1. NPG warrants that it has, to the best of its knowledge, the rights to license reuse of this material. NB: In all cases, web-based use of full-text articles must be authorized separately through the ‘Use on a Web Site’ option when requesting permission.

3. Permission granted for a first edition does not apply to second and subsequent editions and for editions in other languages (except for signatories to the STM Permissions Guidelines, or where the first edition permission was granted for free).

4. Nature Publishing Group’s permission must be acknowledged next to the figure, table or abstract in print. In electronic form, this acknowledgement must be visible at the same time as the figure/table/abstract, and must be hyperlinked to the journal’s homepage.
