To: Sapkota, Muna

Dear Muna,

Thanks for your email. As MDPI is publishing in Open Access model, you are free to add the paper as a chapter in your thesis.

Best,  
Jely

Hi

I am writing my PhD dissertation thesis right now and I would like to include my review article title "Alcohol, Aldehydes, Adducts and Airways" published in this journal as one of the chapter in my thesis.

To do this, my university requires a permission document from the journal to include published materials in my dissertation. I would appreciate any information regarding the process for obtaining such permission.

Thanks  
Muna
