Dear Biomedcentral,

I am a graduate student in University of Nebraska Medical Center, I am writing my thesis, and want to cite a figure in the paper "Macrophages and their relevance in Human Immunodeficiency Virus Type I infection" by Herwig Koppensteiner, Ruth Brack-Werner and Michael Schindler. It is published on the Retrovirology journal. I wonder is I can get a permission from you since our university requires students to upload proof of the cited publisher’s permission when submitting the dissertation.

Thanks!!
