Daddy Goggles

Mason J. Rohr¹

Department of Pediatrics, University of Nebraska Medical Center, Omaha, NE, USA

My dad is a pediatrician***

"Lucky you!" I've heard them say.

Little do they know, I think it's silly 'cause

He has on "daddy goggles" every single day.

I cried out in hunger for several days

My skin was starting to tent.

But we waited it out and to his dismay

I was down nearly 14%!

And being the genius that my dad is,

He missed that my left arm didn't move.

He was probably lost in my starry little eyes,

Cause my clavicle was anything but smooth.

He would hold down my foot,

Just so they could poke my heel!

And afterwards they put me under lights

So I had to obviously squeal.

My "bili" got better, but my butt did not,

My bum was all sore and red.

You don't have to wipe at every little thing, dad

I got that through his big ol' head.

I've been doing much better now!

We love reading lots of books in the nursery.

And in the end, I will get the last laugh

'Cause I was born on my parent's anniversary.

Ultimately, I know daddy didn't mean it

Our days are filled with love and fun.

I know that he is "Dr. Rohr" to many

But he is only "daddy" to one.
