Dear Dr Agirgol,

Thank you for your query.

All our journals are open access (<http://about.hindawi.com/authors/open-access/> [about.hindawi.com]). All articles are published under the Creative Commons Attribution License (<https://creativecommons.org/licenses/by/4.0/> [creativecommons.org]), which permits unrestricted use, distribution, and reproduction in any medium, provided the original work is properly cited.

You are free to reuse the figures with proper citation and attribution of the Hindawi article, unless the figures are indicated to be from previous copyrighted work. In that case, you should seek permission from the copyright holder of the original publication that included the figures.

You can see how to cite the article at: <https://www.hindawi.com/journals/tswj/2014/428250/> [hindawi.com] and <https://www.hindawi.com/journals/bmri/2014/638238/> [hindawi.com]

Please let me know if you have any further questions.

Best regards,
Ramya

Dear All,

I am a 3rd orthodontic resident at University of Nebraska Medical Center College of Dentistry, Nebraska, USA. I will be graduating in December, 2021. My graduation thesis is about alignment of cervical vertebrae and its correlation with lateral cephalometric measurements. In my thesis, I want to include 2 figures in 2 different studies that were published by Hindawi. The studies are called "Evaluation of Facial Beauty Using Anthropometric Proportions" by Dr. Milutinovic and "Craniofacial and Cervical Morphology Related to Sagittal Spinal Posture in Children and Adolescents" by Dr. Segatto. Below you can see the figures that I want to include.

I request your written permission for me to include these figures in my thesis.

Please respond at your earliest convenience.

Thanks,

Dr. Ece Agirgol
