 2 cr.
121f. Modern Languages. 2 cr.
121g. Music. 2 cr.
121h. Physical Education for Men (Physical Education 108). 2 cr.
121i. Practical Arts. 2 cr.
121j. Science, Junior High School. 2 cr.
121k. Science. Junior High School. 2 cr.
121l. Shorthand and Bookkeeping. 3 to 5 cr.
121m. Social Studies. 3 cr.
121n. Speech. 2 cr.
121o. Typewriting and Business Principles. 2 to 5 cr.
121b. Methods in Physical Education for Women (Physical Education 142). 3 cr.
123. Student Teaching. 1 to 7 cr.
140. Problems of Advising Students in High School and Junior College. 2 or 3 cr.
142. The Teaching of Science. 3 cr.
143. Extracurricular Activities. 2 or 3 cr. (149ax). Camp Fire Guardian's Training Course. 1 cr.
240. Literature for the High School Age. 3 cr.
COURSES OF INSTRUCTION

241 [241x]. Aeronautical Science. 4 cr.
242. Objectives and Methods of Science Teaching. 2 or 3 cr.
243. Internal Administration of the High School. 3 cr.
245. Commercial Curriculum of the High School. 3 cr.
246 [246x]. The Junior High School. 2 or 3 cr.
247. Principles and Problems in Business Education. 3 cr.
248. Curriculum of the Secondary School. 3 cr.
[249f]. Problems in Secondary Education. 2 or 3 cr.
321. Improvement of Instruction in Commercial Education. 1 to 3 cr.
English. 1 to 3 cr.
Foreign Languages. 1 to 3 cr.
Mathematics. 1 to 3 cr.
Natural Sciences. 1 to 3 cr.
Social Studies. 1 to 3 cr.
342. The Junior College. 3 cr.
346. Supervision of Secondary Education. 3 cr.
347. Research. 1 to 10 cr.
348. Thesis Writing in Secondary Education. 1 to 10 cr.
349. Seminar in Secondary Education. 1 to 6 cr.

Engineering Courses

Agricultural Engineering
1. Introduction to Agricultural Engineering. 3 cr.
3. Farm Shop. 3 cr.
5-6. Woodworking. 2 cr.
7. Forge Work. 2 cr.
8. Advanced Forge Work. 2 cr.
11–12. Woodworking and Interior Finishing (for Women). 1 cr.
21. Farm Machinery. 3 cr.
25. Farm Motors. 4 cr.
27. Tractors, Trucks, and Automobiles. 4 cr.
31–32. Elementary General Physics (Physics 1-2). 5 cr.
41. Agricultural Drafting. 2 cr.
110. Farm Shop Practice. 2 cr.
123. Agricultural Machinery. 3 cr.
152. Farm Reclamation. 3 cr.
199. Research and Thesis. 2 to 5 cr.
221a. Farm Machinery and Power. 2 cr.
223. Gas Engines. 4 cr.
225. Tractors, Trucks, and Automobiles. 4 cr.
241. Farm Buildings. 3 cr.
243. Rural Architecture. 4 cr.
244. Farm Utilities. 3 cr.
254. Reclamation Engineering. 5 cr.
291. Seminar. 1 cr.
321. Farm Machinery Problems. 2 to 5 cr.
323. Farm Power Problems. 2 to 5 cr.
342. Farm Structures Laboratory. 2 to 5 cr.
353. Land Reclamation. 2 to 5 cr.
361. Rural Electric Problems. Cr. arr.
399. Graduate Research. Cr. arr.

Civil Engineering
1. Elementary Surveying. 2 cr.
5. Surveying. 2 cr.
10. Plane Table Topography. 3 cr.
12. Advanced Surveying. 3 cr.
103–104. Advanced Surveying Practice. 3 cr.
197. Engineering Reports. 2 cr.
199. Research and Thesis. 3 to 5 cr.
205. Geodetic Surveying. 2 cr.
206. Photogrammetry. 2 or 3 cr.
211. Hydrographic Surveying. 4 cr.
219. Hydraulics. 3 cr.
221. Hydraulics. 4 cr.
223. Hydrology. 2 cr.
226. Water-Supply Engineering. 3 cr.
230. Sewerage. 3 cr.
235. Irrigation and Drainage. 3 cr.
236. Water-Power Engineering. 3 cr.
240. Stresses in Framed Structures. 4 cr.
242. Airplane Structures. 3 cr.
244. Masonry Structures. 3 cr.
245. Theory of Structures. 4 cr.
247. Structural Design. 3 cr.
248. Structural Engineering. 3 cr.
265. Highway Engineering. 3 cr.
266. Advanced Highway Engineering. 3 cr.
268. Railway Engineering. 3 cr.
271. Construction Management. 3 cr.
278. Engineering Relations, Contracts, and Specifications. 2 cr.
280. Engineering Economics. 2 cr.
285. City Planning. 3 cr.
311. Advanced Hydraulics. 3 to 5 cr.
312. River and Harbor Improvements. 3 to 5 cr.
314. Advanced Water-Power Engineering. 3 to 5 cr.
326–327. Advanced Structural Engineering. 3 to 6 cr.
328. Bridge Engineering. 3 to 5 cr.
331. Transportation. 3 to 5 cr.
332. Advanced Highway Engineering. 3 to 5 cr.
333. Advanced Railway Engineering. 3 to 5 cr.
363. Water Purification and Sewage Treatment. 3 to 5 cr.
399. Graduate Research. Cr. arr.

Electrical Engineering
10–11. Electrical Equipment. 2 cr.
93. Wiring and Lighting. 2 cr.
101. Electrical Circuits. 3 cr.
102. Electrical Machinery. 3 cr.
105. Electrical Laboratory. 2 cr.
106. Electrical Laboratory. 2 cr.
199. Research and Thesis. 3 to 5 cr.
205. Direct Currents. 5 cr.
206. Alternating Currents. 5 cr.
207. Alternating Currents. 3 cr.
208. Electron Tubes and Circuits. 4 cr.
209. Instruments, Line Theory, and Tubes. 4 cr.
236–237. Electrical Laboratory. 2 cr.
Mechanical Engineering

1. General Woodworking. 2 cr.
5. Pattern Making and Foundry Practice. 3 cr.
6. Machine Tool Practice. 3 cr.
129. Mechanical Equipment of Buildings. 3 cr.
132. Metallurgy: Iron and Steel. 1 cr.
133. Metallurgy: Non-Ferrous Metals. 1 cr.
189. Research and Thesis. 3 to 5 cr.
208. Machine Shop Methods. 3 cr.
210. Power Engineering. 4 cr.
211. Power Laboratory. 3 cr.
213. Thermodynamics. 4 cr.
214. Thermodynamics Applied. 4 cr.
215. Fuels and Lubricants. 2 cr.
219. Steam Turbines. 3 cr.
220. Power Plant Design. 3 cr.
221. Internal Combustion Engines. 2 cr.
222. Internal Combustion Engine Laboratory. 2 cr.
227. Advanced Power Laboratory. 3 cr.
228. Refrigeration, Heating, and Ventilation. 3 cr.
230. Metallurgy. 2 cr.
232. Heat Treatment of Metals. 2 cr.
235. Management Engineering. 3 cr.
236. Manufacturing Methods. 3 cr.
239. Time Study. 2 cr.
240. Automotive Engineering. 3 cr.
250. Aeronautical Engineering. 3 cr.
261. Laboratory Investigation. 1 to 3 cr.
278. Engineering Relations. 2 cr.
399. Graduate Research. Cr arr.

English

A. English Composition. 0 cr.
1-2. 3-4 [1x-2x]. English Composition. 2 or 3 cr.
5-6 [5x]. English Composition. 2 cr.
7-8. English Composition. 3 cr.
9-10 [9x]. Argumentative Composition. 3 cr.
11-12 [11x-12x]. Business English. 3 cr.
[15x]. Composition. 1 cr.
17. English Composition. 3 cr.
21-22 [21x-22x]. English Literature. 3 cr.
23-24 [24x]. Shakespeare. 3 cr.
25-26 [25x]. Survey of English Literature. 3 cr.
27-28. English Literature. 3 cr.
29. Contemporary Drama. 3 cr.
30. The Modern Novel. 3 cr.
74. The Latin and Greek in English (Classics 74). 2 cr.
[93x-94x]. Short Story. 2 cr.
173. Phonetics. 2 cr.
183. Editorial Writing (Journalism 183). 3 cr.
COURSES OF INSTRUCTION

184. The Magazine Article (Journalism 184). 3 cr.
199. Directed Individual Reading. 1 to 4 cr.
201. Narration. 2 cr.
205. The Short Story. 2 cr.
204. Critical Writing. 3 cr.
208 [208x]. Poetics. 2 cr.
211-212. Literary Composition. 2 or 3 cr.
217-218. Advanced Narration. 1 or 2 cr.
221-222. American Literature. 2 cr.
223-224. Sixteenth Century Literature. 3 cr.
225-226. Seventeenth Century Literature. 3 cr.
227. Restoration and Eighteenth Century Literature. 1745-
228. Eighteenth Century Literature. 1745-
229. Nineteenth Century Essayists. 2 cr.
230. The Drama and the Novel. 1660-1800. 3 cr.
231-232. World Literature. 3 cr.
233. European Drama. 3 cr.
235-236. Shakespearean. 3 cr.
238. Browning. 3 cr.
239-240 [2390]. The Novel. 3 cr.
245-246. The Romantic Movement. 3 cr.
247-248. Victorian Poets. 3 cr.
253. Milton. 2 cr.
255-256. Nineteenth Century Essayists. 2 or 3 cr.
265-266. Celtic Literature. 2 cr.
281. Greek Literature in English Translations (Classics 281). 2 or 3 cr.
282. Roman Literature in English Translations (Classics 282). 2 or 3 cr.
292. Medieval Continental Literature. 2 or 3 cr.
293-294. Continental Novel. 2 or 3 cr.
295. Modern Drama. 2 or 3 cr.
296. Modern English and American Drama. 2 or 3 cr.
301. Literary Criticism. 3 cr.
302. Advanced Critical Writing. 3 cr.
303. English Lyric. 3 cr.
311. Essentials of Old English: Outline of Old English Grammar. 3 cr.
312. Middle English and History of the English Language. 3 cr.
314. Chaucer. 2 or 3 cr.
317. The Bibliography and Methods of Literary History. 1 cr.
321-322. Advanced Old English. 2 cr.
323-324. Early Irish: Grammar. 3 cr.
325. Beginning Sanskrit. 3 cr.
326. Elementary Sanskrit. 3 cr.
329. Studies in Spenser. 3 cr.
331. Seminar in English and Scottish Ballads and Folk-Song. 2 cr.
332. American English. 2 cr.
335. Thesis Course. 6 to 10 cr.

Entomology
1. General Entomology. 3 cr.
2. Economic Entomology. 3 cr.
5-6. Insect Classification. 3 cr.
7. Field Crop Entomology. 3 cr.
8. Horticultural Entomology. 3 cr.
9 [9x]. Beekeeping. 2 cr.
13. Household and Exterminator Entomology. 2 cr.
15. Insects Affecting Man and Domestic Animals. 3 cr.
203. Systematic Entomology. 1 to 3 cr.
204. Systematic Entomology. 1 or 2 cr.
305. Seminar in Entomology. 1 cr.

Fine Arts
(See Art, Music, and Speech and Dramatic Art)

Geography
1. Meteorology. 2 cr.
2. Climatology. 2 cr.
61. Principles of Geography. 3 cr.
62. Regional Geography of the Continents. 3 cr
[63x]. Physical Geography. 2 cr.
71. Introduction to Economic Geography. 3 cr.
71a [71ax]. Introduction to Economic Geography. 2 cr.
72. Economic Geography. 3 cr.
72a [72ax]. Economic Geography. 2 cr.
107. Cartography. 2 cr.
151. Physiography. 2 or 3 cr.
163 [163x]. Geography of Nebraska. 2 cr.
164 [164x]. Geography of the United States. 2 or 3 cr.
165. Geography of Outlying American Possessions. 2 or 3 cr.
167. Geography of Latin America. 2 or 3 cr.
168. Geography of Europe. 2 or 3 cr.
169. Geography of Asia. 2 or 3 cr.
177. Geography of Africa and Australia. 2 or 3 cr.
181. Geography for Teachers in the Junior and Senior High School (Education 121). 2 cr.
199. Special Problems. 1 to 4 cr.
252. History of Geography. 2 cr.
262. Urban Geography. 2 or 3 cr.
267. Political Geography. 2 or 3 cr.
268. Western Europe. 3 cr.
271-272. Advanced Economic Geography. 2 or 3 cr.
291. The Bibliography of Geography. 2 cr.
380. General Seminar. 1 or 2 cr.
381. Seminar in Educational Geography. 1 to 3 cr.
382. Seminar in Physiography. 1 to 3 cr.
383. Seminar in Geography and Anthropology (Anthropology 333). 2 or 3 cr.
384. Seminar in Regional Geography. 1 to 3 cr.
385. Seminar in Meteorology and Climatology. 1 to 3 cr.
386. Seminar in Industrial and Economic Geography. 1 to 3 cr.
387. Seminar in Political Geography. 1 to 3 cr.
388. Seminar in Geography of Nebraska. 1 to 3 cr.
394. Research in Regional Geography. Cr arr.
395. Research in Meteorology and Climatology. Cr arr.
398. Research in Geography of Nebraska. Cr arr.

Geology
1-2. General Geology. 3 cr.
5. Military Geology, Topography, and Map Interpretation. 3 cr.
11. Geologic Excursions. 5 cr.
15. Mineralogy. 1 to 3 cr.
21. Elementary Petrology. 2 cr.
25. Engineering Geology. 3 cr.
27. Structural Geology Applied to Mining. 2 cr.
105. Elementary Vertebrate Paleontology. 1 or 2 cr.
106. Elementary Vertebrate Paleontology. 2 cr.
107. Morphology of Fossil Protozoa, Porifera, Coelenterata, Echinodermata, and Vermes. 2 cr.
108. Morphology of Molluscoidea, Mollusca, and Arthropoda. 2 cr.
113. Economic Geology. 2 cr.
150. Topographic Mapping. 2 cr.
155. Sedimentation. 2 cr.
199. Honors Course. 1 to 4 cr.
203. Advanced Geology. Cr arr.
209. Local Paleontology. Cr arr.
210. Advanced Vertebrate Paleontology. 2 cr.
211. Subsurface Geology. 3 cr.
212. Fossil Fauna. 1 or 2 cr.
213. Index Fossils of the Paleozoic. 2 cr.
214. Index Fossils of the Mesozoic and Cenozoic. 2 cr.
216. Mineralogy. 1 to 3 cr.
217. Crystallography. 1 cr.
222. Petrology. 1 or 2 cr.
224-225. Petrography. 3 cr.
226. Sedimentation. 2 cr.
227. Advanced Stratigraphy and Regional Geology. 3 cr.
228. Advanced Stratigraphy. 3 cr.
231. Economic Geology. 2 cr.
234-235. Economic Geology. 2 cr.
240. Mining Excursion. 5 cr.
247. Field Geology. 1 or 4 cr.
250. Field Work. 2 to 4 cr.
300. Research in Geology. Cr arr.
311. Micropaleontology. 2 to 6 cr.
312. Fossil Fauna. 2 to 6 cr.
326. Sedimentation. Cr arr.
328. Stratigraphy. Cr arr.
340. Seminar. 2 to 4 cr.

History
1. History of European Civilization to 1500. 3 cr.
2. History of European Civilization after 1500. 3 cr.
3 [3x]. A History of European Civilization. 1500-1815. 3 cr.
4 [4x]. The Modern World. 1815 to the Present. 3 cr.
9 [9x]. Survey of American History to 1852. 3 cr.
10 [10x]. Survey of American History after 1852. 3 cr.
[51x]. Nebraska History. 1 cr.
101-102. Current History. 1 or 2 cr.
105 [105x]. The Orient and Greece. 3 cr.
106 [106x]. The Roman Republic and Empire. 3 cr.
107 [107x]. English History to 1688. 3 cr.
108 [108x]. English History after 1688. 3 cr.
109. The History of the Latin American Republics. 2 or 3 cr.
110. Military and Naval History of the United States since 1860. 2 or 3 cr.
113-114. Medieval Europe. 3 cr.
117. Nineteenth Century Europe. 3 cr.
118. Twentieth Century Europe. 3 cr.
121. Hispanic America to 1825. 3 cr.
122. Hispanic America after 1825. 3 cr.
136. British Overseas Empire in the Twentieth Century. 2 or 3 cr.
137. English Constitutional History to 1485. 3 cr.
138. English Constitutional History after 1485. 3 cr.
141. Industrial and Social History of England. 1600. 2 or 3 cr.
142. Industrial and Social History of England after 1600. 2 or 3 cr.
[147x]. Survey of American Political Parties and Party History to the Civil War. 2 cr.
[148x]. Survey of American Political Parties and Party History from the Civil War to 1924. 2 cr.
199 [199x]. Special Problems. 1 to 4 cr.
203. The Era of the French Revolution. 2 or 3 cr.
204. The Napoleonic Era. 2 or 3 cr.
207 [207, 208] [207x]. Colonization of North America to 1763. 3 cr.
211 [211x]. The Era of the American Revolution. 2 or 3 cr.
212 [212x]. The Era of Early National Development. 2 or 3 cr.
COURSES OF INSTRUCTION

213. The Near East from 330 to 1204. 2 or 3 cr.
214. The Near East from 1204 to 1699. 2 or 3 cr.
215. The Modern Near East to 1918. 2 or 3 cr.
216. The Near East after 1918. 2 or 3 cr.
217. European Nationalism. 2 or 3 cr.
218. European Warfare since the French Revolution. 2 or 3 cr.
219. Europe Since the First World War. 2 or 3 cr.
220. England in the Age of the Industrial Revolution, 1750-1850. 2 or 3 cr.
221. Archaeology, Classical (Architecture 225). 4 cr.
222. Archaeology, Medieval (Architecture 226). 4 cr.
231. Tudor England. 2 or 3 cr.
232. Stuart England. 2 or 3 cr.
233-234. History of Western Culture. 2 or 3 cr.
235. British Overseas Empire to 1815. 3 cr.
236. British Overseas Empire after 1815. 3 cr.
237-238. History of Western Culture. 2 or 3 cr.
239. The Foreign Policies of Great Britain and the Dominions to the Present Time. 2 or 3 cr.
240. England since 1830. 2 or 3 cr.
241. The Founding of Constitutional Democracy in America, 1607-1830. 3 cr.
242. Federal Democracy and Nationalism, 1830-1940. 3 cr.
243. The Era of the American Civil War. 2 or 3 cr.
244. The Reconstruction Era, 1865-1877. 2 or 3 cr.
245-250 [249-250]. History of the Foreign Relations of the United States. 3 cr.
251. History of the Frontier, 1754-1820. 2 or 3 cr.
252. History of the Frontier, 1820-1900. 2 or 3 cr.
253. The Reconstructed Nation, 1870-1912. 2 or 3 cr.
254. The United States in Our Times. 2 or 3 cr.
260s. Modern Russia. 2 or 3 cr.
327-328. Historiography. 1 cr.
331-332. Seminar in English History. Cr arr.
345. The Bibliography of American History. 2 cr.

Home Economics

3. Clothing Appreciation and Techniques. 3 cr.
21-22. Design Essentials. 3 cr.
25. Handicrafts (Art 25). 1 or 2 cr.
41. Food Study. 3 cr.
42. Foods and Elementary Nutrition. 3 cr.
[43x]. Foods and Elementary Nutrition for Nurses. 2 cr.
50. Food Study and Nutrition. 2 cr.
58. Nutrition for the School Child. 2 cr.
71. Practice in Food Service. 1 cr.
60. Home Economics Work Shop. 1 to 3 cr.
81. Housing and Selection of Home Furnishings. 1 or 2 cr.
82. Home Management. 2 cr.
83. Introduction to Home Economics. 1 cr.
85. Costume Selection. 2 cr.
87. Furnishing Selection. 2 cr.
91. Introduction to the Study of Family Life. 2 cr.
103. Fundamentals of Dress Design and Construction. 3 cr.
105. Textiles. 2 cr.
125. Applied Design. 2 to 5 cr.
130. Home Furnishing. 2 cr.
131. Art Appreciation. 2 cr.
140. Food Economics. 2 cr.
150. Elements of Nutrition. 2 or 3 cr.
151. Human Nutrition. 2 cr.
163. Housing and Equipment. 3 cr.
168. Problems in Housing and Equipment. 1 to 4 cr.
188. A Man's Problems in the Modern Home. 2 cr.
189. Home Economics Seminar. 1 cr.
191. Marriage and Home Relationships. 2 cr.
203. Dress Design and Construction. 2 cr.
206. Textiles. 2 or 3 cr.
207. History of Costume and Textiles. 2 or 3 cr.
211. Textiles and Clothing Problems. 2 to 5 cr.
213. Fashion Economics. 2 or 3 cr.
230. Home Furnishing. 2 cr.
241. Dietetics. 2 or 3 cr.
245. Experimental Cookery. 1 to 3 cr.
252. Nutrition in Health and Disease. 2 or 3 cr.
255. Child Nutrition. 2 cr.
256. Consumer Problems. 2 cr.
257. Home Management Residence. 3 cr.
258. Home Management and Consumer Problems. 1 to 3 cr.
270. Institution Cookery and Equipment. 3 cr.
271. Institution Purchasing. 3 cr.
273. Institution Organization and Administration. 3 cr.
274. Special Problems in Institution Administration. 2 or 3 cr.
279. Organization and Field Work in Home Economics Extension. 2 cr.
292. Child Development. 2 or 3 cr.
305. Advanced Textiles and Clothing Problems. 2 to 6 cr.
341. Advanced Problems in Food Study. 2 to 3 cr.
351. Advanced Nutrition Problems. 1 to 6 cr.
361. Economic Problems of the Family. 1 to 6 cr.
365. Home Management Supervision. 1 to 3 cr.
392. Problems in Child Development. 1 to 6 cr.
395. Problems in Home and Family Life. 1 to 6 cr.

Horticulture
1. General Horticulture. 3 cr.
3. Elementary Landscape Gardening. 2 cr.
107-108. Advanced Horticulture. 1 to 6 cr.
151. Rural Woodlands. 2 cr.
201-202. Horticultural Problems. 1 to 6 cr.
206. Spray Mixtures. 3 cr.

Journalism
[61x]. The American Newspaper. 2 cr.
81. Survey of Journalism. 2 cr.
82. News Writing and Reporting. 3 cr.
171. Advanced Reporting. 3 cr.
172. Special Newspaper Features. 3 cr.
175-176. Pictorial Journalism. 2 cr.
181-182. Newspaper Editing. 3 cr.
183. Editorial Writing (English 183). 3 cr.
184. The Magazine Article (English 184). 3 cr.
185. History and Principles of Journalism. 3 cr.
187-188. The Community Newspaper. 3 cr.
192. Ethics and the Law of the Press. 1 cr.
193. Typography. 3 cr.
195. Special Problems. 1 to 4 cr.

Law
Instructional program suspended for the years 1943-44 and 1944-45.
1-2. Contracts. 4 cr.
3. Criminal Law. 3 cr.
4. Equity I. 3 cr.
5. Procedure I. 3 cr.
6. Agency. 3 cr.
7-8. Property I. 3 cr.
9-10. Torts. 3 cr.
11. Legal Profession—Legal Bibliography. 0 cr.
12. Legal Profession. 0 cr.
21-22. Evidence. 2 cr.
25 (25-26). Constitutional Law. 3 cr.
27. Sales. 3 cr.
28. Bills and Notes. 3 cr.
30. Equity II. 2 cr.
31. Insurance. 2 cr.
32. Procedure II. 3 cr.
42 (41-42). Trusts. 3 cr.
45 (45-46). Business Organizations. 4 cr.
47. Wills and Probate Practice. 2 cr.
48. Conveyancing. 2 cr.
49. Suretyship. 2 cr.
50. Mortgages. 2 cr.
51. Restitution. 3 cr.
52. Legislation. 3 cr.
53. Trial Practice. 3 cr.
54. Practice Court. 2 cr.
55. Administrative Law. 3 cr.
57. Conflict of Laws. 3 cr.
58. Taxation. 3 cr.
60. Criminal Procedure. 2 cr.

Mathematics and Astronomy
7-8-9. Elements of College Mathematics. 3 cr.
10 [10x]. Solid Geometry. 3 cr.
11 [11x]. Algebra. 3 cr.
12 [12x]. Trigonometry. 3 cr.
13 [13x]. Analytical Geometry. 3 cr.
15 [15x]. College Algebra. 3 cr.
19. Algebra and Trigonometry. 5 cr.
21. College Algebra. 5 cr.
22. Plane Trigonometry and Analytical Geometry. 5 cr.
41. Mathematics in Business. 3 cr.
42 [42x]. Mathematics in Business. 3 cr.
77. Brief Course in Descriptive Astronomy. 1 or 2 cr.
101-102 [101x-102x]. Calculus. 3 cr.
103-104 [103x-104x]. Calculus. 5 cr.
109. Advanced Euclidean Geometry. 2 or 3 cr.
112. Spherical Trigonometry. 2 cr.
120 [120x]. Advanced College Algebra. 2 or 3 cr.
140-141. Mathematical Theory of Insurance. 3 cr.
145. Elementary Mathematical Statistics. 3 cr.
160. Pedagogy of Secondary Mathematics (Education 121). 2 cr.
162. History of Mathematics. 2 cr.
171-172. History of Astronomy. 1 or 2 cr.
173 [173x]. Elements of Navigation. 3 cr.
175-176. Practical Astronomy. 2 or 3 cr.
181. Selected Topics in Astronomy. 2 or 3 cr.
199. Independent Reading and Reports. 1 to 4 cr.
201. Differential Equations. 3 cr.
202. Advanced Calculus. 3 cr.
203-204. Advanced Mathematics for Engineers. 3 cr.
211. Solid Analytical Geometry. 3 cr.
213. Projective Geometry. 3 cr.
215. Vector Analysis. 3 cr.
223. Theory of Equations. 3 cr.
233. Theory of Probability. 2 or 3 cr.
246. Mathematical Theory of Statistics. 3 cr.
252. Infinite Series and Products. 3 cr.
264. Fundamental Concepts of Mathematics. 2 or 3 cr.
271. Meridian Astronomy. 3 cr.
281-282. Celestial Mechanics. 2 or 3 cr.
299. Reading Course. 1 to 4 cr.
301s. Analysis. Cr arr.
302s. Geometry. Cr arr.
303s. Algebra. Cr arr.
304s. Differential Equations. Cr arr.
349. Harmonic Analysis. Cr arr.
391. Reading Course. Cr arr.

Medical Courses

Anatomy—
(a) Gross-Dissection of Upper Extremity.
(b) Gross-Dissection of Head and Neck.
(c) Gross-Dissection of Torso and Perineum.
(d) Gross-Dissection of Lower Extremity.
(e)-(f). Embryology-Histology.
(g) Neuro-Anatomy.

300. General and Special Methods in Historical Technique. 2 cr.

301. Special Neurohistological and Experimental Neurological Technique. 3 cr.
302. Morphological and Experimental Hematology. 2-5 cr.
303. (a) Comparative and Human Embryology. 3-6 cr.
(b) Experimental Embryology. 2-5 cr.
304. Advanced Human and Comparative Neuroanatomy and Neurohistology. 2-5 cr.
308 (301). Seminar. 1 cr.

Biochemistry
2. Biological Chemistry—
(a) Physical Chemistry.
(b) Biological Chemistry.
300. Metabolism and Nutrition in Health and Disease. 2 cr.
301. Vitamins and Hormones. 2 cr.
302. Enzymes. 1 cr.
304 (300). Research. Cr arr.

Dermatology and Syphilology
3. Dermatology.

4. Dermatology and Syphilology—
(a) Dispensary Clinic.
(b) Dispensary.

Internal Medicine
2. Internal Medicine—
(a) History Taking and Physical Examination.
(b) Symptomatology.
3. Internal Medicine—
(a) Physical Diagnosis.
(b) Fundamentals of Medicine.
(c) Clinical Clerk.
(d) Hospital and Dispensary Clinic.
(e) Therapeutics.
4. Internal Medicine—
(a) Dispensary.
(b) Out-Call.
(c) Hospital Clinic.
(d) Diagnostic Problems.
(e) Tropical Medicine.
(f) Medical Review.
(g) Therapeutics.
(h) Health Examinations.

Medical Jurisprudence

Neuro-Psychiatry
3. Neuro-Psychiatry—
(b) Psychiatry.
(c) Neurology.
(d) Clinical Clerk.

4. Neuro-Psychiatry—
(a) Hospital Clinic.
(b) Dispensary.

Obstetrics and Gynecology
2. Obstetrics and Gynecology—
(a) Physiology of Pregnancy.
3. Obstetrics and Gynecology—
(b) Physiology and Pathology of Pregnancy.
(c) Clinical Clerk.
(d) Gynecology.

4. Obstetrics and Gynecology—
   (a) Dispensary.
   (b) Out-Call Deliveries.
   (c) Hospital Clinic.
   (d) Practical Gynecology.

300. Advanced Obstetrics and Gynecology, 4 cr.

301. Gynecological Pathology, 2 cr.

302. Anatomy, 3 cr.

303. Gynecological Radiology, 1–3 cr.

304. Advanced Course in Gynecological Surgery, 3 cr.

305. Special Problems and Thesis, Cr arr.

Ophthalmology
3. Ophthalmology—
   (a) Medical Ophthalmology.
   (b) Clinical Clerk.

4. Ophthalmology—
   (a) Dispensary.

Orthopedic Surgery
3. Orthopedic Surgery—
   (a) Lecture Clinic.
   (b) Clinical Clerk.

4. Orthopedic Surgery—
   (a) Dispensary.

Otorhinolaryngology
3. Otorhinolaryngology—
   (a) Diseases of Ear, Nose, Throat, and Larynx.
   (b) Clinical Clerk.

4. Otorhinolaryngology—
   (a) Dispensary.

Pathology and Bacteriology
1. Bacteriology—
   (a) Medical Bacteriology and Clinical Parasitology.

2. Pathology—
   (a) General Pathology.

Clinical Pathology
2. Clinical Pathology—
   (b) Clinical Laboratory Methods.

3. Clinical Pathology—
   (a) Clinical Pathology.
   (b) Hospital Laboratory.
   (c) Clinical Pathology Conference.

Public Health
2. Public Health—
   (a) Hygiene.

3. Public Health—
   (a) Hygiene.

4. Pathology—
   (a) Necropsies.

Public Health—
4. Public Health—
   (b) Public Health Administration.

300. Physiology of Bacteria, 5 cr.

301. Public Health Bacteriology—
   (a) Study of Diagnostic Techniques, 5 cr.
   (b) Immunology, 3 cr.

302. Molds, Yeasts, and Actinomycetes, 3 cr.

303. Filterable Viruses, 3 cr.

304. Applied Bacteriology, 3 cr.

305. Medical Parasitology and Tropical Diseases—
   (a) Diseases Due to Animal Parasites, 3 cr.
   (b) Diseases of Animals Transmissible to Man, 3 cr.

306. Autopsy Pathology, 5 cr.

307. Pathology of Tumors—
   (a) Intensive Course in Oncology, 3 cr.
   (b) Studies of Bone Tumors, 2 cr.
   (c) Studies of Tumors of the Nervous System, 2 cr.

308. Etiology of Tumors, 1 cr.

309 (301). Seminar, 1 cr.

310 (300). Research, Cr arr.

Pediatrics
2. Pediatrics—
   (a) Growth and Development.

3. Pediatrics—
   (b) Infant Nutrition.
   (c) Communicable Diseases.
   (d) Clinical Clerk.

4. Pediatrics—
   (a) General Pediatrics.
   (b) Dispensary and Out-Call.

Physiology and Pharmacology
2. Physiology and Pharmacology—
   (a) Physiology General Course.
   (b) Physiology Laboratory Course.
   (c) Physiology and Pharmacology General Course.
   (d) Physiology and Pharmacology Laboratory Course.

300. Technique in Experimental Physiology and Pharmacology, 3 cr.

301. Special Physiology and Pharmacology—
   (a) Advanced Physiology and Pharmacology, 1 cr.
   (b) Advanced Physiology and Pharmacology, 1 cr.
   (c) Preparation of Nerve, 1 cr.

302. Advanced Pharmacology—
   (a) Toxicology, 1 cr.
   (b) Bioassay, 1 cr.

303. Vitamin and Endocrine Studies—
   (a) The Deficient State, 1 cr.
   (b) The Endocrine System, 1 cr.

304. Application of Physiology and Pharmacology to Clinical Problems, 1 cr.

305. Special Applications of Physiology and Pharmacology to War Medicine and Surgery, 1 cr.

306 (301). Seminar, 1 cr.

307 (300). Research in Physiology and Pharmacology, Cr arr.

Radiology and Physical Therapy
2. Radiology and Physical Therapy—
   (a) Principles of Radiological Diagnosis.

3. Radiology and Physical Therapy—
   (a) Clinical Clerk.
   (b) Principles of Radiotherapy and Physical Therapy.

300. Advanced Work in the Application of Radiology to the Diagnosis and Treatment of Disease, 3–5 cr.

301. Analysis of Assigned Problems in Clinical and Laboratory Radiology, 3–5 cr.
3. Surgery—
(a) Fundamentals of Surgery.
(b) Clinical Clerk.
(c) Clinics.
(d) Surgical Technical.
4. Surgery—
(a) Dispensary.
(b) Hospital Clinic.
(d) Fractures and Dislocations.
(e) Military Surgery.
3. Urology—
(a) Clinical Clerk.
4. Urology—
(a) Dispensary.
(b) Fundamentals of Urology.
Military Science and Tactics
1-2. Basic Course, Infantry. 1 cr.
3-4. Basic Course, Infantry. 1 cr.
11-12. Military Science Band. 1 cr.
21-22. Basic Course, Engineer. 1 cr.
23-24. Basic Course, Engineer. 1 cr.
41-42. Basic Course, Field Artillery. 1 cr.
43-44. Basic Course, Field Artillery. 1 cr.
105-106. Advanced Course, Infantry. 3 cr.
107-108. Advanced Course, Infantry. 3 cr.
125-126. Advanced Course, Engineer. 3 cr.
127-128. Advanced Course, Engineer. 3 cr.
145-146. Advanced Course, Field Artillery. 2 cr.
147-148. Advanced Course, Field Artillery. 3 cr.

Modern Languages and Literatures
1-2 [1x-2x]. Beginning German. 5 cr.
3 [3x]. Second Year German. 3 cr.
3a [3ax]. Composition and Grammar Review. 2 cr. (German)
4 [4x]. Second Year German. 3 cr.
4a [4ax]. Composition and Conversation Exercises. 2 cr. (German)
11-12 [11x-12x]. Elementary French. 5 cr.
13-14 [13x-14x]. Second Year French. 3 cr.
15-16. Composition and Conversation. 2 cr. (French)
51-52 [51x-52x]. Elementary Spanish. 5 cr.
53-54 [53x-54x]. Second Year Spanish. 3 cr.
55-56. Composition and Conversation. 2 cr. (Spanish)
61-62 [61x-62x]. Beginning Swedish. 3 or 5 cr.
63-64 [63x-64x]. Swedish Literature. 3 cr.
65. Beginning Danish and Norwegian. 3 cr.
66. Danish and Norwegian Literature. 3 cr.
91-92. Beginning Czech. 3 or 5 cr.
93-94. Second Year Czech. 2 or 3 cr.
101-102. Beginning Grammar and Reading. 3 cr. (German)
105-106 [105x]. Third Year German. 3 cr.
106b. Scientific German. 3 cr.
107-108 [107x-108x]. Advanced Composition and Grammar. 2 cr. (German)
111-112. Representative Authors. 3 cr. (French)
113-114. Advanced Composition and Conversation. 2 cr. (French)
115-116. Scientific French. 2 cr.
117-118. Journalistic and Business French. 2 cr.
119. French Pronunciation. 2 cr.
121-122. Beginning Grammar and Reading. 3 cr. (French)
141-142. Elementary Italian. 3 cr.
143. Second Year Italian. 2 cr.
151-152. Representative Authors. 3 cr. (Spanish)
153-154. Advanced Composition and Conversation. 2 cr. (Spanish)
161-162. Beginning Grammar and Reading. 3 cr. (Spanish)
171-172. Beginning Portuguese. 3 cr.
195-196. Beginning Russian. 3 or 5 cr.
197-198. Third Year Czech. 2 or 3 cr.
199. Special Problems. 1 to 4 cr.
205. Seventeenth Century. 3 cr. (French)
206. Eighteenth Century. 3 cr. (French)
207-208. Nineteenth Century. 3 cr. (French)
208. Goethe. His Life and Works. 3 cr. (German)
210. Goethe's Faust. 2 or 3 cr. (German)
211. Modern Drama. 2 or 3 cr. (German)
212 [212x]. Modern Novel. 2 or 3 cr. (German)
213. Phonetics. 2 cr. (French)
214. Survey of German Literature. 3 cr.
215-216. Romanticism. 2 or 3 cr. (German)
217. History of German Poetry. 2 or 3 cr.
218. German Literature and Philosophy. 2 or 3 cr.
219-220. French Stylistics. 2 cr.
221-222. Contemporary French Literature. 2 cr.
225-226. French Civilization. 2 cr.
227. Middle High German. 2 cr.
231. Modern Icelandic. 2 cr.
242. Renaissance Literature. 2 cr. (Italian)
243-244. Dante and His Times. 3 cr. (Italian)
251. Phonetics. 3 cr. (Spanish)
253-254. Nineteenth Century. 3 cr. (Spanish)
263. Drama of the Golden Age. 3 cr. (Spanish)
264. Cervantes. 3 cr. (Spanish)
267-269. Survey of Spanish Literature. 2 cr.
301. Romance Philology. 3 cr. (French)
302. Old French. 3 cr.
303-304. Introduction to Literary Translation. 2 cr. (French)
305. Old Icelandic. 2 cr.
313. Gothic. 3 cr. (German)
314. Comparative Germanic Grammar. 3 cr.
315. Old High German. 3 cr.
316. Principles of Linguistic History. 3 cr. (German)
317-318. Seminar in German History. Cr arr.
319-320. Sixteenth Century. 3 cr. (French)
Nursing Courses

Anatomy

1. Anatomy.

Bacteriology

1. Bacteriology.

Chemistry

1. Chemistry.

Medicine

2. General Medicine.

4. Principles of Medical Nursing.

52. Communicable Diseases.

54. Principles of Nursing in Communicable Diseases.

58. Dermatology and Syphilology.

Out-Patient Clinic.

58. Tuberculosis.

Childhood Tuberculosis Clinic.

59. Principles of Nursing in Medical Specialties.

10.1. Tropical Diseases.

Dispensary Clinics.

Practice of Nursing in Medicine.

Nursing

1. Introduction to Nursing Arts.

2. Advanced Nursing Arts.

3. Professional Adjustments.

7. History and Ethics of Nursing.

101. Emergency Nursing and First Aid.

103-104. Professional Adjustments II.

Nutrition

2. Diet Therapy.

Practice of Diet Therapy.

Obstetrics and Gynecology

51. Gynecology.

101. Obstetrics.

Practice of Nursing in Obstetrics.

Practice of Nursing in Gynecology.

Out-Patient Department.

Pathology

2. Introduction to Medical Science.

51. Pathology II.

Pediatrics

54. Child Psychology.

Practice of Nursing in Pediatrics.

55. Child Health and Development.

Clinical Experience.

Out-Patient Department.

Physiology

1. Human Physiology.

Psychiatry

103. Principles of Nursing in Psychiatry.

Practice of Nursing in Psychiatry and Neurology.

Out-Patient Department.
Courses of Instruction

Psychology
1-2. Social Psychology.
Public Health
1. Personal Health.
52. Preventive Medicine.
57. Oral Hygiene.
103. Social Problems in Nursing Service.
104. Introduction to Public Health Nursing.
Sociology
Surgery
2. General Surgery.
4. Principles of Surgical Nursing.
52. Principles of Operating Room Technique.
53. Orthopedics.
54. Neurosurgery.
55. Urology.
58. Diseases of the Eye, Ear, Nose, and Throat.
59. Principles of Nursing in Surgical Specialties.
Practice of Operating Room Technique.
Practice of Nursing in Surgery.
Dispensary.
Therapeutics
51. Physical Therapy.
Orientation
1. Orientation. 0 cr.
Pharmacognosy
101. Pharmacognosy of Vegetable Drugs. 3 cr.
102. Pharmacognosy of Vegetable and Animal Drugs. 3 cr.
120 (102). Microscopic Pharmacognosy. 3 cr.
135. Parasiticides and Parasite Control. 2 cr.
191-192. Bachelor’s Thesis in Pharmacognosy. 1 to 10 cr.
212. Biological Products. 2 cr.
310. Seminar in Pharmacognosy. 2 cr.
320. Special Problems in Pharmacognosy. 3 to 5 cr.

Pharmacy and Pharmaceutical Chemistry
1. Fundamental Principles and Processes of Pharmacy. 3 cr.
2. Elementary Pharmaceutical Preparations. 3 cr.
3. Advanced Pharmaceutical Preparations. 3 cr.
7-8. Qualitative Pharmaceutical Chemistry. 3 cr.
21-22. Medico-Pharmaceutical History. 1 cr.
102. Pharmaceutical Assay. 5 cr.
103-104. Dispensing Pharmacy. 3 cr.
105. Pharmaceutical Jurisprudence. 1 cr.
107. Study of the Newer Therapeutic Agents. 2 cr.
109. Pharmaceutical Manufacturing. 2 cr.
112. Survey of the Official Compendia. 3 cr.
152. Practice in Compounding and Dispensing. 2 to 5 cr per semester.
191-192. Bachelor’s Thesis in Pharmacy or Pharmaceutical Chemistry or Medico-Pharmaceutical History and Jurisprudence. 1 to 10 cr.
203. Food and Drug Analysis. 5 cr.
214. Volatile Oils. 3 cr.
254. Evolution of Medico-Pharmaceutical Ideas. 2 cr.
255. Organic Drugs. 3 to 5 cr.
311. Advanced Studies in Pharmacopoeial Assay Methods. 2 to 5 cr.
312. Advanced Studies in Manufacturing Pharmacy. 2 to 5 cr.
313. Natural and Synthetic Perfume Products. 2 to 5 cr.
314. Methods of Investigation of Organic Plant Principles. 3 to 5 cr.
315. Parenteral Preparations. 3 to 5 cr.
321. Research in Pharmacy or Pharmaceutical Chemistry. Cr arr.

Philosophy
10 [10x]. Logic: Deductive and Inductive. 3 cr.
20. Elements of Ethics. 3 cr.
30 [30x]. Introduction to Philosophy
117 (31). Philosophy of Science (Historical Approach). 3 cr.
118. (31). Philosophy of Science (Systematic Approach). 3 cr.
121-122. Social Philosophy. 2 or 3 cr.
127. Aesthetics. 2 cr.
128. History of Aesthetic Theory. 2 cr.
131-132. History of Philosophy. 3 cr.
135-136. Plato. 2 cr.
141-142 [141x-142x]. Old Testament Ideals. 2 cr.
143-144 [143x]. New Testament Ideals. 2 cr.
199. Honors Course. 1 to 4 cr.
223-224. Ethical Masterpieces. 2 cr.
257s. Contemporary American Philosophy. 2 cr.
299. Philosophical Themes. 1 to 4 cr.
139 GENERAL INFORMATION

353-354. Seminar in Recent German Thought. Cr arr.
355-356. Seminar in Recent British Thought. Cr arr.

Physical Education and Athletics

1. Personal Hygiene and Emergencies. 3 cr. (Men)

2. Public and School Hygiene. 3 cr. (Men)

21-22. First Year Gymnastics and Athletics. 1 cr. (Men)
   I. Gymnastics.
   II. Football.
   III. Track.
   IV. Basketball.
   V. Wrestling.
   VI. Boxing.
   VII. Swimming.
   VIII. Fencing.
   IX. Tennis.
   X. Baseball.
   XI. Corrective Gymnastics.
   XII. General Recreation.

23-24. Second Year Gymnastics and Athletics. 1 cr. (Men) All sections same as 21-22 except no section 23 VII.

35. Introduction to Physical Education. 2 cr. (Women)

40. Subfreshman Course in Motor Activities. 0 cr. (Women)

41-42. First Year Motor Activities. 1 cr. (Women)

43-44. Second Year Motor Activities. 1 cr. (Women)

51-52. First Year Physical Education. 1 cr. (Women)

53-54. Second Year Physical Education. 1 cr. (Women)

77. Football. 3 cr. (Men)

78. Basketball and Track. 3 cr. (Men)

80. Football. 2 cr. (Men)

89. Baseball. 1 cr. (Men)

93. Boxing and Wrestling. 1 cr. (Men)

96. Swimming. 1 cr. (Men)

103. Playground and Recreation. 3 cr. (Women)

104. Laboratory Course in Play and Recreation. 1 to 3 cr. (Women)

105. Kinesiology and Applied Anatomy. 3 cr. (Men and Women)

106. Remedial Gymnastics and Physical Examination. 3 cr. (Men and Women)

108. Methods of Teaching Physical Education (Education 121). 2 cr. (Men)

109. Student Teaching in General Physical Education, Athletic Sports, and Playground Activities. 1 to 4 cr. (Men)

109. Student Teaching (Education 123). 1 to 4 cr. (Women)

110. Playgrounds. 3 cr. (Men)

111. History and Literature of Physical Education and Athletics. 2 cr. (Men)

112. Organization and Administration of Physical and Health Education for Women. 3 cr. (Women)

113. Physiology of Bodily Exercise. 2 cr. (Men and Women)

115. Physical Diagnosis. 2 cr. (Men)

117. Methods in Physical Education Activities (Education 121a). 2 cr. (Women)

118. Technique of Teaching Sports. 2 cr. (Women)

119. Thesis and Measurements in Physical Education. 2 cr. (Women)

123. Theory of Individual Gymnastics. 3 cr. (Women)

125-126. Advanced Heavy Gymnastics. 1 cr. (Men)

131-132. Advanced Floor Gymnastics. 1 cr. (Men)

142. Methods in Rhythmetrical Activities (Education 121b). 3 cr. (Women)

155-156. Sports, Swimming, Dancing. 1 cr. (Women)

163-164. Third Year Motor Activities. 0 cr. (Women)

165-166. Fourth Year Motor Activities. 0 cr. (Women)

173. History and Principles of Physical Education. 3 cr. (Women)

181. Experimental Physical Education. 2 cr. (Men)

182. Problems in Physical Education. 2 cr. (Men)

188. Organization and Administration of Physical Education and Athletics. 3 cr. (Men)

Physics

A-B. Elementary Physics. 3 cr.

1-2. Elementary General Physics (Agricultural Engineering 31, 32). 5 cr.

3-4. General Physics. 5 cr.

11-12. General Physics. 4 cr.

24. Electrical Problems. 2 cr.

34. Physics for Home Economics Students. 3 cr.

108. X-Rays. 3 cr.

190. Honors Course. 1 to 4 cr.

201s. Modern Physics. 3 cr.

211. Analytical Mechanics. 3 cr.

212. Discharge of Electricity in Gases and Radioactivity. 4 cr.

213. Electricity and Magnetism. 4 cr.

214. Light. 4 or 5 cr.

216. Alternating Currents and Electrical Oscillations. 4 cr.

307. Thermodynamics. 3 cr.

321-322. Introduction to Theoretical Phys-
331–332. Classical Theoretical Physics. 3 cr.
341–342. Quantum Mechanics. 3 cr.
391–392. Research. 2 to 6 cr.

**Physiology and Pharmacology**

10 [10x]. Healthful Living. 2 or 3 cr.
101 [101x]. General Animal and Human Physiology. 3 cr.
102 [102x]. General Animal and Human Physiology. 3 cr.
[108x]. Physiological Problems of the School. 1 cr.
110. Sex Education. 2 or 3 cr.
118. Dental Pharmacology. 2 er.
121–122. Dental Medicine. 2 cr.
151. General Animal and Human Physiology. 3 cr.
153. Technique—Microscopic and Physiological. 3 cr.
156. Technique—Physiological. 3 cr.
160 [160x]. Principles of Nursing. 2 cr.
170. First Aid. 2 or 3 cr.
174. Therapeutics. 3 cr.
191–192. Bachelor’s Thesis in Physiology, Pharmacology, or Public Health. 1 to 10 cr.
213–214. General Pharmacology. 3 cr.
232. Bioassay. 3 to 5 cr.
234. Special Methods in Pharmacology. 3 cr.
235. Comparative Physiology of the Blood and Circulatory System. 2 cr.
236. Vitamins. 2 cr.
237. Cellular Physiology. 3 cr.
301. Physiological Problems. 2 to 3 cr.
302. Experimental Pharmacology. 3 to 5 cr.
304. Hormones. 2 to 3 cr.
321. Research in Physiology or Pharmacology. Cr arr.

**Political Science**

1 [1x]. American National Government and Politics. 3 cr.
2 [2x]. Foreign Governments and Politics. 3 cr.
4. American State and Local Government. 3 cr.
101. Municipal Government and Administration. 3 cr.
103. Principles of Political Science. 3 cr.
106. Political Parties. 3 cr.
108. International Relations. 3 cr.
110. American Diplomacy. 3 cr.
126. Public Opinion in a Democracy. 3 cr.
134. Legislative Process. 3 cr.
150. Modern Legislation in the United States. 3 cr.
151. Introduction to Public Administration. 3 cr.
153. American Political Thought. 2 or 3 cr.
159. Far Eastern Politics. 3 cr.
199. Special Problems. 1 to 4 cr.
211. British Government. 2 cr.
212. Contemporary European Politics. 2 cr.
222. Government Control of Business. 3 cr.
223. Public Personnel Management. 3 cr.
231. International Law. 3 cr.
232. War and Neutrality. 2 cr.
236. Rural Government. 2 or 3 cr.
241. Administrative Law. 3 cr.
251–252. American Constitutional Law. 3 cr.
256. International Government. 3 cr.
275. Jurisprudence. 2 or 3 cr.
276. Administration of Justice. 2 cr.
280. Development of Political Thought. 2 or 3 cr.
282. Recent Political Theory. 2 or 3 cr.
310. Seminar in International Relations. Cr arr.
311–312. Thesis Course. 6 to 10 cr.

**Poultry Husbandry**

1. Poultry Management. 2 cr.
2. Incubation and Brooding. 2 or 4 cr.
3. Poultry Judging and Breeding. 2 or 4 cr.
4. Market Poultry and Market Eggs. 2 cr.
107. Advanced Poultry Management. 3 cr.
205. Poultry Problems. 1 to 10 cr.
206s. Poultry Projects. 2 cr.
323. Thesis. 6 to 10 cr.

**Practical Arts**

41. Elementary Woodwork. 3 cr.
42. Wood Technology. 3 cr.
43. Machine Woodworking. 3 cr.
44. Furniture Design. 3 cr.
50. Wood Turning. 1 to 3 cr.
60s. Shop Drawing. 3 cr.
153. Upholstery and Weaving. 3 cr.
154. General Shop. 3 cr.

**Psychology**

70 [70x]. Elementary Psychology. 3 cr.
80. Fields of Psychology. 3 cr.
81. Personnel Testing. 3 cr.
[85x]. Problems of Personality. 2 cr.
181. The Psychology of Business, Industry, and the Professions. 3 cr.
[184x]. The Psychology of the Professions. 3 cr.
187. The Psychology of Personality. 3 cr.
188. The Psychology of Social Behavior. 3 cr.
190. Experimental Psychology. 3 cr.
140

GENERAl INFORMATION

199. Honors Course. 1 to 4 cr.
261-262. Advanced General Psychology. 3 cr.
280. Abnormal Psychology. 3 cr.
286. Clinical Psychology. 3 cr.
290. Advanced Experimental Psychology. 3 cr.
291-292. Psychometric Methods. 3 cr.
293. Comparative Psychology. 2 or 3 cr.
294. Genetic Psychology. 2 or 3 cr.
299. Minor Studies. 2 or 3 cr.
361. History of Psychology. 2 or 3 cr.
362. Points of View in Psychology. 3 cr.

Social Science
1-2. Contemporary Institutions. 3 cr.

Social Work
215. The Field of Social Work. 2 cr.
225. Introduction to Child Welfare (Sociology 225). 2 cr.
244. Immigration (Sociology 244). 2 or 3 cr.
252. Legal Information. 2 cr.
261. Public Welfare Organization. 2 cr.
281. The Eligibility Interview. 2 cr.
291. Field Practice in Eligibility Interviewing. 1 or 2 cr.
311. Case Work I. 3 cr.
312. Case Work II. 3 cr.
313. Case Work III. 3 cr.
314. Case Work IV. 2 cr.
322. Medical Information. 3 cr.
323. Medical Social Case Work. 2 cr.
325-326. Psychodynamics of Human Behavior. 2 cr.
332. Case Work in Relation to Children. 2 cr.
341. Field Work I. 3 cr.
342. Field Work II. 3 cr.
343. Field Work III. 3 cr.
344. Field Work IV. 3 cr.
347-348. Field Work in Medical Social Case Work. 3 cr.
350-351. Social Work and the War Experience. 2 cr.
353. Delinquency and Its Treatment. 3 cr.
361. Public Welfare Policy. 2 cr.
362. Public Welfare Administration. 3 cr.
363. History of Public Assistance. 2 cr.
364. Social Legislation. 2 cr.
365. The State and the Child. 2 cr.
375. Community Planning and Organization. 2 cr.
377. Orientation Course in Group Work. 2 or 3 cr.
378. Organization and Leadership of Groups. 2 or 3 cr.
379-380. Field Work (Group Work). 3 cr.
381-382. Advanced Social Research. 2 or 3 cr.
387-388. Thesis Research. 6 to 10 cr.
391-392. Seminar in Case Work. 2 cr.
393-394. Seminar in Public Welfare. 2 or 3 cr.
395. Seminar in Group Work. 2 or 3 cr.
397. Social Work in the Rural Setting. 2 cr.

Sociology and Anthropology
53-54 [53x-54x]. Principles of Sociology. 3 cr.
73-74. General Anthropology. 3 cr.
101. Social Aspects of the Peace. 2 or 3 cr.
102. Social Aspects of the War in the United States. 2 or 3 cr.
107. The Community. 3 cr.
109 [109x]. Delinquency and Crime. 2 cr.
112. Social Aspects of Literature. 3 cr.
114. Current Social Movements. 3 cr.
125. The Family. 3 cr.
142. Urban Sociology. 2 cr.
150. Population Trends and Problems. 3 cr.
170. Field and Museum Technique in Anthropology. 1 to 10 cr.
173–174. Introduction to Physical Anthropology. 3 cr.
175. Native Peoples of the Americas. 2 or 3 cr.
176. Native Peoples of Europe, Asia, and Africa. 2 or 3 cr.
178. Social Change, Planning and Progress. 3 cr.
179. Field and Museum Technique in Anthropology. 1 to 10 cr.
173–174. Introduction to Physical Anthropology. 3 cr.
175. Native Peoples of the Americas. 2 or 3 cr.
176. Native Peoples of Europe, Asia, and Africa. 2 or 3 cr.
199. Advanced Readings. 1 to 4 cr.
209. Control and Treatment of Criminals. 2 cr.
217. Ethnic Groups in America. 2 or 3 cr.
218. Social Change, Planning and Progress. 3 cr.
241. Social Psychology. 3 cr.
242. Personality and Social Adjustment. 3 cr.
243. Immigration (Social Work 243). 2 or 3 cr.
250. Social Institutions and Social Control. 3 cr.
261–262. Social Research. 2 or 3 cr.
275. Prehistory of the Great Plains. 2 or 3 cr.
276. Indians of the Great Plains. 2 or 3 cr.
279. History of the Indians of the Americas. 3 cr.
280 (278). History of the Indians of the Americas. 3 cr.
285–286. History of Social Thought. 2 or 3 cr.
327–328. Sociological Theory and Methods. 3 cr.
331–332. Research in Anthropology. 1 to 5 cr.
333. Seminar in Geography and Anthropology (Geography 333). 2 or 3 cr.
341–342. Research in the Fields of Social Theory. 1 to 5 cr.
351–352. Research in Social Psychology. 1 to 5 cr.
361–362. Research in Applied Sociology. 1 to 5 cr.
391–392. Thesis Research. 1 to 6 cr.

Speech and Dramatic Art
9–10. Fundamentals of Speech. 2 or 3 cr.
13–14. Stagecraft. 2 cr.
55–56. Interpretative Reading. 2 cr.
65. Theatrical Make-up. 1 cr.
66. Stage Costuming (Art 66). 2 cr.
75–76. Radio Announcing and Broadcasting. 2 cr.
101–102. Acting, Rehearsal and Performance. 3 cr.
103. Play Production. 2 cr.
104. Advanced Play Production. 2 cr.
109–110. Public Speaking. 2 cr.
111. Business and Professional Speaking. 2 or 3 cr.
112. Forensic and Deliberative Speaking. 2 cr.
113. Speech Education. 2 or 3 cr.
115. Stage Lighting. 2 cr.
116. Scene Design. 2 cr.
123–124. Discussion and Debate. 2 or 3 cr.
127–128. Radio Program Production. 3 cr.
135. History of the Theater. 2 cr.
136. The American Theater. 2 cr.
151. Speech Development and Correction (Elementary Education 101). 2 or 3 cr.
191–192. Advanced Radio Production. 2 or 3 cr.
196. Argumentation and Debate Seminar. 1 or 2 cr.
199. Honors Course. 1 to 4 cr.
211. History of Public Speaking. 3 cr.
212. British and American Oratory. 3 cr.
265. Speech Pathology. 3 cr.
266. Speech Phonetics and Lip Reading for Clinicians. 3 cr.

Vocational Education
1 [1x]. The Education of Rural People. 2 cr.
102. Principles of Agricultural Teaching. 3 cr.
103. Teaching Vocational Agriculture. 3 cr.
104. Philosophy and History of Vocational Education. 2 cr.
105. Supervised Teaching in Agriculture. 1 to 3 cr.
107–108. Agricultural Skills. 1 cr.
110. Organization and Administration of Homemaking Education. 2 cr.
111. Teaching Homemaking. 3 cr.
112. Teaching Problems of Hospital Dietitians. 2 cr.
113. Supervised Teaching in Homemaking. 3 or 4 cr.
116. Teaching Subjects Related to Home Economics. 2 cr.
137. Agricultural Extension Methods. 2 cr.
205. Advanced Problems in the Teaching of Vocational Agriculture. 2 cr.
206. Rural Community Educational Activities. 2 cr.
207. The Project Method in Agricultural Education. 2 cr.
208. Organization Problems in Teaching Farm Mechanics. 2 cr.
214. Teaching Child Development and Social and Family Relationships. 2 or 3 cr.
215. Teaching Home Management. 2 or 3 cr.
217. Problems in Vocational Education. 2 to 5 cr.
218s. Problems in Teaching Clothing and Foods. 2 or 3 cr.
219. Adult Homemaking Education in the Community Program. 1 to 4 cr.
301. Supervision in Agriculture. 3 cr.
302. Research in Vocational Education. 1 to 3 cr.
304. Seminar in Agricultural Education. 1 to 6 cr.
311. Seminar in Home Economics Education. 1 to 6 cr.

THE UNIVERSITY OF NEBRASKA

Junior Division
Registers and counsels all freshmen and supervises terminal curricula. Conducts the University orientation course and a special testing program for guidance purposes.

College of Agriculture
Leading to the degrees of Bachelor of Science in Agriculture and Bachelor of Science in Home Economics and to vocational education certificate.
Supervises Nebraska School of Agriculture at Curtis; Experiment Substations at North Platte, Scottsbluff, and Valentine; Nebraska Agricultural Experiment Station and Agricultural Extension Service, Lincoln; fruit farm, Union; agronomy farm, Havelock; Box Butte Experiment Farm, Alliance.

Colleges of Arts and Sciences
Leading to the degrees of Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Science.

School of Fine Arts
Leading to the degrees of Bachelor of Fine Arts, Bachelor of Music, Bachelor of Fine Arts in Education, Bachelor of Music in Education, Master of Music.

School of Journalism
Leading to the degrees of Bachelor of Arts, Bachelor of Science in Agriculture, and to certificate in journalism.

College of Business Administration
Leading to the degree of Bachelor of Science in Business Administration.

College of Dentistry
Leading to the degrees of Doctor of Dental Surgery and Bachelor of Science in Dentistry.

College of Engineering
Leading to the degrees of Bachelor of the Art of Architecture, Bachelor of Science in Agricultural Engineering, Bachelor of Science in Architectural Engineering, Bachelor of Science in Chemical Engineering, Bachelor of Science in Civil Engineering, Bachelor of Science in Commercial Engineering, Bachelor of Science in Electrical Engineering, Bachelor of Science in Mechanical Engineering.
Supervises Nebraska Engineering Experiment Station, Lincoln.

Graduate College
Leading to the degrees of Doctor of Philosophy, Master of Arts, Master of Architecture, Master of Education, Master of Music, Master of Science, Master of Social Work, Master of Science in Agricultural Engineering, Master of Science in Architectural Engineering, Master of Science in Civil Engineering, Master of Science in Electrical Engineering, Master of Science in Mechanical Engineering, Agricultural Engineer, Chemical Engineer, Civil Engineer, Electrical Engineer, Mechanical Engineer.

Graduate School of Social Work
Leading to the degree of Master of Science in Social Work, and to certificate in social work.

College of Law
Leading to the degree of Bachelor of Laws.

College of Medicine
Leading to the degrees of Doctor of Medicine, Bachelor of Science in Medicine, Bachelor of Science in Nursing, and Graduate Nurse.

School of Nursing
Leading to the degrees of Bachelor of Science in Nursing and Graduate Nurse.

College of Pharmacy
Leading to the degree of Bachelor of Science in Pharmacy.

Teachers College
Leading to the degrees of Bachelor of Science in Education, Bachelor of Arts in Education, Bachelor of Fine Arts in Education, Bachelor of Music in Education. Supervises Teachers College High School, Lincoln.

Summer School
Conservation and Survey Division
University Extension Division

Separate bulletins or information concerning any college, school, or division may be obtained free by addressing the Director of Admissions, University of Nebraska, Lincoln 8.
